**British Theatre and Performance 1900-1950** Rebecca D'Monte, 2015-02-26. British theatre from 1900 to 1950 has been subject to radical re-evaluation with plays from the period setting theatres alight and gaining critical acclaim. Once again, this book explains why. Presenting a comprehensive survey of the theatre and how it shaped the work that followed, Rebecca D'Monte examines how the emphasis upon the working class, angry drama from the 1950s has led to the neglect of much of the century's earlier drama, positioning the book as part of the current debate about the relationship between war and culture, the middlebrow and historiography. In a comprehensive survey of the period, the book considers the Edwardian theatre, the theatre of the First World War including propaganda and musicals, the interwar years, the rise of commercial theatre and influence of Modernism, the theatre of the Second World War and post-war period. Essays from leading scholars Penny Farfan, Steve Nicholson and Claire Cochrane give further critical perspectives on the period's theatre and demonstrate its relevance to the drama of today. For anyone studying 20th century British Drama, this will prove one of the foundational texts.

The ten years following his great 1905 play on poverty *Major Barbara* present a puzzle to Shaw scholars who have hitherto failed to appreciate both the centrality of the idea of equality in major plays like *Getting Married*, *Misalliance* and *Pygmalion* and to understand that his major political work 1928's *The Intelligent Woman's Guide to Socialism and Capitalism* had its roots in this period before the Great War. As both the era's leading dramatist and leader of the Fabian Society Shaw proposed his radical postulate of equal incomes as a solution to those twin scourges of a modern industrial society poverty and inequality. Set against the backdrop of Beatrice Webb's famous *Minority Report* of the Royal Commission on the Poor Law 1905-1909 a publication which led to grass roots campaigns against destitution and eventually the Welfare State this book considers how Shaw worked with Fabian colleagues Sidney and Beatrice Webb and H G Wells to explore through a series of major lectures prefaces and plays the social economic political and even religious implications of human equality as the basis for modern democracy.
