The Awakening of Modern Japanese Fiction is the first book to treat the literary practices of certain major modern Japanese writers as Buddhist practices and to read their work as Buddhist literature Its distinctive contribution is its focus on modern literature and importantly modern Buddhism which Michihiro Ama presents both as existing in continuity with the historical Buddhist tradition and as having unique features of its own Ama corrects the dominant perception in which the Christian practice of confession has been accepted as the primary informing source of modern Japanese prose literature arguing instead that the practice has always been a part of Shin Buddhist culture Focusing on personal fiction this volume explores the works of literary figures and Buddhist priests who challenged by the modern development of Japan turned to Buddhism in a variety of ways and used literature as a vehicle for transforming their sense of selfhood Writers discussed include Natsume S seki Tayama Katai Shiga Naoya Kiyozawa Manshi and Akegarasu Haya By bringing Buddhism out of the shadows of early twentieth century Japanese literature and elucidating its presence in both individual authors lives and the genre of autobiographical fiction The Awakening of Modern Japanese Fiction demonstrates a more nuanced understanding of the role of Buddhism in the development of Japanese modernity

Natsume S seki 1867 1916 was the father of the modern novel in Japan chronicling the plight of bourgeois characters caught between familiar modes of living and the onslaught of Western values and conventions Yet even though generations of Japanese high school students have been expected to memorize passages from his novels and he is routinely voted the most important Japanese writer in national polls he remains less familiar to Western readers than authors such as Kawabata Tanizaki and Mishima In this biography John Nathan provides a lucid and

vivid account of a great writer laboring to create a remarkably original oeuvre in spite of the physical and mental illness that plagued him all his life He traces S seki s complex and contradictory character offering rigorous close readings of S seki s groundbreaking experiments with narrative strategies irony and multiple points of view as well as recounting excruciating hospital stays and recurrent attacks of paranoid delusion Drawing on previously untranslated letters and diaries published reminiscences and passages from S seki s fiction Nathan renders intimate scenes of the writer s life and distills a portrait of a tormented yet unflaggingly original author The first full length study of S seki in fifty years Nathan s biography elevates S seki to his rightful place as a great synthesizer of literary traditions and a brilliant chronicler of universal experience who no less than his Western contemporaries anticipated the modernism of the twentieth century **The Shuttle** Frances Hodgson Burnett,1907 Twelve years after her sister s marriage to the Englishman Sir Nigel American heiress Betty Vanderpoel is worried about her sister who hasn t been in communication for some time and travels to England where she sets out to help her sister and finds love of her own along the way **Transactions of the Philological Society** Philological Society (Great Britain),1920 List of members included in most vols
