Branaghan,2019-07-25 The first complete history of illustrated film posters in the UK covers every aspect of design printing and display from the Victorian era to the arrival of DeskTop Publishing in the 1980s British Film Posters examines the contribution vintage film posters have made to British popular art of the 20th century British films of the 1970s Paul Newland,2015-11-01 British films of the 1970s offers highly detailed and insightful critical analysis of a range of individual films of the period This analysis draws upon an innovative range of critical methodologies which place the film texts within a rich variety of historical contexts The book sets out to examine British films of the 1970s in order to get a clearer understanding of two things the fragmentary state of the filmmaking culture of the period and the fragmentary nature of the nation that these films represent It argues that there is no singular narrative to be drawn about British filmmaking in the 1970s other than the fact that these films offer evidence of a Britain and ideas of Britishness characterised by vicissitudes While this was a period of struggle and instability it was also a period of openings of experiment and of new ideas Newland looks at many films including Carry On Girls O Lucky Man That'll be the Day The Shout and The Long Good Friday *Big Picture, Small Screen* John Hill,Martin McLoone,1996 This work features contributions from academics and media professionals who ask what is the history of involvement between film and television in the US Europe Britain and Ireland what are the sources of television finance for film and what are the consequences for the type of film made **The Great British Dream Factory** Dominic Sandbrook,2015-10-01 SPECTATOR BOOKS OF THE YEAR 2015 Britain's empire has gone Our manufacturing base is a shadow of its former self the Royal Navy has been reduced to a skeleton In military diplomatic and economic terms we no longer matter as we once did And yet there is still one area in which we can legitimately claim superpower status our popular culture It is extraordinary to think that one British writer J K Rowling has sold more than 400 million books that Doctor Who is watched in almost every developed country in the world that James Bond has been the central character in the longest running film series in history that The Lord of the Rings is the second best selling novel ever written behind only A Tale of Two Cities that the Beatles are still the best selling musical group of all time and that only Shakespeare and the Bible have sold more books than Agatha Christie To put it simply no country on earth relative to its size has contributed more to the modern imagination This is a book about the success and the meaning of Britain's modern popular culture from Bond and the Beatles to heavy metal and Coronation Street from the Angry Young Men to Harry Potter from Damien Hirst to The X Factor *Re-Viewing British Cinema, 1900-1992* Wheeler W. Dixon,1994-07-01 Re-Viewing British Cinema 1900 1992 is a collection of essays on British cinema history and practice It offers both the casual reader and the film scholar a different view of British filmmaking during the past century Arranged in chronological order the book explores those areas of British cinema that have not been fully examined in other works and also offers fresh interpretations of a number of classic films From the work of Frederic Villiers the pioneering British newsreel cameraman who at the turn of the century brought home images of battlefield carnage to essays on the British B film and the long forgotten Independent

Frame method of film production to new readings of classics such as *The Red Shoes* *Passport to Pimlico* and *Peeping Tom* the authors offer a look behind the scenes of the British film industry and engage the reader in some of the most compelling interpretational and historical issues of recent film history and critical theory In addition the volume contains a number of interviews with such key directors as Stephen Frears Terence Davies Wendy Toye and Lindsay Anderson and also pays particular attention to the work of early twentieth century British feminist filmmakers whose films have often been ignored by conventional film theory and history It also offers new material on the British film noir the English horror film and the pioneering gay director Brian Desmond Hurst Taken as a whole this book presents an entirely new series of viewpoints on British film practice theory and reception and affords a fresh and vibrant view of the British film medium
