Excerpt from Great Britain and the Congo The Pillage of the Congo Basin Whoever desires to master the Congo question must go to Mr Morel for his facts for there is no one official or unofficial British or foreign who has devoted to it the same time or thought For nine years he has given his life to the investigation and the exposure of this huge international scandal If it has ever been laid bare before the world it is to him above all men that it is due It has been a weary thankless task in which ceaseless calumny has been the main weapon of his opponents For years he has been depicted in the Continental Press as a man who stood as the spokesman of a clique of Liverpool merchants or as one who schemed in favour of Protestant missions or of British territorial expansion But those who know him are aware that the one driving force which has enabled him to remain constant to his purpose has been the hot indignation which he has felt at cruel deeds and the keen sense of injustice which has been aroused in his generous mind by the iniquitous treatment of the native population of the Congo About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      Great Britain and the Congo; The Pillage of the Congo Basin; E D 1873-1924 Morel,2015-08-21 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant      Great Britain and the Congo Morel E. Pavlaklis,2016-03-09 The Congo Free State was under the personal rule of King Leopold II of the Belgians from 1885 to 1908 The accolades that attended its founding were soon contested by accusations of brutality oppression and murderous misrule but the controversy by itself proved insufficient to prompt changes Starting in 1896 concerned men and women used public opinion to influence government policy in Britain and the United States to create space for reforming forces in Belgium itself to pry the Congo from Leopold s grasp and implement reforms Examining key factors in the successes and failures of a pivotal movement that aided the colonized people of the Congo and broadened the idea of human rights British Humanitarianism and the Congo Reform Movement provides a valuable update to scholarship on the history of humanitarianism in Africa The Congo Reform movement built on the institutional experience of overseas humanitarianism the energy of evangelical political involvement and innovations in racial imperial and nationalist discourse to create political energy Often portrayed as the efforts of a few key people especially E D Morel this book demonstrates that the movement increasingly manifested itself as an institutionalized and transnational campaign with support from key government officials that ultimately made a material difference to the lives of the people of the Congo **The Future of the Congo** Edmund Dene Morel,1909 **Official Organ of the Congo Reform Association** Congo Reform Association,1909 Quarterly Bulletin Brooklyn Public Library,1908 **Quarterly Bulletin of the Brooklyn Public Library** ,1908 **Brooklyn Public Library News Bulletin** Brooklyn Public Library,1908 **Bulletin (1901-195 )** Brooklyn Public Library,1908 **Bulletin of the Brooklyn Public Library** Brooklyn Public Library,1908 **Stanley** Tim Jeal,2011-10-06 Henry Morton Stanley was a cruel imperialist a bad man of Africa Or so we think but as Tim Jeal brilliantly shows the reality of Stanley s life is yet more extraordinary Few people know of his dazzling trans Africa journey a heart breaking epic of human endurance which solved virtually every one of the continent s remaining geographical puzzles With new documentary evidence Jeal explores the very nature of exploration and reappraises a reputation in a way that is both moving and truly majestic
