cycling had its first competition in France in 1868 Soon afterward the need arose for purpose built cycling tracks because of poor road conditions at the time Racing on blocked off pieces of street or grass soon evolved into racing on special tracks called velodromes This development marked the split into what are still the two main forms of cycling competition road racing and track racing Initially track cycling was more popular in terms of public attention and money to be earned by racers but this gradually changed in favor of road racing which has been the most popular form of cycling since at least the end of World War II The Historical Dictionary of Cycling takes a closer look at the sport as well as discussing the use of bicycles as a means of fitness touring and commuting This is done through a chronology an introductory essay appendixes photos a bibliography and over 500 cross referenced dictionary entries on cycling s two main disciplines road and track as well as brief overviews of the other forms of cycling This book is an excellent access point for students researchers and anyone wanting to know more about cycling

Le Tour Geoffrey Wheatcroft, 2004 When Henri Desgrange began a new bicycle road race in 1903 he saw it as little more than a temporary publicity stunt to promote his newspaper The sixty cyclists who left Paris to ride through the night to Lyons that first July had little idea they were pioneers of the most famous of all bike races which would reach its centenary as one of the greatest sporting events on earth Geoffrey Wheatcroft s masterly history of the Tour de France s first hundred years is not just a hugely entertaining canter through some great Tour stories nor is it merely a homage to the riders whose names Coppi Simpson Merckx Armstrong are synonymous with the event s folly and glory focusing too on the race s role in French cultural life it provides a unique and fascinating insight into Europe s twentieth century

Ventoux Jeremy Whittle, 2017-06-01 They re all scared Everybody s afraid Eddy Merckx Nothing

compares to the Ventoux Lance Armstrong Heart stirring and jaw dropping in equal measure Tim Moore A really excellent book Richard Williams The French call Ventoux the killer mountain and in 1967 it claimed its most famous victim as former world champion Tom Simpson died near the summit during that year s Tour de France The terrible ascent of Ventoux s south side encapsulates both the brutality and beauty of this cruel sport but also highlights cycling s ongoing battle to distance itself from its demons Yet it was the legendary and extreme climb of Mont Ventoux that first inspired award winning author Jeremy Whittle s love of cycling so much so that he bought a house in its shadows Ventoux is his memoir to the Giant of Provence in which he reveals the little known history of the Ventoux and tells the story of a monstrous climb that has driven riders to near hysteria and also to wild extremes of doping It has provided the spectacular backdrop to some of cycling s most titanic contests exposing the true character of those who take on the challenge Through a series of revealing conversations with Lance Armstrong Dave Brailsford Alastair Campbell Nicole Cooke Tyler Hamilton Eddy Merckx Simpson s daughter Joanne and many others Whittle details the poignancy of bitter memories flawed obsessions and ruthless ambition that have made the Ventoux so feared and so infamous A terrific book Matt Dickinson An intense hit A must read Ned Boulting Highly recommend Jeremy Whittle s Ventoux a fascinating and expert insight into the mountain and into the current state of pro racing Peter Cossins

Corsa Rosa Brendan Gallagher, 2017-04-20 The Giro d Italia is the cooler tougher brother of the Tour de France First staged in 1909 and only pausing for two World Wars its hundredth edition takes place in 2017 Inspired by L Auto s improved circulation figures after establishing France s Grand Tour the Gazzetta dello Sport saw an opportunity to outdo its rival paper the Corriere della Sera by organising its own race From its first years the Giro pushed riders to their limits with brutal climbs treacherous road conditions appalling weather and epic distances Time has changed the Giro to a degree but it remains as ferociously testing and as beloved of cycling s romantics as ever All the winners are covered from the first victors Luigi Ganna and Carlo Galetti to the likes of Alfredo Binda Costante Girardengo and Gino Bartali past the legends of Fausto Coppi and Eddy Merckx on to Bernard Hinault Miguel Indurain and Marco Pantani and then right up to today s champions Vincenzo Nibali Nairo Quintana and Alberto Contador The history of the Giro is the history of cycling s superstars The battles for

supremacy the controversies and skulduggery the fame and the glory and the iconic stages all feature In *Corsa Rosa* Gallagher skillfully combines history anecdote and analysis to bring this ultimate test of endurance vividly to life Inside Triathlon ,2001 **American Book Publishing Record** ,2002 **Velo News** ,2003 *The 20th Century* Lorraine Glennon,1999 Large pictorial and textual chronicle of world history throughout the 20th century **The Low Countries** Jozef Deleu,1998 **Tour de France/Tour de Force** James Startt,2000-05 This volume offers a look back at the history of the legendary bicycle race the Tour de France Arranged chronologically and illustrated with hundreds of bandw and color photographs dating back to the Tour s beginning in 1903 it documents the great victories and the harrowing disasters the glory and the agony of this amazing competition From the stories of early cyclists to chapters describing modern tactics and winning moves in recent races Startt photographer and journalist provides a good if abbreviated account of races and riders No index sketchy bibliography Oversize 11x9 25 Annotation copyrighted by Book News Inc Portland OR **Half Man, Half Bike** William Fotheringham,2013-04-01 Eddy Merckx is to cycling what Muhammad Ali is to boxing or Pele to soccer simply the best there has ever been Merckx amassed an astonishing 445 victories Lance Armstrong by comparison managed fewer than 100 Merckx didn t just beat his opponents he crushed them But his triumphs only tell half a story that includes horrific injury a doping controversy and tragedy He was nicknamed the Cannibal for his insatiable appetite for victory but the moniker did scant justice to a man who was handsome sensitive and surprisingly anxious A number one bestseller in the United Kingdom Half Man Half Bike is the definitive story of a man whose fear of failure drove him to the highest pinnacles before ultimately destroying him **Le Fric** Alex Duff,2022-06-09 The fascinating and unknown story of the Tour de France s ever changing relationship with money and power and the enigmatic family behind it all It started with a cash drop by an English spy in occupied Paris in 1944 Reserved for Resistance groups during the war the money reached milien Amaury an advertising executive who was tasked to help France return to a free press once liberated He soon launched a newspaper empire that unbeknown to him would own the rights to run what would become one of the greatest sporting events in history Le Tour once a struggling commercial phenomenon began to rise in popularity across much of western Europe in the glum years after the Second World War lifting the mood of the hungry and despondent French But with the increased interest in the event exacerbated by the creation of television and the internet came several cultural threats to national heritage Multiple attempts to wrest power and profits from the latest generation of the Amaury family who still own the race and take tens of millions of euros home in dividends have followed but not without a fight Fast paced and fastidiously researched Le Fric illustrates how moments off the bike at the Tour de France are every bit as gripping as the battle for the yellow jersey International Review for the Sociology of Sport ,1999 *Legendy světové cyklistiky* Michal Hruška,2024-01-01 Coppi Anquetil Merckx Indurain Pantani a dal co jm no to pojem Tato kniha v s jedine n m zp sobem provede osobn mi i sportovn mi p b hy nejv t ch cyklist od v t z Tour de France a Gira po osobnosti kter sv m jezdeck m stylem a odvahou zm nily tv cel ho
