Gray Highway Matthew Holm, Jonathan Follett, 2010 *Alien Abduction in the Cinema* Paul Meehan, 2023-08-17 The alien abduction phenomenon is one of the enduring enigmas of our time While the reality of alien abductions is a hotly debated topic among UFO researchers scientists skeptics and true believers alike the phenomenon indisputably exists as an artifact of popular culture This book analyzes more than 75 films that draw their inspiration from allegedly fact based accounts of alien contact from 1951 s *The Man from Planet X* to *Contactee* in 2021 These films are examined in terms of both their cinematic qualities and their exploration of thematic elements derived from abduction reports Abduction motifs that appear in science fiction classics such as *The Day the Earth Stood Still* 2001 and *Close Encounters* are analyzed as well as those in lesser known films like *The Stranger Within* *Starship Invasions* *Dark Skies* and *Proximity* Special attention is given to movies based on the famed experiences of abductees Betty and Barney Hill Whitley Strieber and Travis Walton The book also addresses skeptical theories about the origins of the phenomenon in science fiction and examines an uncanny prescience that appears to anticipate these inexplicable occurrences [The Best American Travel Writing 2020](#) Jason Wilson, 2020-10-17 The year s best travel writing as chosen by series editor Jason Wilson and guest editor Robert Macfarlane Writing reading and dreaming about travel have surged writes Robert MacFarlane in his introduction to the *Best American Travel Writing 2020* From an existential reckoning in avalanche school to an act of kindness at the Mexican American border to a moral dilemma at a Kenyan orphanage the journeys showcased in this collection are as spiritual as they are physical These stories provide not just remarkable entertainment but also as MacFarlane says deep comfort carrying hope creating connections transporting readers to other worlds and imagining alternative presents and alternative futures The *Best American Travel 2020* includes HEIDI JULAVITS YIYUN LI PAUL SALOPEK LACY JOHNSON EMMANUEL IDUMA JON MOOALLEM EMILY RABOTEAU and others **Moon Pacific Coast Highway Road Trip** Victoriash Arsenian, 2016-01-19 Hit the Road with Moon Travel Guides The PCH is an epic journey 1 700 miles of vibrant cities lively coastal towns and dramatic cliffs all bordered by the glittering Pacific Ocean Inside Moon Pacific Coast Highway Road Trip you ll find Maps and Driving Tools 48 easy to use maps keep you oriented on and off the highway along with site to site mileage driving times and detailed directions for the entire route Eat Sleep Stop and Explore You ll know exactly what you ll want to do at each stop with lists of the best hikes views and more Coast by fields of golden California poppies or stop at a seaside grill in Santa Barbara for the best chicharr n and Baja fish tacos you ve ever tasted Marvel at the mystical evergreen giants of the Pacific Northwest or dance down rainbow colored streets in San Francisco s Castro district Itineraries for Every Traveler Drive the entire two week route or follow suggestions for spending time in in Seattle Portland San Francisco Los Angeles and San Diego Local Expert Born and bred Californian Victoriash Arsenian shares her love of adventure with you Planning Your Trip Know when and where to get gas how to avoid traffic tips for driving in different road and weather conditions and suggestions for LGBTQ
