Architecturally Speaking Alan Read, 2002-09-11 Architecturally Speaking is an international collection of essays by leading architects artists and theorists of locality and space This book will appeal to urbanists geographers artists architects and cultural historians

Eileen Gray and the Design of Sapphic Modernity Jasmine Rault, 2017-07-05 The first book length feminist analysis of Eileen Gray's work Eileen Gray and the Design of Sapphic Modernity Staying In argues that Gray's unusual architecture and design as well as its history of abuse and neglect emerged from her involvement with cultures of sapphic modernism Bringing together a range of theoretical and historical sources from architecture and design communication and media to gender and sexuality studies Jasmine Rault shows that Gray shared with many of her female contemporaries a commitment to designing spaces for sexually dissident modernity This volume examines Gray's early lacquer work and Romaine Brooks' earliest nude paintings Gray's first built house E 1027 in relation to Radclyffe Hall and her novel The Well of Loneliness and Gray's private house Tempe nbsp Pailla with Djuna Barnes Nightwood While both female sexual dissidence and modernist architecture were reduced to rigid identities through mass media women such as Gray Brooks Hall and Barnes resisted the clarity of such identities with opaque non communicative aesthetics Rault demonstrates that by defying the modern imperative to publicity clarity and identity Gray helped design a sapphic modernity that cultivated the dynamism of uncertain bodies and unfixed pleasures which depended on staying in rather than coming out The Routledge Companion to Women in Architecture Anna Sokolina, 2021-06-28 The Routledge Companion to Women in Architecture illuminates the names of pioneering women who over time continue to foster shape and build cultural spiritual and physical environments in diverse regions around the globe It uncovers the remarkable evolution of women's leadership professional perspectives craftsmanship and scholarship in architecture from the preindustrial age to the present The book is organized chronologically in five parts outlining the stages of women's expanding engagement leadership and contributions to architecture through the centuries It contains twenty nine chapters written by thirty three recognized scholars committed to probing broader topographies across time and place and presenting portraits of practicing architects leaders teachers writers critics and other kinds of professionals in the built environment The intertwined research sets out debates questions and projects around women in architecture stimulates broader studies and discussions in emerging areas and becomes a catalyst for academic programs and future publications on the subject The novelty of this volume is in presenting not only a collection of case studies but in broadening the discipline by advancing an incisive overview of the topic as a whole It is an invaluable resource for architectural historians academics students and professionals *Eileen Gray* Jennifer Goff, 2014-11-28 The renowned and highly influential architect furniture maker interior designer and photographer Eileen Gray was born in Ireland and remained throughout her life an Irishwoman at heart An elusive figure her interior world has never before been observed as closely as in this ground breaking study of her work philosophy and inner circle of fellow

artists Jennifer Goff expertly blends art history and biography to create a stunning ensemble offering a clear beacon of light into truly understanding Gray the woman and the professional Gray was a self taught polymath and her work was multi functional user friendly ready for mass production yet succinctly unique and her designs show great technical virtuosity Her expertise in lacquer work and carpet design often overlooked is given due attention in this book as is her fascinating relationship with the architect Le Corbusier and many other compelling and complex relationships The book also offers rare insights into Gray s early years as an artist The primary source material for this book is drawn from the Eileen Gray collection at the National Museum of Ireland and its wealth of documentation correspondence personal archives photographs and oral history

The Architect Francesca Hughes, 1996 The Architect Reconstructing Her Practice examines how the introduction of women to the main body of architecture might bring about a reconstruction of the orders that pervade architectural production and consumption At a moment when the architectural profession is beginning to shift from its traditionally male domination The Architect Reconstructing Her Practice examines how the introduction of women to the main body of architecture might bring about a reconstruction of the orders that pervade architectural production and consumption In a collection of autobiographical essays in which practice is both the site and the vehicle for change twelve American and European architects reflect on the nature of critical practice and its relation to architecture The contributors were chosen not only for the distinguished quality of their work but also for the range of architectural practices they collectively encompass from the intersection of theory and philosophy to the intersection of building process and industry Together they present a compelling and provocative critique of architectural culture All show a willingness to transgress the various mediums and territories of architecture to recover and reopen certain discussions lost in the architectural discourse they have inherited

