Egyptian Art Bernard V. Bothmer, 2004 This is a collection of the articles of Bernard V Bothmer on Egyptian art history

Ancient Egyptian Portraiture Alessio Delli Castelli, 2024-12-09 Ancient Egyptian Portraiture History of an Idea concerns the origin nature and removal the unravelling and explanation of the impasse pertaining to the definition assessment and judgement of Ancient Egyptian portraiture Condensed in the syntagm different from ours this impasse arises from the polarisation and dichotomy of idealism and realism which characterise the three main Egyptological definitions of portraiture In offering a transcendental definition of art and portraiture that is anthropologically valid the overarching aim of this book is to challenge assessments of Egyptian art and portraiture based on historically particularistic concepts that are foreign to its cultural premises and development *In the House of Heqanakht* M. Victoria Almansa-Villatoro, Silvia Štubňová Nigrelli, Mark Lehner, 2022-11-28 In the House of Heqanakht Text and Context in Ancient Egypt gathers Egyptological articles in honor of James P Allen Charles Edwin Wilbour Professor of Egyptology at Brown University Professor Allen s contribution to our current understanding of the ancient Egyptian language religion society and history is immeasurable and has earned him the respect of generations of scholars In accordance with Professor Allen s own academic prolificity the present volume represents an assemblage of studies that range among different methodologies objects of study and time periods The contributors specifically focus on the interconnectedness of text and context in ancient Egypt exploring how a symbiosis of linguistics philology archaeology and history can help us reconstruct a more accurate picture of ancient Egypt and its people The Figshare images in this volume have been made available online and can be accessed at <https://figshare.com/s/8b3e5ad9f8a374885949> *The Egyptian Elite as Roman Citizens* Giorgia Cafici, 2021-07-19 In The Egyptian Elite as Roman Citizens Giorgia Cafici offers the analysis of private male portrait sculptures as attested in Egypt between the end of the Ptolemaic and the beginning of the Roman Period Ptolemaic Early Roman portraits are examined using a combination of detailed stylistic evaluation philological analysis of the inscriptions and historical and prosopographical investigation of the individuals portrayed The emergence of this type of sculpture has been contextualised both geographically and chronologically as it belongs to a wider Mediterranean horizon The analysis has revealed that eminent members of the Egyptian elite decided to be represented in an innovative way echoing the portraits of eminent Romans of the Late Republic whose identity was surely known in Egypt Offerings to the Discerning Eye Sue D'Auria, 2010 Egyptologist Jack A Josephson a writer and researcher in the tradition of the gentleman scholar has achieved broad recognition as an authority in Egyptian art history His lucid investigative analyses have probed and redefined the limits of inquiry expanded research parameters and broadened perspectives emphasizing the undeniable contributions of art history in an intra disciplinary framework This volume of collected essays is dedicated to Josephson by distinguished friends and colleagues a select roster including eminent established scholars in the field of Egyptology and rising stars of the younger generation Josephson views

Egyptian art history as a critical but neglected area of study and is a strong proponent of its reinstatement in the academic curriculum as an essential component in the formation of new cadres. The quality of the articles in this Egyptological medley is a tribute to the honoree and an affirmation of the esteem of his peers while the range of subjects and variety of themes addressed reflect the degree to which he has in his own scholarship undertaken to implement his ideal.

Thebes in the First Millennium BC Julia Budka, Kenneth Griffin, Elena Pischikova, 2014-04-23 Thebes in the First Millennium BC is a collection of articles based mostly but not entirely on the talks given at the conference of the same name organised by the team of the South Asasif Conservation Project an Egyptian American Mission working under the auspices of the Ministry of State for Antiquities Egypt in Luxor in 2012. The organisers of the conference and editors of the volume Elena Pischikova, Julia Budka and Kenneth Griffin brought together a group of prominent scholars to share and discuss the results of their recent field research in the tombs and temples of the Twenty fifth Twenty sixth Dynasties in Thebes Abydos and Saqqara. This volume assembles current studies on royal and elite monuments of the Libyan Kushite and Saite Periods and places them in a wider context. This volume investigates such aspects of research as tomb and temple architecture burial assemblages religious texts paleography artistic styles iconography local workshops and archaism providing a new perspective to the current scholarship and future exploration of these topics. The volume is further enriched by the inclusion of chapters on the conservation and preservation of monuments representing the present day approach to the development of archaeological sites.

Wonderful Things: A History of Egyptology, Volume 3 Jason Thompson, 2018-10-16 The discovery of ancient Egypt and the development of Egyptology are momentous events in intellectual and cultural history. The history of Egyptology is the story of the people famous and obscure who constructed the picture of ancient Egypt that we have today recovered the Egyptian past while inventing it anew and made a lost civilization comprehensible to generations of enchanted readers and viewers thousands of years later. This the third of a three volume history of Egyptology follows the progress of the discipline from the trauma of the First World War through the vicissitudes of the twentieth century and into Egyptology's new horizons at the beginning of the twenty first century. Wonderful Things affirms that the history of ancient Egypt has proved continually fascinating but it also demonstrates that the history of Egyptology is no less so. Only by understanding how Egyptology has developed can we truly understand the Egyptian past.

