Michael Shrubbs

Great Britain And Ireland 1988:

The International Social Survey Programme 1984-2009 Max Haller, Roger Jowell, Tom W Smith, 2009-09-11 The social sciences rely more on the comparative method than on experimental data mainly because the latter is difficult to acquire amongst human populations The International Social Survey Programme has played a pioneering role in creating and sustaining methodologically sophisticated mass attitude surveys across the globe Starting in 1984 with five nations it now encompasses forty five nations spread over five continents each administering an identical annual survey to a random sample of their population Analyses of the data or descriptions of the methodology already appear in over 3 000 publications This book contains new contributions from three dozen eminent scholars who analyse and compare the perceptions and attitudes of citizens across all five continents nations and over time Subjects range from inequality and the role of the state ethnic national and global identities the changing relevance of religion beliefs and practices gender roles family values and work orientations household and society Some chapters focus on methodological issues others focus on substantive findings This book sets new standards for cross cultural research [The Prevention of Terrorism in British Law](#) Clive Walker, 1992

[The Lapwing](#) Michael Shrubbs, 2009-01-01 A detailed authoritative yet highly readable monograph on one of Britain's best loved farmland birds the Lapwing With its striking green black and white plumage and distinctive pee wit call the Lapwing is one of Britain's best known birds Lapwings depend on agricultural land to breed and are considered a barometer of the health of this habitat the population has crashed over recent decades partly due to changes in farming practices In winter Lapwings switch to coastal areas and to wetlands including those in suburban areas where large noisy flocks can gather Michael Shrubbs's *The Lapwing* is a thorough review of Lapwing biology contains sections on population dynamics feeding ecology habitat use migration and conservation there is an impressively detailed review of our current understanding of breeding biology plus discussion of some other species in the genus *The Lapwing* is a superb addition to the Poyser list Of interest to both amateur naturalists who will enjoy insights into the bird's life and to academics who will appreciate the broad overview of current research this title will remain the definitive work on the species for many years to come [Birds in England](#) Andy Brown, Phil Grice, 2010-06-30 The Poyser avifauna's *Birds in Scotland* *Birds in Ireland* and *Birds in Wales* are all now regarded as classic works The series is now completed with *Birds in England* an avifauna for England's diverse birdlife past and present England marks the northwestern limit for many Palearctic breeding birds and is close to the southwestern limit for several others in particular several seabird species whose English colonies are of international significance It is the first point of arrival for new colonists from the south Little Egret and Yellow legged Gull are two recent arrivals and it is also of international importance for wintering and passage populations of various species which breed in the far north of the Palearctic A diverse and fascinating avifauna is augmented by visits from an impressive range of rarities from as far afield as Siberia and Canada Nearctic vagrants in particular are well represented on the English list This important

new avifauna looks in detail at England and its birds analysing present and historical data to present a complete picture of the status range and abundance of every bird on the English list Great Britain and Ireland ,1988 *Monthly Catalog of United States Government Publications* United States.
