**GRAPES Language Description** Gerhard Held,1991 The GRAPES modeling language is a tool for formally describing all components of a system GRAPES allows system developers to employ object oriented modeling techniques where systems are regarded as objects which communicate with each other The abstract syntax of GRAPES provides the terms and concepts required to describe models of this sort The concrete graphical syntax provides the mechanisms required for visual representation of the models The book constitutes the first precise definition of GRAPES and forms the basis for all GRAPES tools *Systems Development Methods for the Next Century* W. Gregory Wojtkowski,Wita Wojtkowski,Stanislaw Wrycza,Armi Krajowej,Joze Zupancic,2012-12-06 This book is a result of the ISD 97 Sixth International Conference on Information Systems Development Methods and Tools Theory and Practice held August 11 14 1997 in Boise Idaho USA The purpose of this Conference was to address the issues facing academia and industry when specifying developing managing and improving software systems The selection of papers was carried out by the International Program Committee All papers were reviewed in advance by at least three people Papers were judged according to their originality relevance and presentation quality All papers were judged purely on their own merits independently of other submissions This year s Information Systems Development Conference ISD 97 is the first ISD conference being held in the US ISD was brought into existence almost ten years ago It continues the fine tradition of the first Polish Scandinavian Seminar on Current Trends in Information Systems Development Methodologies held in Gdansk Poland in 1988 ISD 98 will be held in Bled Slovenia ISD 97 consists not only of the technical program represented in these proceedings but also tutorials on improved software testing and end user information systems and workshop on sharing knowledge within international high technology industries that are intended for both the research and business communities We would like to thank the authors of papers accepted for ISD 97 who all made gal lant efforts to provide me with electronic copies of their manuscripts conforming to com mon guidelines We thank them for thoughtfully responding to reviewers comments and carefully preparing their final contributions
