Edward Carpenter 1844 1929 Prophet Of Human Fellowship:

Edward Carpenter 1844-1929 Chushichi Tsuzuki, 2005-09-15 This is the first full scale biography of Edward Carpenter an eminent Victorian who played an intriguing role in the revival of Socialism in Britain in the late nineteenth century A worthy heir of Carlyle and Ruskin as Tolstoy called him Carpenter tackled boldly the problems of alienation under the pressures of commercial civilisation and developed a strongly personalised brand of Socialism which inspired both the Labour Party and its enemies Syndicalism and Anarchism A homosexual he grappled with the problems of sexual alienation above all and emerged as the foremost advocate of the homosexual cause at a time when it was a social taboo This study based upon letters and many other personal documents reveals much of Carpenter s personal life which has hitherto remained obscure including his comradeship with some of his working men friends and his influence upon such notable literary figures as Siegfried Sassoon E M Forster and D H Lawrence

Anarchist Seeds beneath the Snow David Goodway, 2011-12-12 From William Morris to Oscar Wilde to George Orwell left libertarian thought has long been an important but neglected part of British cultural and political history In *Anarchist Seeds beneath the Snow* David Goodway seeks to recover and revitalize that indigenous anarchist tradition This book succeeds as simultaneously a cultural history of left libertarian thought in Britain and a demonstration of the applicability of that history to current politics Goodway argues that a recovered anarchist tradition could and should be a touchstone for contemporary political radicals Moving seamlessly from Aldous Huxley and Colin Ward to the war in Iraq this challenging volume will energize leftist movements throughout the world

Modernism and British Socialism Thomas Linehan, 2012-08-06 Thomas Linehan offers a fresh perspective on late Victorian and Edwardian socialism by examining the socialist revival of these years from the standpoint of modernism In so doing he explores the modernist mission as extending beyond the concerns of the literary and artistic avant garde to incorporate political and social movements

Nature Peter Coates, 2013-04-25 Nature is a deceptively simple and ahistorical term suggesting intrinsic unchanging reality Yet nature has a history too both in terms of human attitudes and human impacts Coates outlines the major understandings of nature in the western world since classical times from nature as higher authority to its more recent meaning of threatened physical space and life forms Unlike many others this book places the history of attitudes to nature within the story of human induced changes in the material environment And few others take a supranational perspective or cross the divides between historical eras A distinctive unifying theme is Coates's interest in how green writers over the last thirty years have interpreted our past dealings with nature specifically their efforts to diagnose the roots of contemporary ecological problems and their search for ancestors He concludes with a discussion of the future of nature in the context of developments such as the new ecology global warming advances in genetic engineering and research on animal behaviour Assuming no previous knowledge Nature provides the reader with an accessible synthesis and introduction to some of environmental history's central features and debates confirming its status as one of the most enthralling current pursuits within historical studies This will be essential reading for second year undergraduates and above in cultural history and environmental history as well as to the general reader interested in environmental issues

Grant Allen Terence Rodgers,2017-03-02 A strikingly interdisciplinary figure in Victorian literary history Grant Allen 1848 1899 has thus far managed to elude the focused scrutiny of contemporary scholarship This collection offers a valuable analytical and bibliographical resource for the exploration of the man and his work Grant Allen was a prolific novelist essayist and man of letters who is best remembered today for his *The Woman Who Did* 1895 which gained fame and notoriety almost overnight through its exploration of female independence and sexuality outside marriage precipitating rabid denunciations of the new woman Allen engaged with a span of literary and cultural concerns in the late Victorian period that extended beyond gender politics however equally important was his sustained intervention in debates about Darwinism Spencerism and

evolution on which subjects he was recognized as an authority and as the foremost popularizer alongside T H Huxley and Benjamin Kidd Not only did Allen s work link the literary and the scientific it traversed the boundaries between elite and popular culture demonstrating their interconnectedness This was notable in his travel and environmental writings and in his experiments in orientalist and detective fiction fantasy and science fiction The contributors to this collection approach the figure of Allen from diverse fields within Victorian studies showing him to be a late Victorian innovator but also an example of fin de si cle modernity Grant Allen Literature and Cultural Politics at the Fin de Si cle revisits the richly variegated profile of one of the most intriguing and significant polymaths of the turn of the century recognizing his contribution to and influence on the key modernizing debates of the period [The Seduction of the Mediterranean](#) Robert Aldrich,2002-09-11 Through an explanation of forty figures in European culture The Seduction of the Mediterranean argues that the Mediterranean classical and contemporary was the central theme in homoerotic writing and art from the 1750s to the 1950s Episodes of exile murder drug taking wild homosexual orgies and court cases are woven into an original study of a significant theme in European culture The myth of a homoerotic Mediterranean made a major contribution to general attitudes towards Antiquity the Renaissance and modern Italy and Greece *Fatal Glamour* Paul Delany,2015-04-01 Rupert Brooke b 1887 died on April 23 1915 two days before the start of the Battle of Gallipoli and three weeks after his poem The Soldier was read from the pulpit of St Paul s Cathedral on Easter Sunday Thus began the myth of a man whose poetry crystallizes the sentiments that drove so many to enlist and assured those who remained in England that their beloved sons had been absolved of their sins and made perfect by going to war In Fatal Glamour Paul Delany details the person behind the myth to show that Brooke was a conflicted but magnetic figure Strikingly beautiful and able to fascinate almost everyone who saw him from Winston Churchill to Henry James Brooke was sexually ambivalent and emotionally erratic He had a series of turbulent affairs with women but also a hidden gay life He was attracted by the Fabian Society s socialist idealism and Neo Pagan innocence but could be by turns nasty misogynistic and anti Semitic Brooke s emotional troubles were acutely personal and also acutely typical of Edwardian young men formed by the public school system Delany finds a thread of consistency in the character of someone who was so well able to move others but so unable to know or to accept himself A revealing biography of a singular personality Fatal Glamour also uses Brooke s life to shed light on why the First World War began and how it unfolded
