## **Grasping Imagination The American James:**

**The Grasping Imagination** Peter Martinus Buitenhuis, 1970-12-15 There has been almost no study of the American writings of Henry James that is the fiction essays and travel literature with an American setting The great bulk of Jamesian criticism deals with the international novels particularly his late works This study places James s career in a new perspective by discussing its American aspect It gives the critic an opportunity to come to grips with the evolution of James s technique from his second short story to his penultimate unfinished novel The Ivory Tower [The Grasping Imagination](#) Ian Macmillan Ward, 1970 **The Turn of the Mind** Adré Marshall, 1998 James s narrative strategies are discussed in the context of the techniques employed by his literary predecessors Illuminating comparisons are made with novelists such as Jane Austen and George Eliot and particular attention is paid to the French novelist Flaubert who was probably the most significant influence on James The author examines James s stylistic devices in a selection of representative works from his early middle and late periods Roderick Hudson The Portrait of a Lady and The Golden Bowl **The Dangers of Interpretation** Ilona

Treitel, 2019-08-22 First published in 1996 This comparative study investigates thematic and technical similarities in the works of the two authors who shared a cultural heritage and achieved comparable status in their separate literary traditions Drawing upon theories by Bloom Bakhtin and Lacan the book examines ways in which Henry James and Thomas Mann treat the creative artist and analyze the creative and interpretive processes in their fiction The texts covered range from early works to their great modern novels The Golden Bowl and Doctor Faustus To a great extent the similarities between the works stem from the authors preoccupation with artistic responsibility Adopting Bloom s claim that the creative activity is an interpretive one and that the reader as well as the writer interprets a text into being the book also investigates the reader s responsibility in confronting the dilemmas challenging James and Mann s artist figures Such challenges are the dangers of interpretation discussed in this book Index Bibliography [Writing the Self](#) Peter Collister, 2015-09-30 A monograph that re evaluates the final decade of Henry James creative life It examines the narrative of The American Scene the autobiographical writing a number of short stories and two incomplete novels works which offer contrasting notations of the self [The Aspern Papers and Other Tales, 1884-1888](#) Henry James, 2022-04-07 A scholarly edition of the short fiction of Henry James comprising nine tales including The Aspern Papers and The Liar **Bestiarium** Mariaelisa Dimino, Alessia Polatti, Roberta Zaroni, 2018-10-25T00:00:00+02:00 The human animal relationship has always been characterized by a wide net of interactions and exchanges By providing an overview of the concept of animality and of the several meanings attached to it this book aims at rethinking the real nature of this notion towards a new definition of both the human and the animal The authors highlight the need to overcome the traditional tendency to read the animal merely as a symbol a metaphor or an allegory whose only purpose is that of representing and negotiating human power relations of race class and gender Within this context the edited collection Bestiarium intends to contribute to the present debate on Animal Studies by focusing on

literary texts and discursive practices which reveal the epistemological and cultural dynamics that structure the very representation of the animal

**The Figure of Consciousness** Jill M. Kress, 2013-08-21 Through analysis of metaphors of consciousness in the philosophy and fiction of William James Henry James and Edith Wharton this work traces the significance of representations of knowledge gender and social class revealing how writers conceived of the self in modern literature

Washington Square Henry James, 2001 When timid and plain Catherine Sloper acquires a dashing and determined suitor her father convinced that the young man is nothing more than a fortune hunter decides to put a stop to their romance Torn between a desire to win her father's approval and passion for the first man who has ever declared his love for her Catherine faces an agonizing choice and eventually becomes all too aware of the restrictions that others seek to place on her freedom James's novel interweaves the public and private faces of nineteenth century New York society and is also a study of innocence destroyed

