Editing Modernity Dean

Irvine, 2008-03-15 The period between 1916 and 1956 was a unique interval in the history of Canadian publishing During this period not only were a significant number of non commercial literary arts and cultural magazines established but it also happened that an unprecedented number of those involved in the creation and subsequent editing of this new type of magazine the little magazine were women Based on extensive new archival and literary historical research *Editing Modernity* examines these Canadian women writers and editors and their role in the production and dissemination of modernist and leftist little magazines At once a history of literary women and of the emergent formations and conditions of cultural modernity in Canada Irvine s study relates women s editorial work and poetry to a series of crises and transitions in modernist and leftist magazine communities to the public hearings and published findings of the Massey Commission of 1949 51 and to the later development of feminist literary magazines and editorial collectives during the 1970s and 1980s Writers and editors examined in this study include Dorothy Livesay Anne Marriott Floris McLaren P K Page Miriam Waddington Flora Macdonald Denison Florence Custance Catherine Harmon Aileen Collins and Margaret Fairley

Editing Across Media

Ross F. Collins, 2013-02-05 Requirements for professional media editing have undergone enormous technological change Editors still edit copy But today they do much more Mass media editors must demonstrate skills from computerized pagination to social media monitoring from image manipulation to Search Engine Optimization The need for editing skills is reaching far beyond traditional journalism and into all areas of mass media from newspapers to strategic communication Public relations practitioners are expected to edit Even advertising creative professionals must edit And journalists taking on new roles as social media editors need to understand editing at the speed of digital media This textbook aims to prepare

university level students for these expanded editing roles in an age of convergence Thirteen authors representing many years of collective media experience examine both traditional editing roles and new editing needs While many mass media students will not become professional editors this textbook assumes nearly all will need competent editing knowledge to produce products of professional quality Editing the authors believe remains a bedrock skill for all students who hope to be successful in the mass media Instructors considering this book for use in a course may request an examination copy here **The Layers of Magazine Editing** Michael Robert Evans,2004 Unlike the myriad writing manuals that emphasize grammar sentence structure and other skills necessary for entry level editing jobs this engaging book adopts a broader view beginning with the larger topics of audience mission and tone and working its way down layer by layer to the smaller questions of grammar and punctuation Based on Michael Evans s years of experience as an editor and supplemented by invaluable observations from the editors of more than sixty magazines including The Atlantic Better Homes and Gardens Ebony Esquire and National Geographic this book reveals the people oriented nature of the job Women Editing Modernism Jayne Marek,2014-07-11 For many years young writers experimenting with forms and aesthetics in the early decades of this century small journals known collectively as little magazines were the key to recognition Joyce Stein Eliot Pound Hemingway and scores of other iconoclastic writers now considered central to modernism received little encouragement from the established publishers It was the avant garde magazines many of them headed by women that fostered new talent and found a readership for it Jayne Marek examines the work of seven women editors Harriet Monroe Alice Corbin Henderson Margaret Anderson Jane Heap H D Bryher Winifred Ellerman and Marianne Moore whose varied activities often behind the scenes and in collaboration with other women contributed substantially to the development of modernist literature Through such publications as Poetry The Little Review The Dial and Close Up these women had a profound influence that has been largely overlooked by literary historians Marek devotes a chapter as well to the interactions of these editors with Ezra Pound who depended upon but also derided their literary tastes and accomplishments Pound s opinions have had lasting influence in shaping critical responses to women editors of the early twentieth century In the current reevaluation of modernism this important book long overdue offers an indispensable introduction to the formative influence of women editors both individually and in their collaborative efforts **The Writer's Digest** ,1924 **Van Nostrand's Engineering Magazine** ,1883 **Van Nostrand's Eclectic Engineering Magazine** ,1883 Newspaper Editing - A Manual For Editors, Copyreaders And Students Of Newspaper Desk Work Grant Milnor Hyde,2021-01-08 Much has happened in the newspaper profession and in the schools of journalism since this book was first published ten years ago The newspapers have covered a World War and war periods have always brought the greatest changes in American newspapers have wrestled with doubled costs of production reduced staffs much merging curtailed income and are now deep in the perplexities of reconstruction Meanwhile schools and courses in journalism have greatly increased in number enrolment and branches of instruction When

the book was presented in 1915 it was the first textbook entirely devoted to the problems and technique of newspaper desk work It has therefore been widely used in classes in copyreading headline writing and make up as well as in newspaper offices Its contents have been put to a severe test and some have been found wanting The author himself in using it year after year in class filled many page margins with suggestions for improvement Hence in preparation for its tenth anniversary it is well that the book should receive a thorough overhauling to bring it up to date to put in some things omitted before to make it more usable and teachable Its general structure has not been changed Most of the alterations are in the chapters on copyreading headline writing make up and type but many additions have been made in other chapters Class exercises have now been added to each chapter to present in brief much of the technique of teaching as it has developed in the larger schools They are intended to be suggestive not only to the teacher but to independent students and young newspaper workers A bibliography has been added to suggest further reading In the schools of journalism the methods of teaching copyreading have developed during the period since first publication probably more than any other branch and have been somewhat standardized

The Living Church ,1958 **The Little Magazine Others and the Renovation of Modern American Poetry** Suzanne Wintch Churchill,2006 Others an important and neglected little magazine finally receives the attention it deserves in Churchill s superbly crafted study In Churchill s discussions of Mina Loy Marianne Moore and William Carlos Williams among others Others serves as a framework for reassessing the scope and significance of modernist formalism This book is an important contribution to the fields of American poetry and poetics gender studies queer theory and cultural studies

Ian Morris, Joanne Diaz, 2015-04-09 Little magazines have often showcased the best new writing in America Historically these idiosyncratic small circulation outlets have served the dual functions of representing the avant garde of literary expression while also helping many emerging writers become established authors Although changing technology and the increasingly harsh financial realities of publishing over the past three decades would seem to have pushed little magazines to the brink of extinction their story is far more complicated In this collection Ian Morris and Joanne Diaz gather the reflections of twenty three prominent editors whose little magazines have flourished over the past thirty five years Highlighting the creativity and innovation driving this diverse and still vital medium contributors offer insights into

how their publications sometimes succeeded sometimes reluctantly folded but mostly how they evolved and persevered Other topics discussed include the role of little magazines in promoting the work and concerns of minority and women writers the place of universities in supporting and shaping little magazines and the online and offline future of these publications Selected contributors Betsy Sussler BOMB Lee Gutkind Creative Nonfiction Bruce Andrews L A N G U A G E Dave Eggers McSweeney s Keith Gessen n 1 Don Share Poetry Jane Friedman VQR Amy Hoffman Women s Review of Books and more

Embracing the Melody of Expression: An Psychological Symphony within **Editing The Small Magazine**

In some sort of taken by displays and the ceaseless chatter of instantaneous communication, the melodic elegance and mental symphony produced by the published term usually disappear into the back ground, eclipsed by the persistent noise and disruptions that permeate our lives. Nevertheless, located within the pages of **Editing The Small Magazine** a marvelous fictional value overflowing with fresh emotions, lies an immersive symphony waiting to be embraced. Crafted by a wonderful musician of language, that interesting masterpiece conducts viewers on a mental trip, skillfully unraveling the hidden tunes and profound influence resonating within each cautiously constructed phrase. Within the depths of the poignant assessment, we will discover the book is main harmonies, analyze its enthralling publishing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
