Wynn Thomas, 2009-10-15 Ranging from the nineteenth century to the present this book explores several central aspects of the ways in which the English language poetry and fiction of Wales has responded to what was for a crucial period of a century or so the dominant culture of Wales the culture of Welsh Nonconformity In the introduction the author reflects on why no sustained attempt has hitherto been made to investigate one of the formative cultural influences on modern Anglo Welsh literature the Nonconformist inheritance The importance of addressing this strange and significant cultural deficit is then explained and a preliminary attempt made to capture something of the spirit of Welsh Nonconformity The succeeding chapters address and seek to answer such questions as What exactly did the Welsh chapels believe and do Why have the English language writers of Wales from Caradoc Evans and Dylan Thomas to R S Thomas and the authors of today been so

fascinated by them How accurate are the impressions we've been given of chapel life and chapel people in the English language poetry and fiction of Wales The answers offered may alter our views both of the Welsh Nonconformist past and of Welsh writing in English One of the ideas advanced is that many of Wales most important writers went to war with the preachers in their texts and that their work is therefore the site of cultural struggle Theirs was a war in words waged to determine who would have the last word on modern Welsh experience Class List ,1905 *The Publishers' Trade List Annual* ,1904 **Literary News** ,1901 **Literary News** L.
