Reading the Early Modern English Diary Miriam Nandi, 2021-02-27 Reading the Early Modern Diary traces the historical genealogy formal characteristics and shifting cultural uses of the early modern English diary It explores the possibilities and limitations the genre held for the self expression of a writer at a time which considerably pre dated the Romantic cult of the individual self The book analyzes the connections between genre and self articulation How could the diary come to be associated with emotional self expression given the tedium and repetitiveness of its early seventeenth century ancestors How did what were once mere lists of daily events evolve into narrative representations of inner emotions What did it mean to write on a daily basis when the proper use of time was a heavily contested issue Reading the Early Modern Diary addresses these questions and develops new theoretical frameworks for discussing interiority and affect in early modern autobiographical texts Ein englisches Tagebuch Günter Kunert, 1981 **Freiarbeitsmaterialien für die 7. Englisch-Deutsch/English-German Barbara Wüstefeld, 2015-06-03 No detailed description available for Englisch Deutsch English German **The Einstein Dossiers** Siegfried Grundmann, 2006-02-08 In 1919 the Prussian Ministry of Science Arts and Culture opened a dossier on Einstein s Theory of Relativity It was rediscovered by the author in 1961 and is used in conjunction with numerous other subsequently identified Einstein files as the basis of this fascinating book In particular the author carefully scrutinizes Einstein s FBI file from 1950 55 against mostly unpublished material from European including Soviet sources and presents hitherto unknown documentation on Einstein s alleged contacts with the German Communist Party and the Comintern Siegfried Grundmann s thorough study of Einstein s participation on a committee of the League of Nations based on archival research in Geneva is also new This book outlines Einstein s image in politics and German science policy It covers the period from his appointment as a researcher in Berlin to his fight abroad against the boycott of German science after World War I and his struggle at home against attacks on Jewish physics of which he was made a prime target An important gap in the literature on Einstein is thus filled contributing much new material toward a better understanding of Einstein s so rigorous break with Germany **Muslim Studies** George McCue, 2017-07-05 This is the first volume of Goldziher s Muslim Studies which ranks highly among the classics of the scholarly literature on Islam Indeed the two volumes originally published in German in 1889 1890 can justly be counted among those that laid the foundations of the modern study of Islam as a religion and a civilization The first study deals with the reaction of Islam to the ideals of Arab tribal society to the attitudes of early Islam to the various nationalities and more especially the Persians and culminates in the chapter on the Shu ubiyya movement which represents the reaction of the newly converted peoples and again more

especially the Persians to the idea of Arab superiority The second essay is the famous study on the development of the Hadith the Traditions ascribed to Muhammed in which the Hadith is shown to reflect the various trends of early Islam Goldziher's name is mainly associated with the critical study of the Hadith of which this essay is the chief monument The third essay is about the cult of saints which though contrary to the spirit and letter of the earliest Islam played such an important part in its subsequent development These essays with the author's marvelous richness of information profound historical sense and sympathetic insight into the motive forces of religion and civilization are today as fresh as at the time of their original publication and their reissue is indispensable for the growing number of students of Islam Hamid Dabashi contributes a major eighty five page study of Goldziher's life and scholarship situating both in the intellectual and political currents of his own time while evaluating his work in the context of the current debate over Orientalism **Die Neue Rundschau** ,1914
