Democracy and Reform 1815 - 1885 D. G. Wright,2014-07-30 An authoritative study of the bloodless revolution which transformed Britain s political system **The Eighteenth-Century Composite State** D. Hayton,J. Kelly,J.

Bergin,2010-05-13 A pioneering exploration of the phenomenon of the composite state in Eighteenth century Europe Employing a comparative approach it combines the findings of new research on Ireland with broader syntheses of major composite states in Europe those of France Austria and Poland Lithuania *Champion of English Freedom* Robin Eagles,2024-06-15 2024 marks the 250th anniversary of John Wilkes becoming Lord Mayor of London A man simultaneously full of contradiction and principles Wilkes was a giant of eighteenth century England and helped shape modern Britain

Modern Historians on British History 1485-1945 (Routledge Revivals) G.R. Elton,2009-12-10 The twenty five year period following the Second World War saw an enormous expansion of activity in the writing of the history of modern Britain and with that expansion a major transformation of the state of knowledge in many parts of the area First published in 1970 this Revivals reissue which includes an extensive coverage of books and a reasonable selection of articles endeavours both to survey the work done and to reduce it to some comprehensible order It indicates achievements and probable lines of development and collects the materials that have grown around the main controversies Omitted are local history in the main and the history of empire and commonwealth except where the latter really arises out of the affairs of the mother country There are special sections on social history the history of ideas Scotland and Ireland *On the Law of Speaking Freely* Adam Tomkins,2025-05-29 This book tackles the most pressing problems of contemporary free speech law by examining where the idea of free expression came from in the first place applying the lessons of the past to address the challenges of the present Free speech cannot be taken for granted it needs to be fought for But its champions will be successful only if they understand what they are defending For free speech is a deceptively simple principle How should it guide us on the bounds of what is acceptable to say Should we be free to preach hatred or to spread fear or fake news Can media freedom be balanced against the right to privacy How does free speech work online Can the internet be made a safe space without compromising freedom of expression On the Law of Speaking Freely offers not just insights but answers to these and other such vital questions by roaming widely over the law of free speech from English common law to the European Convention on Human Rights via the US First Amendment In rescuing free speech from the culture wars in which it has become embroiled Adam Tomkins restates its values its complexities and its enduring importance in prose that is as passionate as it is clear

sighted Even handed informed and authoritative this is a major timely work from one of the UK s leading constitutional scholars **Farewell to Christendom** Thomas J. Curry,2001-11-08 Thomas Curry argues that discussion and interpretation of the First Amendment have reached a point of deep crisis Historical scholarship dealing with the background and interpretation of the Amendment are at an impasse and judicial interpretation is in a state of disarray Here Curry provides a new paradigm for the understanding and exploration of religious liberty contending that much of the present confusion can be traced to habits of mind that persist from Christendom and inevitably draw government into religious matters The First Amendment however was meant to be a departure from the thinking that had preceded it for nearly fifteen hundred years Curry traces much of the current difficulty to the largely unexamined assumption on the part of judges and scholars that the amendment created a right the right to free exercise of religion and that the courts are the guardians of that right The First Amendment is in fact a limitation on government and a guarantee that the government will not impinge on the religious liberty that citizens already possess by natural right Here Curry shows that the key to finding more coherence between Church State decisions and the historical meaning and purpose of the First Amendment lies in embracing this understanding of the Amendment as a limitation on government

Merchants and the Military in Eighteenth-Century Britain Gordon E. Bannerman,2015-10-06 Investigates the contract sector of the British Army during the long eighteenth century This book argues that this group of financiers private merchants businessmen and farmers represented a vital interest group which was at the nexus of the fiscal military structure It draws on papers from the War Office the Treasury and the Audit Office

