Great Awakening 1720 1760:

The Great Awakening, 1720-1760 Monroe Stearns, 1970-01-01 Discusses that period in American history when ministers such as Theodorus Frelinghuysen and Jonathan Edwards stirred in men a sense of worth and dignity which eventually produced the movement for independence *The Great Awakening and Southern Backcountry Revolutionaries* Richard J. Chacon, Michael Charles Scoggins, 2014-07-08 This work documents the impact that the Great Awakening had on the inhabitants of colonial America's Southern Backcountry. Special emphasis is placed on how this religious revival furrowed the ground on which the seeds of the American Revolution would sprout. The investigation shows how the Great Awakening can be traced to the Europe's Age of Enlightenment. This effort also demonstrates how and why this revival spread so rapidly throughout the colonies. Special focus is placed on how the Great Awakening impacted the mindset of colonists of the Southern Backcountry. Most significantly, this research demonstrates how this 18th-century revival not only cultivated a sense of American national identity but how it also fostered a colonial mindset against established authority which in turn facilitated the success of the American Revolution. Additionally, this investigation will document from a cross-cultural perspective how religious revivals have fueled other revolutionary movements around the world. Such analysis will include the Celtic Druid Revolt, the Maji Maji Rebellion of East Africa, along with the Mad Man's War in Southeast Asia. Lastly, the ethical ramifications of minimizing or denying the role that religion played in political and social transformations around the world will be addressed. This final point is of paramount importance given current trend in academia to minimize the role that religion played in spurring revolutions while emphasizing material, i.e. economic causal factors. This attempt at divorcing religion from history is misguided and unethical because it is not only misleading but it also fails to fully acknowledge the beliefs and values that motivated individuals to take certain actions in the first place. **Fellowship of the Burning Heart** A. W. Tozer, 2006-07 Viewed by his contemporaries as a preacher and writer with a prophetic edge, Tozer had a powerful effect on people. James Snyder has done a masterful job of selecting and transcribing sermons from his private collection of rare recordings and has also captured Tozer the man in a biography laced with anecdotes and personal material that only a seasoned researcher could find. Theodorus Frelinghuysen's Evangelism Scott Maze, 2020-01-01 This book presents a thorough investigation of the evangelistic contributions of Theodorus Jacobus Frelinghuysen 1692-1747 within the context of the First Great Awakening. In it, Scott Maze identifies the theological foundations of Frelinghuysen's ministry, surveys his key evangelistic endeavors, and evaluates the effects these things had on the Great Awakening. This book sheds light on a lesser-known figure of the Great Awakening, reveals the influence of the Dutch Further Reformation (Nadere Reformatie) in colonial North America, and provides significant insights in terms of ministry contextualization for the contemporary student of evangelism. Table of Contents: 1. A Brief Biography 2. Theological Bases 3. Evangelistic Contributions 4. Catalyst to the First Great Awakening. Reading Jonathan Edwards M.X. Rural Society in the Age of Reason Chris J. Dalglish, 2006-04-11 My interest in the archaeology of the Scottish Highlands began long before I had any formal training in the subject Growing up on the eastern fringes of the southern Highlands close to Loch Lomond it was not hard stumble across ruined buildings old field boundaries and other traces of everyday life in the past This is especially true if you spend much time as I have done climbing the nearby mountains and walking and driving through the various glens that give access into the Highlands At the time I had no real understanding of these remains simply accepting them as being built and old After studying archaeology for a few years at the University of Glasgow itself only a short commute from the area where I grew up I became acutely aware that I still had no real understanding of these miliar yet enigmatic buildings and fields This and a growing interest in Scotland s historical archaeology drove me to take several courses on the subject of rural settlement studies These courses allowed me to place what I now knew to be houses barns mills shieling transhumance settlements rig and furrow cultivation and other related remains in history Overwhelmingly they seemed to date from the period of the last 300 years I also began to understand how they all worked together as component parts of daily rural life in the past *Children's Books in Print* ,1980 **America's History, Volume 1: To 1877** James A.