Sesostris - Scheschong - Sesonchosis, 2024-07-29 Why Sesostris? Why does the classical antiquity tell stories about this Egyptian hero king of the second millennium BC? On which basis? The contributions of this conference volume try to systematically answer the question how these narratives come into being and grow. It is not a single historical king Sesostris. Rather the literary tradition of two millennia augments the story with the later Sheshonq kings makes Sesostris the international hero of demotic narratives and finally leads to the Greek Sesonchosis Romance which itself is widely received. All this takes place in an international cultural context. Warum gerade Sesostris? Warum werden ausgerechnet bei diesen ägyptischen König des frühen zweiten Jahrtausends v. Chr. in der Klassischen

Antike Heldengeschichten erzählt auf welcher Grundlage die Beiträge dieses Tagungsbandes gehen systematisch der Frage nach wie diese Erzählungen entstehen und wachsen Es ist nicht ein einziger literarischer König Sesostri Vielmehr reichert die literarische Tradition über zwei Jahrtausende den Stoff um die späteren Scheschonq Könige an macht Sesostri zu einem internationalen Helden demotischer Erzählungen und führt zum griechischen Sesonchosis Roman All dies geschieht in einem internationalen kulturellen Rahmen *A Brief History of Egypt* Arthur Goldschmidt, 2008 Chronicles the history of Egyptian politics economics social and cultural developments from ancient times to the present *The Art of Medicine in Ancient Egypt* James P. Allen, Metropolitan Museum of Art (New York, N.Y.), 2005 Diseases and injuries were major concerns for ancient Egyptians This book featuring some sixty four objects from the Metropolitan Museum discusses how both practical and magical medicine informed Egyptian art and for the first time reproduces and translates treatments described in the spectacular Edwin Smith Papyrus *Weseretskau 'Mighty of Kas'* Deanna Kiser-Go, Carol A. Redmount, 2023-04-01

Weseretskau Mighty of Kas honors the life and career of Professor Cathleen Candy Keller a truly extraordinary teacher scholar Egyptologist and polymath The contributors to this volume were Professor Keller's students friends and colleagues Though much of the research presented here centers around the honoree's two primary passions Egyptian art and the study of the village of Deir el Medina the range of topics reflects her broad Egyptological interests including religious organization artistic technique museum collections textual analyses historical events and archaeological studies at sites throughout Egypt

prehistory through to the end of the Roman period Transcending conventional boundaries between archaeological and ancient textual analysis and bringing together 63 chapters that range widely across the various archaeological philological and cultural sub disciplines authored by recognized experts in their respective fields it highlights the extent to which the discipline has diversified and stresses the need for it to seek multidisciplinary methods and broader collaborations if it is to remain contemporary and relevant Authoritative yet accessible it is an invaluable resource for scholars students and general readers alike

Egypt of the Saite pharaohs, 664-525 BC Roger Forshaw, 2019-05-22 In the 660s BC Egypt was a politically fragmented and occupied country However this was to change when a family of local rulers from the city of Sais declared independence from the Assyrian Empire and in a few short years succeeded in bringing about the reunification of Egypt The Saite established central government reformed the economy and promoted trade The country became prosperous achieving a pre eminent role in the Mediterranean world This is the first monograph devoted entirely to a detailed exploration of the Saite Dynasty It reveals the dynamic nature of the period the astuteness of the Saite rulers and their considerable achievements in the political economic administrative and cultural spheres It will appeal not only to students of Egyptology but also because of the interactions of the Saite Dynasty with the Aegean and Mesopotamia worlds to anyone interested in ancient history

Studies on Old Kingdom Reliefs and Sculpture in the Hermitage Andrey O. Bolshakov, 2005 The book is the first complete publication of a relatively small but interesting collection of Old Kingdom monuments in the State Hermitage Museum St Petersburg Twenty two pieces are reproduced as black and white photographs and line drawings Among them are two statues fourteen reliefs and relief fragments five offering stones and a fragment of an ointment tablet several objects in museums of Cairo Copenhagen and Cambridge belonging to the same people are published as well Most of these monuments were never published or are known only through books and periodicals in Russian that usually are not available in Egyptological libraries Although the Hermitage pieces were acquired at antiquities dealers without any documentation their modern history is traced and in a half of cases either their provenance is reconstructed or related monuments are found A limited number of monuments allowed the author to discuss them to a much greater extent than it is common in museum publications and thus the book in spite of its structure of a catalogue virtually is a detailed study of various problems of Old Kingdom history and ideology