*Portraying the Lady* Donatella Izzo, 2001-01-01 From Daisy Miller to Isabel Archer to Maisie female characters dominate the work of Henry James and often critical discussion of James's work Donatella Izzo shifts that discussion to a different more revealing plane in this original interpretation of James's short fiction By redirecting criticism from a biographical emphasis to a focus on James's engagement with the issues of representation Izzo shows how these short stories actually question and investigate the cultural and ideological practices that produced women both in literature and in society Portraying the Lady brings to light the experimental quality and inherent consistency of stories that have received little critical attention all of which revolve around ideas at the core of the cultural representation of femininity at the time Izzo shows how James by testing and stretching these ideas in his imagery and plots exposed and exploded the perverse logic and the ultimate implications of such culturally shared versions of femininity thus revealing their oppressive quality for women and laying bare literature's complicity in reproducing and circulating them Exposing James's texts as sensitive registers of women's roles during the Victorian Edwardian era this book demonstrates that his texts make readers aware of how those stereotypes operated Blending literary art and feminist criticism with narratological analysis and postmodern theory this groundbreaking work restores a formal awareness to James studies within the wider theoretical concerns of feminist gender and cultural critiques

**Teaching the Short Fiction of Henry James** Kathleen McDonald, Anne S. Jung, 2022-07-21 Henry James stands as one of the preeminent writers of the late 19th early 20th century period however the

world he wrote about has since disappeared This collection of essays provides pedagogical assistance for several of his short stories including *The Jolly Corner* *The Europeans* and *Travelling Companions* and his most anthologized longer works It is aimed at instructors who do not consider themselves experts on James work Each essay approaches a single work offering a critical analysis as well as providing pedagogical suggestions for how to introduce both the work and the relevant social issues to students of the 21st century Family Secrets and the Psychoanalysis of Narrative Esther Rashkin, 2014-07-14

*Family Secrets and the Psychoanalysis of Narrative* is the first book to explore the implications of the psychoanalytic theory of the phantom for the study of narrative literature A phantom is formed when a shameful unspeakable secret is unwittingly transmitted through cryptic language and behavior transgenerationally from one family member to another The haunted individual to whom the encrypted secret is communicated becomes the unwitting medium for someone else's voice and the result is speech and conduct that appear incongruous or obsessive in a variety of ways Through close readings of texts by Conrad Villiers de l'Isle Adam Balzac James and Poe Esther Rashkin reveals how shameful secrets concealed within the unspoken family histories of fictive characters can be reconstructed from their linguistic traces and can be shown not only to drive the characters speech and behavior but also to generate their narratives First articulated by the French psychoanalysts Nicolas Abraham and Maria Torok the theory of the phantom here represents a radical departure from Freudian Lacanian and other psychoanalytic approaches to literary interpretation In Rashkin's hands it also provides a response to structuralist and poststructuralist critiques of character analysis an alternative to deconstructive strategies of reading and a new vantage point from which to consider problems of intertextuality authorship and the formation and origins of narrative Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Loose Ends** Russell Reising, 1996 In this study of American

cultural production from the colonial era to the present Russell Reising takes up the loose ends of popular American narratives to craft a new theory of narrative closure In the range of works examined here from Phillis Wheatley's poetry to Herman Melville's *Israel Potter* from Henry James's *The Jolly Corner* to the Disney Studio's *Dumbo* Reising finds endings that violate all existing theories of closure and narratives that expose the often unarticulated issues that inspired these texts Reising suggests that these non endings entirely refocus the narrative structures they appear to conclude accentuate the narrative stresses and ideological fissures that the texts seem to suppress and reveal shadow narratives that trail alongside the dominant story line He argues that unless the reader notices the ruptures in the closing moments of these works the social and historical moments in which the narrative and the reader are embedded will be missed This reading not only offers

new interpretive possibilities but also uncovers startling affinities between the poetry of Phillis Wheatley and the fiction of Henry James between Charles Brockden Brown's *Wieland* and Melville's least studied novel and between Emily Dickinson's poem *I Started Early Took My Dog* and Disney's animated classic *Pursuing the Implications of these failed moments of closure* Reising elaborates on topics ranging from the roots of domestic violence and mass murder in early American religious texts to the pornographic imperative of mid-century nature writing and from James's descent into naturalist and feminist fiction to *Dumbo's* explosive projection of commercial racial and political agendas for postwar U.S. culture

