Jesus Evidence for the Old Testament Evidence for Truth Also included you'll find An introduction about the biblical mandate to defend one's faith and why our faith is built on facts A prologue describing why we live in a theistic universe A closing response to the specific challenges of atheist New Testament scholar Bart Ehrman Two reflections How to Know God Personally and He Changed My Life Serving as a go-to reference for even the toughest questions Evidence that Demands a Verdict continues to encourage and strengthen millions by providing Christians the answers they need to defend their faith against the harshest critics and skeptics Here's a treasure trove of apologetic gems This is an indispensable book that all Christians should keep within reach Lee Strobel bestselling author of The Case for Christ Answers to Life Robert Foster Russell, 2004-07 Are you looking for greater meaning and purpose in life This book provides a pathway to deeper understanding by posing and then addressing many of the critical questions of life **International Cookbook of Life-Cycle Celebrations** Lois Sinaiko Webb, Lindsay Grace Cardella, Jeanne Jacob, 2018-09-14 Much more than a cookbook offering a breadth of delicious recipes that honor ethnic traditions and religious customs this text provides readers with an understanding and appreciation of customs and rites of passage from around the world International Cookbook of Life Cycle Celebrations takes readers on a journey around the world and back with an overview of religious customs specific cultural traditions and delicious recipes Readers will learn about unique customs and traditions from more than 150 countries relevant to birth celebrations to weddings to funeral rituals Although the text is rich with detail the presentation of information is accessible to general readers and the recipes are kept simple so students of all ages and cooking abilities can execute the dishes and enjoy the results Organized by continent region and then country the book begins with an overview of religious customs as well as safety and cleanliness tips for cooks After the introduction the chapters present information on each country with the specific customs and recipes that correspond to that ethnicity's traditions The recipes are easy to follow and provide alternatives to complex or hard to find ingredients that can be used without jeopardizing the flavor and taste of the end result False Dawn Lee Penn, 2004 The interfaith movement which began with the 1893 World's Parliament of Religions in Chicago has grown worldwide Although this movement has been largely unknown to the public it now provides a spiritual face for globalization the economic and political forces leading us all from nationalism to One World The most ambitious organization in today's interfaith movement is the United Religions Initiative URI founded by William Swing the Episcopal Bishop of California Investigative reporter Lee Penn a Catholic ex-Marxist exhaustively documents the history and beliefs of the URI and its New Age and globalist allies the vested interests that support these movements and the direction they appear to be taking The interfaith movement is no longer merely the province of a coterie of little-heeded religious idealists with grandiose visions The URI's proponents have ranged from billionaire George Soros to President George W Bush from the far right Rev Sun Myung Moon to the liberal Catholic theologian Hans Kng and from the Dalai Lama to the leaders of government-approved Protestant churches in the People's Republic of China The interfaith movement

including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth based global spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In The Reign of Quantity and the Signs of the Times French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non s time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left False Dawn painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion org

Talking About Cultural Diversity in Your Church Michael V. Angrosino, 2001-09-24 In the Great Commission Jesus told his followers to go and make disciples of all nations But today you don t need to be a missionary in another country to come across different cultures In your neighborhood school workplace and shopping area you probably run across many people with backgrounds vastly different from your own To have an effective ministry in the U S today outside or inside the church Christians need to be aware of how people s culture affects the ways they think and live Talking about Cultural Diversity in Your Church gives classes workshops or small groups the opportunity to discuss issues of multiculturalism Presenting what culture means in the first part of the book shows how understanding and misunderstandings of culture affect American society This beginning section encourages readers to be aware of their own cultural assumptions and how these assumptions color relations with others It then highlights special skills for communicating between cultures and highlights the special challenges for religion in a pluralistic society But the heart of the book is eleven case studies with discussion questions These concrete cases allow participants to see about how their understandings of culture have real world implications And the discussion questions let participants talk in meaningful ways about these difficult issues If you

want a useful discussion about multiculturalism in your congregation you should take a look at Talking about Cultural Diversity in Your Church Visit the author s web page Colossians and Philemon Brian Wintle, Bruce J. Nicholls, 2019-05-31 Paul s epistle to the Colossians was written to a group of Christians who still held on to their past Jewish and pagan traditions alongside their faith in Christ To help these believers Paul provided guidance on how to deal with their past showing them how faith in Christ brings new meaning to their situation Similarly in his epistle to Philemon Paul addresses a culture where slavery was a common practice He demonstrates the potential when slaves responded to the gospel and turned to Christ Both of these epistles are extremely relevant to the church in Asia today especially as it is confronted with syncretism false teachings and the mistreatment of the less fortunate and marginalized in society The Asia Bible Commentary series empowers Christian believers in Asia to read the Bible from within their respective contexts Holistic in its approach to the text each exposition of the biblical books combines exegesis and application The ultimate goal is to strengthen the Body of Christ in Asia by providing pastoral and contextual exposition of every book of the Bible The Publishers Weekly ,1914
