**Grandma's Natural Remedies and Ancient Herbal Recipes -** Dueep Jyot Singh,John Davidson,2015-10-02 Grandma's Natural Remedies and Ancient Herbal Recipes Volume 4 Table of Contents Introduction What is The Importance Of fruit vegetables herbs And spices Spices in Your Daily Diet Grandma Cook and Medicine Woman Garam Masala Recipe Massaman Masala Grandma's Herbal Tips Controlling High Blood Pressure Why Grandma Did Not Fuss Curing Cuts Bruises And Wounds Depression Nervous problems Irritability Obesity Cure Curry leaves Lemon Juice Regime Losing weight Through Exercise How Boring Conclusion Author Bio Introduction In this fourth volume of grandma's ancient natural remedies and herbal recipes you are going to get a collection of recipes in which grandmother used fruit vegetables herbs and spices to cure her family and also the neighbors around her These remedies were given to her down the ages from our grandmother and so on Many of these remedies have been lost in the mists of time but there were still some people in ancient times who wrote these remedies down in books In 800 BC Homer praised the knowledge of ancient Egyptians who were extremely skilled in noninvasive surgery and treatment of ailments Ancient well known Greek and Roman medicine men like Galen and Hippocrates gained plenty of their knowledge studying in the University of Amenhotep and the great and glorious physician Lucanus known in

Biblical history as Saint Luke studied under Greek and Egyptian physicians There were plenty of physicians who believe in spells and considered that disease was caused by evil demons Tibetan and other Eastern medicine still uses incantations to get rid of demons which have possessed a human or an animal body thus causing it to get sick In Indian and Chinese medicine the ancient doctors had a good knowledge of the human anatomy More than 4000 years ago doctors in India were practicing plastic surgery by making up noses from flaps of skin taken from other parts of the body In the same manner Chinese doctors knew all about blood circulation and acupuncture In fact Chinese medicine can be considered to be one of the most ancient scientific and knowledgeable science ever known to mankind in today s world It was well documented as was Egyptian medicine of which many ancient priceless papyri have been found Many of these ancient doctors knew about cause and effect even though the belief of disease causing demons possessing a body still lingers on in many parts of the East People are also under the impression that diseases are under the control and power of gods and goddesses who have to be placated so that they do not send an epidemic in the coming rainy season Egypt China Greece Mesopotamia and India were fertile lands That is why there was absolutely no reason why the people living here could not have plenty of healthy food to eat Grains fruit vegetables cereals spices nuts and other natural health giving food were in abundance This is why the ancients lived so long Because of this healthy natural diet and most of the people living outdoors ailments and illnesses were few That is why people of the 21st century are coming back to nature and looking for natural remedies based on fruit and vegetables which are going to cure them of diseases and ailments Chemical based drugs may heal you very well on a short term basis but they are going to have an everlasting long term effect on your body That is because they are made up of chemicals which do not suit the bio physiological functioning system of your body On the other hand fruits and vegetables as well as herbs are going to heal your body naturally while making sure that you do not suffer from any sort of side effects This is the reason why grandma s collected herbal lore and knowledge is all about the wonderful medical and beauty enhancing benefits of different herbs spices fruit vegetables and flowers