*Aesthetics of Space in Nineteenth-Century British Literature, 1843-1907* Giles Whiteley, 2020-03-02 Uncovers the link between Ruskin and the tradition of the aesthetics of space Discusses a hitherto under-researched tradition of city writing linking Ruskin to modernism Reads comparatively five important mid-to-late nineteenth-century writers Marries close textual analysis with historically and geographically informed context Fills a gap in the critical literature on city writing between realism and early modernism Charting an aesthetic post-realist tradition of writing this book considers the significant role played by John Ruskin's art criticism in later writing which dealt with the new kinds of spaces encountered in the nineteenth century With chapters devoted to the ways in which aesthetic and decadent writers such as Walter Pater and Oscar Wilde built upon and challenged Ruskin's ideas the book links the late Dickens to the early modernism of Henry James The *Aesthetics of Space in Nineteenth-Century British Literature* gives a vibrant vision of what an aesthetically sensitive treatment of these spaces looked like during the period

**AN AMERICAN PROCESSION** Alfred Kazin, 2013-10-02 *An American Procession* is a study on the largest scale of the major American writers

at work during the historically and literarily crucial century that began in the early 1830s when Ralph Waldo Emerson founded a national literature on the basis of a metaphysical revolution and ended on the eve of the 1930s with the triumph of modernism and the critical recognition of the postponed power of those who had been modern before their time. These one hundred years encompassed a period of unprecedented expansion and promise in the United States and the work of our novelists, essayists, poets, and historians was the mirror of the nation's spirit. The thirty years preceding the Civil War produced the transcendental idealism of Emerson, Thoreau, and Whitman and the dark romanticism of Hawthorne, Poe, and Melville. In the years just after World War I, modernism reached its exemplary form in the work of Eliot, Pound, Hemingway, Dos Passos, and Fitzgerald, and between the two wars emerged the great realists Mark Twain, Henry James, Crane, and Dreiser. It is through an exploration of the lives and works of these writers together with Emily Dickinson, William James, Henry Adams, and Faulkner that Kazin maps out a great literary procession shaped by individual genius, by history, and by the implacable American sense of self. With each writer, Alfred Kazin illuminates for us the work, the influences that informed it, and its influence on the work of others. Each figure seems revitalized for us by Kazin's acuity and powerful sympathy for his subject. *An American Procession* with its intellectual energy, its clarity, and breadth is the brilliantly executed capstone of Kazin's already illustrious career and will stand as the most important study of American literature in our time.

**Theory of Fiction: Henry James** Henry James, James Edwin Miller, 1972-01-01. Comprised of more than 250 selections from Henry James's stories about writers, his critical and speculative essays, his Notebooks, Prefaces, and letters, this collection brings together for the first time in a single systematic volume all the important passages in James's work which have implications for or ideas about his theory of fiction. The result is the most comprehensive, exhaustive, and innovative volume of fictional theory ever published. In many ways, it is the consummation of James's contribution to letters. In a masterful introductory essay, James E. Miller Jr. presents James's theory of fiction in outline; he also contributes brief introductions to each of the seventeen chapters, summarizing the major points. Abundant guides direct the reader to subjects and sources.

*Gothic Fiction/Gothic Form* George E. Haggerty, 2010-11-01. This work offers a new perspective on Gothic fiction and reassesses its place in literary history. After defining his concept of affective form and summarizing the problematic assumptions behind recent critical approaches to the Gothic, George Haggerty introduces a startling theoretical discussion of the Gothic Tale, and he explains in what ways the tale as a form with identifiable affective properties is ideally suited to Gothic concerns. Having established a direct relation between this study and recent discussions of narratology and generic identity, Haggerty develops his argument as it applies to major Gothic works in both England and America, including works by Walpole, Radcliffe, Lewis, Maturin, Shelley, Brontë, Poe, Hawthorne, and James. He examines the Gothic Tale as a form that resolves the inconsistency and incoherence of many Gothic novels and offers even the best of them a center of focus and a way of achieving their fullest affective power. In this study, the Gothic Tale emerges as a means of heightening the emotional intelligibility of Gothic fiction.

and answering Walpole's confused desire to unite two kinds of romance in the Gothic. It is a form that can answer the ontological and epistemological as well as the structural challenge of the Gothic writers. From its first hints within the Gothic novel as an alternative literary mode offering the Gothicists various expressive advantages to its eerie success in a work such as James's *The Jolly Corner*, the Gothic Tale offers insight into generic distinction and literary expression. This is a major statement about an important literary form.