Architecture and Design at the Museum of Modern Art Thomas S. Hines, 2019-01-22 A comprehensive and fascinating look at the history of the Museum of Modern Art s Architecture and Design Department under the leadership of the influential curator Arthur Drexler Arthur Drexler 1921 1987 served as the curator and director of the Architecture and Design Department at the Museum of Modern Art MOMA from 1951 until 1986 the longest curatorship in the museum s history Over four decades he conceived and oversaw trailblazing exhibitions that not only reflected but also anticipated major stylistic developments Although several books cover the roles of MoMA s founding director Alfred Barr and the department s first curator Philip Johnson this is the only in depth study of Drexler who gave the department its overall shape and direction During Drexler s tenure MoMA played a pivotal role in examining the work and confirming the reputations of twentieth century architects among them Frank Lloyd Wright Le Corbusier Richard Neutra Marcel Breuer and Ludwig Mies van der Rohe Exploring unexpected subjects from the design of automobiles and industrial objects to a reconstruction of a Japanese house and garden Drexler s boundary pushing shows promoted new ideas about architecture and design as modern arts in contemporary society The department s public and educational programs projected a culture of popular accessibility

offsetting MoMA's reputation as an elitist institution Drawing on rigorous archival research as well as author Thomas S Hines's firsthand experience working with Drexler Architecture and Design at the Museum of Modern Art analyzes how MoMA became a touchstone for the practice and study of midcentury architecture **Women Architects in the Modern Movement** Carmen Espegel, 2017-12-22 Heroines of Space looks at four groundbreaking women architects Eileen Gray Lilly Reich Margarethe Schütte-Lihotzky and Charlotte Perriand You'll see the parts they played in the history of modern architecture and get a clearer view of the recent past The book explains the social and historical setting behind their coming into being and includes research on the factors around their roles as space makers to show you how they practiced architecture despite pressure not to New in English the Spanish edition won the 2006 Milka Blinakov Prize granted by the International Archive of Women in Architecture Includes 150 black and white images and bibliographies for each architect

Designing for Diversity Kathryn H. Anthony, 2021-08-18 A powerful statement about the repercussions of discrimination and the benefits of diversity in architecture Providing hard data for trends that many perceive only vaguely and some deny altogether Designing for Diversity reveals a profession rife with gender and racial discrimination and examines the aspects of architectural practice that hinder or support the full participation of women and persons of color Drawing on interviews and surveys of hundreds of architects Kathryn H Anthony outlines some of the forms of discrimination that recur most frequently in architecture being offered added responsibility without a commensurate rise

in position salary or credit not being allowed to engage in client contact field experience or construction supervision and being confined to certain kinds of positions typically interior design for women government work for African Americans and computer aided design for Asian American architects Anthony discusses the profession's attitude toward flexible schedules part time contracts and the demands of family and identifies strategies that have helped underrepresented individuals advance in the profession especially establishing a strong relationship with a mentor She also observes a strong tendency for underrepresented architects to leave mainstream practice either establishing their own firms going into government or corporate work or abandoning the field altogether Given the traditional mismatch between diverse consumers and predominantly white male producers of the built environment plus the shifting population balance toward communities of color Anthony contends that the architectural profession staves off true diversity at its own peril *Designing for Diversity* argues convincingly that improving the climate for nontraditional architects will do much to strengthen architecture as a profession Practicing architects managers of firms and educators will learn how to create conditions more welcoming to a diversity of users as well as designers of the built environment *Women's Places* Brenda Martin, Penny Sparke, 2003-09-02 What was different about the environments that women created as architects designers and clients at a time when they were gaining increasing political and social status in a male world Through a series of case studies *Women's Places Architecture and Design 1860-1960* examines in detail the professional and domestic spaces created by women who had money and the opportunity to achieve their ideal Set against a background of accepted notions of modernity relating to design and architecture of the late 19th and early 20th centuries this book provides a fascinating insight into women's social aspirations and identities It offers new information and new interpretations in the study of gender material culture and the built environment in the period 1860-1960 *Architect's Drawings* Kendra Schank Smith, 2006-08-11 The sketch is a window into the architect's mind As creative designers architects are interested in how other architects particularly successful ones think through the use of drawings to approach their work Historically designers have sought inspiration for their own work through an insight into the minds and workings of people they often regard as geniuses This collection of sketches aims to provide this insight Here for the first time a wide range of world famous architects sketches from the Renaissance to the present day can be seen in a single volume The sketches have been selected to represent the concepts or philosophies of the key movements in architecture in order to develop an overall picture of the role of the sketch in the development of architecture The book illustrates the work of designers as diverse as Andrea Palladio Erich Mendelsohn Sir Edwin Lutyens Gianlorenzo Bernini Le Corbusier Michelangelo Alvar Aalto Sir John Soane Francesco Borromini Walter Gropius and contemporary architects Tadao Ando Zaha Hadid and Frank Gehry to name but a few Each chronologically placed sketch is accompanied by text providing details about the architect's life a look at the sketch in context and the connection to specific buildings where appropriate Style media and meaning are also discussed developing an explanation of the architect's

