Grandpa's Stories Ronald (Ronn) L. Shank,2012-09-17 A number of years ago now as one of my grandsons first birthday approached I thought about what to give a one year old There are a million things that will be played with for a short while then either broken or ignored I wanted to give something special something lasting something that even when older he might still enjoy Then it struck me since he likes the silly little stories I tell him upon his request that maybe I could write some cute little short stories with a moral as well just for him and any of my other grandchildren as well when shared Thats all it took to get me started Since then each year I write a little story that somehow relates to something in his life When another grandchild came along he also was added to the list of recipients of original stories When I got to thinking about it I decided there may be other grandparents that would like to spend time with their grandchild reading a little story Now a few years down the pike and I have enough for a book And so herein I offer my readers a chance to share the joy of time spent reading to a child That is why my stories were written in the first place Children go through phases as with my grandchildren there were the dinosaurs whales especially the blue whale hedge hogs puppies and gold fish Im sure you get my drift All of these fed my imagination and help to produce stories that have a connection and personal touch for both the child and me These stories are not written for children to read but rather for a loving adult to sit down with child on their lap or side by side on a shared sofa and be read to I recommend using funny voices and lots of emphasis and maybe a tickle or two at just the right moment to add flavor and a garnish to each story The giggles like sparklers on the 4th of July will shower joy in all directions and warm the heart of the one reading the story and those close by Do not be concerned about the content all the stories contained in this book are rated PG to be read by Parent or Grandparent I hope you will enjoy these short stories even more that I did writing them

God, Grace and Grandpa Charles J. Grams,2022-02-03 This book is the true story of a boy who grows up with a great and wonderful man the love of Christ and the harsh journey he takes to understanding grace The desire to follow in his grandfather s footsteps is so overpowering that nothing else matters The older the boy becomes the harder to enjoy life outside of his grandfather s presence becomes The turmoil of his parents and schoolmates causes great distress and pain throughout the rest of his life The desire to be a friend to everyone and receive the love of others is tragically destroyed by the harshness of children and adults that don t know the love of Christ or care for other s emotions The daily grind of mean children as well as schoolteachers causes this child to question who he is and if anyone can love him other than his grandfather A true desire to understand God and understand those around him becomes too heavy and the emotional distress that this causes nearly puts an end to this young life Only the love of Jesus and his grandfather keeps him on the correct path of life Fighting through the harder years of teenage life trying to prove his worth to his father dealing with a religious mother and the hatred of others this story is how a young man becomes an exceptional athlete as well as a cocky womanizer He hardens himself to those that have hurt him through the years including his own family The desire for his father to accept him becomes a lost cause and he separates himself from his religious mother to go his own way He never loses his love for his grandfather and the faith he has in God There are harsh and emotional situations in this book It may be hard to understand how people can be so cruel to those who want nothing more than to love and be a part of their life This book will show you that even though you may not realize it the Lord is with you even in times of distress We all look for the answers in life and why we go through the things we do This shows us that no matter what you go through there is one who is always with you and will help you get through anything I truly believe you will enjoy this book and believe and pray the message is loud and clear May the Lord bless you and keep you
