The Effective Presentation Asha Kaul,2005-11-23 Presents a guide to effective business presentations with information on such topics as choosing content duration sequencing understanding the audience using visual aids and delivery style

How to Talk Your Way to Success Harry Simmons,2017-01-12 Have you ever stopped to think how much talk occurs in our own little busy world every day of our lives Do you realize how much talk is involved in our jobs in everyday business How everything we do every day of our lives involves conversation and speech on many different topics Our conversations in our household and community affairs at our desk in the office out in the factory or on the road with our fellow workers executives vendors customers visitors friends all these involve thousands of words every day in our lives Imagine what help it might be to your prospects of success if all your talk and conversation were consciously directed to specific objectives and goals of accomplishment Think of the pleasant and desirable things that might happen if your talks your conversations your letters your telephone messages your public appearances all were consciously channeled along the road to success This book has as its major purpose the directing of all these words into proper efficient and effective lines of communication

Customer Service Management in Africa Robert Hinson,Ogechi Adeola,Terri Lituchy,Abednego Amartey,2020-05-07 Customer Service Management in Africa A Strategic and Operational Perspective 978 0 367 14337 4 K410515 Customer Service is Changing The message of 34 authors featured in Customer Service Management in Africa A Strategic and Operational Perspective is clear Today s consumers are no longer passive audiences but active players that engage with businesses at each stage of product or service design and delivery systems Consumer demands and expectations are also increasingly being dictated by changing personal preferences enhanced access to information and expanding digital reality The customer service principles strategic and operational advocated by these authors are universal but particularly compelling as they apply to Africa s unique and dynamic operating environment In recognition of the importance of excellent customer service this comprehensive and well timed book provides an essential guide on the increasing role of the customer to business success This book discusses the management and delivery of customer service under seven broad themes Customer Service as Shared Value Customer Service Strategy Customer Service Systems Customer Service Style Customer Service Culture Customer Service Skills and Customer Experience Advancing Customer Service in Africa Central questions posed and addressed include What is the new definition of customer service management How should organisations position themselves to create value for customers and stakeholders How should employees project themselves to align with customer service promises made by their organisations Overall this book provides strategic and operational insights into effective customer service management in Africa The customer service management concepts roles and practices outlined particularly as they apply to the African context make it an important addition to scholars or practitioners reference works *Successful Presentation Strategies (Collection)* Jerry Weissman,2013-08-19 In Winning Strategies for Power Presentations Weissman

identifies the elements of a great presentation distilling 75 best practices from the world's best persuaders into bite-sized chapters designed to be easy to read and equally easy to apply. Following on the heels of Weissman's best-selling *Presentations in Action*, this book presents powerful new insights into the four key areas of delivering winning presentations: contents, graphics, delivery, and Q and A sessions. In this fully updated Second Edition of *Presenting to Win*, the world's #1 presentation consultant shows how to connect with even the toughest, most high-level audiences and move them to action. Jerry Weissman shows presenters of all kinds how to dump those PowerPoint templates once and for all and tell compelling stories that focus on what's in it for the audience. Drawing on dozens of real case studies, Weissman shows how to identify your primary goals and messages before you even open PowerPoint, stay focused on what your listeners really care about, and capture your audience in the first crucial 90 seconds. Weissman covers all the practical mechanics of effective presentation: finding your flow, communicating visually, writing better slide text, making your numbers using graphics, practicing aloud, customizing for different audiences, presenting online, and much more.

[Healthcare Research](#) Paula Roberts, Helena Priest, 2010-02-04 Research is an integral component of any undergraduate healthcare course and is also vital for continuing professional development (CPD). This book is an invaluable guide for students and practitioners who need to acquire a wide range of relevant skills and it will equip them not only to assess the quality of published studies and apply findings to clinical practice but also to undertake research themselves. An experienced team of contributors provide detailed explanations of the main concepts and methods used in critical appraisal of published research and guide the reader in integrating these quality indicators into their own studies to ensure rigour in planning, design, and execution. Drawing on both quantitative and qualitative approaches, the authors write with an emphasis on the development of sound research skills through case-based, illustrative examples and scenarios with helpful summaries and practical exercises throughout. They also give advice on writing abstracts, presenting papers at conferences, and liaising with publishers. Ultimately, this text will enable readers to have full confidence in understanding, undertaking, and disseminating empirical research.

The English Paradigm in India Shweta Rao Garg, Deepti Gupta, 2017-09-18 This collection pulls together a wide range of perspectives to explore the possibilities and the boundaries of the paradigm of English studies in India. It examines national identity and the legacy of colonialism through a study of comparative and multi-ethnic literature, education, English language studies, and the role ICT now plays in all of these fields. Contributors look at how the issue of identity can be addressed and understood through food studies, linking food culture and identity. The volume also considers the timely and very relevant question of gender in Indian society, the role of the woman, the family, and the community in patriarchal contemporary Indian society. Through the lens of literature, culture, gender, politics, this exciting volume pulls together the threads which constitute modern Indian identity.

[Communicating Corporate Social Responsibility in the Digital Era](#) Adam Lindgreen, Joelle Vanhamme, Rebecca Watkins, Francois Maon, 2017-12-12 Although literature on corporate social responsibility is vast, research into the use and

effectiveness of various communications through digital platforms about such corporate responsibility is scarce This gap is surprising communicating about corporate social responsibility initiatives is vital to organizations that increasingly highlight their corporate social responsibility initiatives to position their corporate brands for both consumers and other stakeholders Yet these organizations still sometimes rely on traditional methods to communicate or even decide against communicating at all because they fear triggering stakeholders skepticism or cynicism A systematic interdisciplinary examination of corporate social responsibility communication through digital platforms therefore is necessary to establish an essential definition and up to date picture of the field This research anthology addresses the above objectives Drawing on marketing management and communication disciplines among others this anthology examines how organizations construct implement and use digital platforms to communicate about their corporate social responsibility and thereby achieve their organizational goals The 21 chapters in this anthology reflect six main topic sections Challenges and opportunities for communicating corporate social responsibility through digital platforms Moving toward symmetry and interactivity in digital corporate social responsibility communication Fostering stakeholder engagement in and through digital corporate social responsibility communication Leveraging effective digital corporate social responsibility communication Digital activism and corporate social responsibility Digital methodologies and corporate social responsibility Sell Your Way to Success David M.