thinking and intentions As creative designers themselves architects are interested in how other architects particularly successful ones think and draw and approach their work Historically designers have sought inspiration for their own work through an insight into the minds and workings of people they often regard as geniuses This collection of sketches aims to provide this insight Listed chronologically each sketch will be accompanied by a text which provides A short synopsis history of the architect s life a look at the sketch in this context the connection to a specific building where appropriate techniques of the sketch style and media meaning what the sketch shows about the architect s thinking and intentions followed by a select bibliography for each section

"Fashion, Interior Design and the Contours of Modern Identity " Alla

Myzelev,2017-07-05 Challenging the notion that fashion and furniture were or are separate enterprises and distinct material aesthetic traditions this collection focuses on three material and conceptual links central to understanding the relationship between interior design and fashion the body fabric and space The volume considers the changing visual material and spatial character methodological challenges posed by and formal political and historiographical significance of a wide range of British European and North American case studies since the eighteenth century The volume s eleven case studies allow the reader to understand connecting notions behind the formation of interiors and fashionable clothing The essays combine a wide range of significant and challenging new examples alongside powerful reversionary analyses of the various periods artists designers and their best and significant objects Fashion Interior Design and the Contours of Modern Identity is concerned not only with fabric but also with the body and the implications of embodiment in the practices of both design domains which are equally invested in the comfort aesthetic pleasure extension and support of the body in different and yet seemingly identical ways

ballistic pendulum experiment analysis lab 12 ballistic pendulum - Dec 29 2021

web nov 20 2013 lab 8 report grad a lab 8 ballistic pendulum introduction the aim of this experiment studocu applying historic of momentum we have $mv_a = m v_f$ just for and after the ball contacted the bob where m is the mass of the ball and m is the mass of the bob and v_a and v_b are the ball's speed just before and just after collision

the ballistic pendulum union college - May 02 2022

web the ballistic pendulum physics 110 laboratory in this experiment you will determine the muzzle velocity of a gun using two different methods the first method consists of firing a ball horizontally from the tabletop by measuring the range of the ball in the second part of the experiment the ball will be fired into the ballistic pendulum shown above and

ballistic pendulum experiment analysis odinity - Jun 03 2022

web nov 20 2013 ballistic pendulum experiment written by arturo i abstract for experiment 13 ballistic pendulum we used the conservation of momentum and mechanical energy to determine the velocity of a ball as it is shot from a launcher the angle was measured every time the launcher was released for method a

experiment 8 ballistic pendulum san José state - Jul 16 2023

web experiment 8 ballistic pendulum objective to use a ballistic pendulum to determine the velocity of a projectile to verify this velocity by measuring the range of the projectile experiment we use measurements obtained from a ballistic pendulum to review energy conservation momentum conservation and projectile motion

14 5 unit 10 lab extension ballistic pendulum - Nov 08 2022

web sep 10 2020 the ballistic pendulum is a device used to determine the speed of objects moving too fast for conventional instruments the basic idea is that a projectile is fired into a pendulum which then swings upward to some height which is measured

