*Nuclear Fictions* Michael Gardiner, 2024-11-30 In this book Michael Gardiner suggests that the conception of the war ending weapon was tied up with a longer commitment to unified space and singular progress The mission for total weapons can be seen rising with the highly technical defensive war of the later nineteenth century and passing through twentieth century atomic research then the targeting of the outskirts of commercial empire and the post war consensus with deterrence as its foundation The end of the Cold War brought an opportunity to fully naturalise deterrence but also brought a

tacit acceptance of nuclear violence while forms of violence against the individual were rigorously sought out If the world unifying role of deterrence has always been undermined by the rise of rival empires it has also been questioned by critical communities including the consensus sceptics of the 1950s 60s 1980s 90s Nuclear Criticism and readers of nuclear ism millennial campaigns for Scottish independence and twenty first century descriptions of nuclear colonialism Recently it has become more obvious that an Anglosphere concept of worldly deterrence was bound to a singular and ultimately nihilistic idea of progress bio Michael Gardiner is Professor in the Department of English and Comparative Literature at the University of Warwick

*The End of Wisdom* Martin A. Shields,2006-06-30 Through the ages the book of Ecclesiastes Qoheleth has elicited a wide variety of interpretations Its status as wisdom literature is secure but its meaning for the religion of the Hebrew Bible and its heirs has been a matter of much debate The debate has swung from claiming orthodoxy for the book to arguing that the message intended by its author is heterodox in its entirety There are a number of passages in the book that present difficulties for any comprehensive approach to the work Martin Shields here fully acknowledges the heterodox nature of Qoheleth s words but offers an orthodox reading of the book as a whole through the eyes of the author of the epilogue After a survey of attitudes regarding wisdom in the Hebrew Bible itself which serves as an orientation to the monograph as a whole

Shields provides a detailed study of the epilogue Qoh 12 9 14 which he believes is the key to the reading of the remainder of the book He then addresses various problematic texts in the book in light of this perspective arguing that the book could originally have functioned as a warning to students against joining a wisdom movement that existed at the time of the book's composition Qoheleth is presented as a true adherent of this movement and the divergence of his words from the theism presented in the rest of the Hebrew Bible becomes the basis of the epilogue's critique Finally Shields proposes a historical context in which just this scenario may have arisen showing that the desire of the writer of the epilogue is to correct a wayward wisdom tradition
