Amazing to Zombie Phraseology and Culture in English Paul Skandera, 2008-08-22 The proposition that there is a correlation between language and culture or culture specific ways of thinking can be traced back to the views of Herder and von Humboldt in the late 18th and early 19th centuries It is generally accepted today that a language especially its lexicon influences its speakers cultural patterns of thought and perception in various ways for example through a culture specific segmentation of the extralinguistic reality the frequency of occurrence of particular lexical items or the existence of keywords or key word combinations revealing core cultural values The aim of this volume is to explore the cultural dimension of a wide range of preconstructed or semi preconstructed word combinations in English The 17 papers of the volume are divided into four sections focusing on particular lexemes e.g. enjoy and its collocates types of word combinations e.g. proverbs and similes use related varieties such as the language of tourism or answering machine messages and user related varieties such as Aboriginal English or African English The sections are preceded by a prologue tracing the development of the study of formulaic language and followed by an epilogue which draws together the threads laid out in the various papers The relation between language and culture in general has been explored in a number of important works over the past ten years However the study of the relation between English phraseology and culture in particular has been largely neglected This volume is the first book length publication devoted entirely to this topic **Great Australian Outback Nurses Stories** Bill

Waltzing Matilda Dennis O'Keeffe,2012-04-01 Australians know Waltzing Matilda written by our most popular poet Banjo Paterson as our most loved song and unofficial national anthem What Australians don't know is that their song is embroiled in a web of secrecy violence and a triangular love affair Written at a pivotal time in Australia's history Waltzing Matilda is as important to Australian culture as events like the Eureka Stockade and the story of Ned Kelly In the middle of remote Queensland shearing sheds were being burnt to the ground by striking union shearers amid violent gun battles and sheep being burnt to death A swagman mysteriously died beside a remote billabong possibly shot by the squatter or one of the three policemen Then a secret deal was done by unionists to conceal the truth of the swagman's death Banjo Paterson becomes entangled in a love affair that destroys the lives of two women This is the story of Waltzing Matilda Although various authors and historians have written about Waltzing Matilda mostly they have been influenced by their own political leanings Generally the left side of politics claim the song is a political allegory and the conservatives claim Waltzing Matilda is nothing but a meaningless little ditty All of them have neglected to consider in general that Banjo Paterson like a lot of successful men was a womaniser One hundred and fifteen years after the writing of Waltzing Matilda Australians continue to be fascinated with the song and sing it proudly wherever they meet to celebrate Given the facts outlined in this story they will be further captivated and embrace the song for decades to come