27 8 sample lab report measuring g using a pendulum - Feb 28 2022

web abstract in this experiment we measured g by measuring the period of a pendulum of a known length we measured $g = 7.65 \pm 0.378 \text{ m/s}^2$ this corresponds to a relative difference of 22.22% with the accepted value 9.8 m/s^2 and our result is not consistent with the accepted value

ballistic pendulum new york university - Dec 09 2022

web nov 13 2015 the ballistic pendulum was invented in 1742 to measure the speed of bullets as you can see from this experiment it is not necessary to use a ballistic pendulum to measure the speed of a slowly moving object but the ballistic pendulum does illustrate the use of several important conservation laws in physics 3 equipment

lab 10 ballistic pendulum washington state university - Mar 12 2023

web lab 10 ballistic pendulum goals to determine the launch speed of a steel ball for the short medium and long range settings on the projectile launcher apparatus using the equations for projectile motion

labreport ballistic pendulum experiment 7 ballistic studocu - Feb 11 2023

web experiment 7 ballistic pendulum physic 181 april 15 2021 purpose the overall purpose of this experiment was to do observation and find the solution of whether the initial and final momentum of the object is zero when comparing this was done by launching a plumb bob to see its height from above the ground to the landing and also the bob

ballistic pendulum experiment analysis lab 12 ballistic pendulum - Jan 30 2022

web nov 20 2013 solved physics 182a 195l lab report lab 8 ballistic ii theory inbound method a the experiment run that one able establish the ball s velocity by shooting a ball inside a pendulum bob and then how the bob s motion using the core a conservation of momentum and conservation of mechanical energy

phys lb ballistic pendulum experiment in ballistic - Jun 15 2023

web the ballistic pendulum measures the velocity of projectiles through the conservation of linear momentum and mechanical energy in this experiment we can determine the initial velocities of the projectile motion by measuring the distance on which the center of mass of the projectile rises through the law of conservation of linear momentum and

lab report 8 lab on ballistic pendulum lab 8 ballistic pendulum - May 14 2023

web lab 8 ballistic pendulum pi da researcher introduction da the goal of this lab is to measure the speed of a ball that is fired from a projectile launcher using two different methods

lab 8 report grade a lab 8 ballistic pendulum studocu - Apr 13 2023

web lab 8 ballistic pendulum introduction the purpose of this experiment was to determine the initial velocity of a steel ball fired from a launcher using two different methods a few of the technical terms included in this report are defined here

ballistic pendulum i theory college of san mateo - Jul 04 2022

web experiment 7 ballistic pendulum i theory the purpose of this experiment is to measure the velocity of a ball that is fired from a spring gun for many years police laboratories used ballistic pendulums to measure the muzzle velocities of firearms the ballistic pendulum consisted of a large block suspended by cords

ballistics lab report ballistics application of studocu - Sep 06 2022

web to obtain the velocity of a projectile using a ballistic pendulum the length of the pendulum had to be measured as well as

the mass of the pendulum projectile and the pendulum swing angle there were two methods used to complete this experiment and obtain the value of the velocity

lab experiment 6 reports and answers ballistic pendulum - Aug 05 2022

web 1 introduction in the ballistic pendulum experiment a small ball is shot from a launcher into a barrel at the end of rigid arm pendulum the ball lodges itself in the barrel and they swing together up to some maximum height energy is not conserved in the completely inelastic collision but linear momentum is

pdf phy 400 lab report 3 nur aini mohamad - Jan 10 2023

web this paper presents the implementation of a physical pendulum for the physics laboratory using mainly a bar and a disc mounted on it which can be moved along this bar using implements such as a flexometer to measure the different lengths and a stopwatch to take the oscillation period of the pendulum

ballistic pendulum thomas more university - Oct 07 2022

web lab 12 ballistic pendulum experimental objectives to verify that the equations of conservation of momentum and conservation of mechanical energy give the same results as the equations of two dimensional motion by comparing the initial velocity the muzzle velocity of the ballistic projectile from two different sets of experimental measurements

ballistic pendulum lab physics - Apr 01 2022

web experimental technique 1 use foam to set up a trap to catch the projectile see image 1 2 set up the pendulum and projectile launcher with the rotary motion sensor see image 2 3 3 measure the mass of the pendulum and the projectile as well as the length of the pendulum 4 prepare data studio for the experiment 5

ballistic pendulum lab report ballistic pendulum phys 215 - Aug 17 2023

web theory a ballistic pendulum is a device that can be used to measure the speed of projectiles using both conservation of momentum and conservation of energy it contains a swinging pendulum and a spring gun the gun shoots out the projectile ball bearing into the bob creating an inelastic collision
