**The Charles Strong Lectures** Robert B. Crotty, 1987 *Chinese Beliefs*

*and Practices in Southeast Asia* Hock-Tong Cheu, 2021-08-16 This book consists of fifteen chapters which can be divided into five major themes i Chinese religion ii Chinese attitudes toward religion iii Chinese spirit cults in Malaysia iv the development of local spirit cults and v major festivals celebrated in Malaysia The first section deals with three Chinese religious traditions in Malaysia in particular and other countries like Singapore Indonesia and Thailand in Southeast Asia in general The second section attempts to discuss on Chinese attitudes towards religion Chinese religious conception and its implication in their social life and how Confucian ethics have contributed to the economic success of the Chinese in Malaysia The Third section seeks to examine the various aspects of the Nine Emperor Gods the Datuk Kong Malay keramat and the spread of Malay and Chinese spirit cults to Sabah East Malaysia The fourth section deliberates on three major processes of change in the development of spirit cults in Malaysia the localization of Chinese locality cults including Tudigong and Dabogong the Sinicization of the Malay keramat and the indigenization or desinicization of an aboriginal Datuk Seman in Broga Selangor And the last section winds up with the practical aspects of celebrating festivals in Malaysia and other parts of Southeast Asia with special emphasis on festivals in general in the Chinese calendar the festival of the Nine Emperor Gods in Southeast Asia and the socio psychological aspects of the Nine Emperor Gods Vegetarian Festival in Thailand Subtle Censorship William Joseph Cardwell, Wm Josepf Cardwell, 2002-10 The war on drugs assumes all casual users are corrupted equally It separates family love loyalty and all positive social structures into protectionist policies while ignoring the fact that casual users likewise demonstrate all of these qualities It keeps the testimonial as its logo and ignores the fact that experience holds no secrets It calls casual use bad and sobriety good And ignores that in all practical terms the two are simply different This book is structured as a debate between two opponents one pro drug choice the other against Using a point counterpoint style the two present their best and worse case experiences Though there is a logical structure to the presentation of ideas I have labored to make the debate seem as natural as possible The intent of the book may seem to build a case for the legalization of certain drugs however my greater intent is this to present the ideas and voices of those too long dismissed in this debate Most people believe there are only two sides to an argument This is a false assumption for there is right wrong and neutral This oft overlooked third alternative I have relegated to the footnotes I would encourage you to not just read passively but rather engage the conversation with your own arguments My best hope is this you will come to see the world in ways you have till now overlooked **Maitreya, the Future Buddha** Alan Sponberg, Helen Hardacre, 1988-04-29 This 1988 book is a multidisciplinary and cross cultural study of the legend that has evolved around the figure of Maitreya **People of the Rainbow** Michael I. and compelling profile describes the origins and recent history of the Rainbows and explains the eclectic philosophy of environmentalism feminism peace activism group sharing libertarianism and consensus government they espouse A fictional re creation of a day in the life of a Rainbow character named Sunflower begins the book illustrating events that might typically occur at an annual North American Rainbow Gathering Using interviews with Rainbows content analysis of media reports participant observation and scrutiny of government documents relating to the group Niman presents a complex picture of the Family and its relationship to mainstream culture called Babylon by the Rainbows Niman also looks at internal contradictions within the Family and examines members problematic relationship with Native Americans whose culture and spiritual beliefs they have appropriated The nomadic nature of the Rainbow Family has long exasperated the U S government especially the Forest Service and has baffled the media Niman places the Rainbow Family s gatherings in a historical context by framing the group s activities in terms of the long tradition of intentional communities and utopian experimentation within the United States Concluding with reflections on the successes and limitations of the Rainbow movement People of the Rainbow provides an extensive ethnography of this intriguing subculture and provides fresh insights into the ongoing legacy of utopian communalism The Author Michael I Niman is an adjunct assistant professor of American studies at the State University of New York at Buffalo and a lecturer in the communication department at Buffalo State College
