that drink we share with friends we have at the game and have at our celebrations So this is about traveling across the country sharing many of the stops that people know and spots you may not know about and the beers along the way It s not enough just to enjoy the trip but also to understand how beer has fit into society Not an in depth history but a general overview of some major moments in the evolution of beer With historic notes along the way so along the trip you can learn about the journey beer has had From ancient times to modern times beer has evolved as well The beer evolution has over the years transformed into many different styles of today Also how the drink has been seen and grown in popularity in America It just hasn t been universally accepted as a popular drink from the beginning like some seem to think it has It s these points through history which make the trip that much more interesting When it comes to styles it seems there are too many to count Instead of trying to name and define each one which is what many seem to try to do Rather help define many of the terms used in the styles and the general meanings to get a better idea of what brews are like It s not about defining a taste profile but more defining the core characteristics that make up the nomenclature and where they may draw their roots from Then you can better enjoy the beer versus trying to measure it up to some taste standard Most of all this is a celebration of the classic American road trip With an eye to the craft beers which makes America unique in the brewing world So it s not just the mass of brewpubs in Portland or California but what you can find near the Grand Canyon or along the skyline drive on the East Coast to raise a pint Great beers aren t just in major cities but in small towns all across the country and no matter where you go there is likely a brewery in the area making something worth checking out From the Great Plains Gulf coast or west Texas you can find something to see experience and drink That is what the book is about Not just a fun ride but an experience of circling the country with a mind on area and beers you can find It s a call to ride with a mind for beer Have a flight and find what you can see and learn along the way **Cheers** ,1998 [Beer Lover's Virginia](#) Tanya Birch,2015-11-01 Beer Lover s Virginia features over 100 breweries brewpubs and beer bars geared towards beer enthusiasts looking to seek out the best brews throughout the state from bitter citrusy IPAs to rich complex stouts In this exciting and ever evolving US craft beer marketplace the state of Virginia is making their own strong impact on our nation s thriving beer scene This comprehensive guide book will share all you need to know about its current environment covering the entire beer experience for the proud local beer lover and the traveling visitor alike including information on breweries and beer profiles with tasting notes brewpubs notable craft beer bars beer festivals self guided tours and beer bus tours city trip itineraries with bar crawl maps bonus appendix of food and clone beer recipes you can make at home