The Civil Wars After 1660 Matthew Neufeld,2013 Drawing upon the interdisciplinary field of social memory studies this book opens up new vistas on the historical and political culture of early modern England This book examines the conflicting ways in which the civil wars and Interregnum were remembered constructed and represented in seventeenth and eighteenth century England It argues that during the late Stuart period public remembering of the English civil wars and Interregnum was not concerned with re fighting the old struggle but rather with commending and justifying or contesting and attacking the Restoration settlements After the return of King Charles II the political nation had to address the question of remembering and forgetting the recent conflict The answer was to construct a polity grounded on remembering and scapegoating puritan politics and piety The proscription of the puritan impulse enacted by the Restoration settlements was supported by a public memory of the 1640s and 1650s which was used to show that Dissenters could not and should not be trusted with power Drawing upon the interdisciplinary field of social memory studies this book offers a new perspective on the historical and political cultures of early modern England and will be of significant interest to social cultural and political historians aswell as scholars working in memory studies Matthew Neufeld is Lecturer in early modern British history at the University of Saskatchewan Canada

Premiership Andrew Blick,George Jones,2016-08-16 The office of Prime Minister stands at the apex of the British political system An undertsanding of this post is essential to all who are or aspire to be

within government or who observe it from outside This book combines the methods of history and political science to produce theories of the development nature and power of the premiership and to explain the implications for present politicians and analysts It is essential reading for academics students journalists and all who are working in or interested in politics

The Impossible Office? Anthony Seldon, Jonathan Meakin, Ilias Thoms, Tom Egerton, 2024-03-14 Over 300 years fifty seven individuals have held the office of British Prime Minister who have been the best and worst

Much Governed Nation Pt1 Vol 3 W.H Greenleaf, 2014-05-12 First published in 2003 Part of the British Political Tradition collection this is Part one Volume III This account of the emergence of contemporary political institutions in Britain follows volumes dealing with The Rise of Collectivism and The Ideological Heritage both of which appeared in 1983 It shows how in the perspective these other works describe the traditional machinery of government expanded notably and was in many ways completely altered

Die Personalunionen von Sachsen-Polen 1697-1763 und Hannover-England 1714-1837 Rex Rexheuser, 2005 Das Buch vereint die Beiträge einer Konferenz polnischer britischer und deutscher Historiker die vom 20 bis zum 22 November 1997 in Dresden stattfand Aus dem Inhalt Thronbesteigung und Thronwechsel bestimmende Faktoren bei Gründung und Fortsetzung der Personalunion Das politische Verhältnis zwischen den Staaten der Personalunion Institutionen und Prozeduren Das politische Verhältnis zwischen den Staaten der Personalunion Interessen und Ziele Personalunion und Kulturkontakt der Hof als Schauplatz und Vermittler kultureller Wechselwirkungen Ein Herrscher zwei Staaten die Personalunion als Problem des Monarche

Constitutional History of the American Revolution V. 4; Authority of Law John Phillip Reid, 2003-03 This work addresses the central constitutional issues that divided the American colonists from their English legislators the authority to tax the authority to legislate the security of rights the nature of law and the foundation of constitutional government in custom and contractarian theory

Late Georgian and Regency England, 1760-1837 Robert A. Smith, 2004-07-08 A guide to historical literature on England between 1760 and 1837 emphasising more recent work

The Midnight Kingdom Jared Yates Sexton, 2023-01-17 From the author of American Rule and the host of The Muckraker Podcast an ambitious account of how white supremacist lies religious mythologies and poisonous conspiracy theories built the modern world and threaten to plunge us into an authoritarian nightmare To fully understand these strange and dangerous times Jared Yates Sexton takes a hard look at our nation's history namely the abuses committed by those in power and the comforting stories that shaped the way the West has viewed itself up to the present As reactionaries and authoritarians cling to myths about Western civilization The Midnight Kingdom exposes how political power religious indoctrination and economic dominance have been repeatedly weaponized to oppress and exploit sounding an alarm for what lies ahead as the current order frays Beginning with the Roman Empire and racing through centuries of colonization war genocide and the recurring clashes of progress and regression Sexton finds our modern world at a crossroads In an echo of past crises we have arrived at a time of historic inequality and a fading trust in our institutions Meanwhile authoritarianism

is gaining momentum and the progress of the twentieth century is being rolled back at dizzying speed This catastrophic moment holds terrible potential for a return to a totalitarian past or potentially a better realer more human future The difference depends on a true reckoning with our history and the larger forces at play or hiding behind this disastrous fantasy of Western superiority Bracing and compulsively readable The Midnight Kingdom takes a critical look at the forces that have shaped human civilization for centuries and invites us to seek a radically different future
