Ancient Egypt, the Light of the World Gerald Massey, 1992 Gerald Massey was one of the first Egyptologists in modern times to realize that with the final eclipse of the incredibly old Land of Kam a k a ancient Egypt a light had been extinguished in world civilization He was a man of protean interests and concerns at once a poet socialist Shakespearean scholar mythographer and Egyptologist Part of his genius was the ability to look truth in the face and not flinch Massey did in the cultural domain what modern paleontologists have done in the anthropological pinpoint Africa as the crucible of humanity s story In the first volume of Ancient Egypt Massey was primarily concerned with elaborating how the first humans emerge in Africa created thought What had been evident to him from the outset was that the myths rituals and religions of ancient Egypt or Old Kam had preserved virtually intact a record of the psychomythic evolution of humanity In the second volume Massey examines the celestial phenomenon known as the Precession of the Equinoxes He believed only by understanding this phenomenon was it possible to fathom Nile Valley history He provides the reader with extensive detail on the interconnection of the two The last half of the second volume is devoted to the Kamite sources of Christianity Massey demonstrated the manner in which New Testament Christianity evolved directly out of the Osirian mysteries Massey pioneered the effort to connect Old Kamite thought to its origin in Africa s antiquity His conclusions which are constantly being verified showed that Kamite thought was the direct progenitor to the philosophy metaphysics religion and science that eventually shaped Western civilization from back cover

Egyptian Wisdom in Other Jewish Writings Gerald Massey, 2008-11-01

When the word Sheol in the Old Testament is rendered in English by the grave it is inadequate times out of number The Hebrew writers were not always speaking or thinking of the grave when they wrote of Sheol which has to be bottomed in Amenta the divine nether earth not simply in the tomb The grave is not identical with hell nor the pit hole with the bottomless pit The pangs and sorrows of Sheol like the purging pangs of the Romish purgatory have to be studied in the Egyptian Ritual from Egyptian Wisdom in other Jewish Writings It goes unappreciated by modern Egyptologists but it is embraced by those who savor the concept of a hidden history of humanity and those who approach all human knowledge from the perspective of the esoteric Gerard Massey s massive Ancient Egypt The Light of the World first published in 1907 and the crowning achievement of the self taught scholar redefines the roots of Christianity via Egypt proposing that Egyptian mythology was the basis for Jewish and Christian beliefs Here Cosimo proudly presents Book 8 of Ancient Egypt in which

Massey connects the stories of the Egyptians with the tales and lessons of the Hebrew prophets likening David to Osiris and the King of Glory and Lord of Hosts that is Yahweh to the sun god of astronomical mythology With similar symbology of flocks and shepherds light and darkness and immortality in an afterlife it is impossible Massey argues not to see deep connections to and influences of Egyptian wisdom in that of the Hebrews Peculiar and profound this work will intrigue and delight readers of history religion and mythology British author GERALD MASSEY 1828 1907 published works of poetry spiritualism Shakespearean criticism and theology but his best known works are in the realm of Egyptology including A Book of the Beginnings and The Natural Genesis **Guide to Reprints** ,2009
