Price, 1925 **Mirrors in the Earth** Asia Suler, 2022-06-28 An award winning nature therapy session for the soul encounter the benevolence of the living world through 12 essays on the Earth healing powers of self compassion and empathy When healing is needed at the deepest level nature will always call us back home not only to the oak woods or water filled coves but to the homes within ourselves In a series of 12 lyrical nature essays herbalist writer and Earth intuitive Asia Suler illuminates the healing power of the living Earth and gives us permission to nurture self compassion and empathy as forces for personal and ecological healing In a time of unprecedented ecological devastation it's easy to feel hopeless and disconnected It's easier still to mask our inherent goodness to imagine that our unique and precious gifts simply aren't enough or forget the power of our inborn empathy For those of us who are highly sensitive innately attuned to the workings and whispers of the natural

world it can be hard to embody the belief that we're enough as we are and that can heal the Earth. Here Suler reveals the opposite: our goodness, our empathy, our intuitive connections, and our capacity for self-compassion are more than personal traits or antidotes to despair; they are in fact our most potent vehicles for planetary transformation. And as we learn to more deeply nurture and accept ourselves, we unlock living, healing connections to Earth. Combining poetic nature writing with exercises and reflection prompts at the end of each essay, *Mirrors in the Earth* coaxes us to come as we are to discover and tend the inherent brilliance and medicine that lives in each of us. From the manatee calm springs of wild Florida to the flower-dotted coves of the world's most biodiverse mountains, *Mirrors in the Earth* is an invitation and encounter with the benevolence of the living world and a nature therapy session for the soul. **Lights, Camera, Witchcraft** Heather Greene, 2021-10-08 Follow the Witch Through Decades of American Entertainment Deviant mistress of the dark arts Goddess worshipper dancing in the moonlight Crystal wielding bookworm with a black hat and broom We recognize the witch because no industry has been quite so influential in shaping our vision of her as Hollywood This comprehensive book delves into the fascinating history of witchcraft and witches in American film and television From Joan the Woman and The Wizard of Oz to Carrie and Charmed author and film scholar Heather Greene explores how these movies and TV shows helped influence the public image of the witch and profoundly affected how women negotiate their power in a patriarchal society Greene presents more than two hundred examples spanning silent reels to present day blockbusters As you travel through each decade you'll discover compelling insights into the intersection of entertainment critical theory gender studies and spirituality *The Greenwood Library of American Folktales* Thomas A.
