Great Britain and the Taipings John Stradbroke Gregory,1969 *Great Britain and the Taipings* John Stradbroke Gregory,1969 **China and Great Britain** Britten Dean,2020-03-23 Describes the expansion and transformation of China s economic relations with Great Britain when China was forced to agree to a treaty settlement to open a larger number of ports to foreign trade **The Taiping Rebellion** Shunshin Chin,Joshua A. Fogel,2018-10-24 Written by one of Japan most popular modern authors this is a lively readable and immensely entertaining fictional portrayal of one of the epochal events of the nineteenth century **Great Britain and the Taipings** ,1969 *Reader's Guide to Military History* Charles Messenger,2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th century intervention operations Designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts The book examines naval and air warfare as well as significant individuals including commanders theorists and war leaders Each entry includes a listing of additional publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations **Japan, China, and the Modern World Economy** Frances V. Moulder,1976 **Entering China's Service** Robert Hart,1986 Preliminary Material Katherine F Bruner John K Fairbank and Richard J Smith Hart s Origins Katherine F Bruner John K Fairbank and Richard J Smith Journal Katherine F Bruner John K Fairbank and Richard J Smith Ningpo Hart s Induction into the Chinese Scene Katherine F Bruner John K Fairbank and Richard J Smith Journal Katherine F Bruner John K Fairbank and Richard J Smith Ningpo to Canton 1855 1858 Hart Grows with the Times Katherine F Bruner John K Fairbank and Richard J Smith Journal Katherine F Bruner John K Fairbank and Richard J Smith Hart and the New Anglo Chinese Order of the 1860s Katherine F Bruner John K Fairbank and Richard J Smith Journal Katherine F Bruner John K Fairbank and Richard J Smith The Impact of Robert Hart s Administration Katherine F Bruner John K Fairbank and Richard J Smith Notes Katherine F Bruner John K Fairbank and Richard J Smith Bibliography Katherine F Bruner John K Fairbank and Richard J Smith Glossary Index Katherine F Bruner John K Fairbank and Richard J Smith Harvard East Asian Ivlonographs Katherine F Bruner John K Fairbank and Richard J Smith East Wind Tom Buchanan,2012-04-19 East Wind offers the first complete archive based account of the relationship between China and the British Left from the rise of modern Chinese nationalism to the death of Mao Tse tung Beginning with the Hands Off China movement of the mid 1920s Tom Buchanan charts the mobilisation of British opinion in defence of China against Japanese aggression 1931 1945 and the role of the British left in relations with the People s Republic of China after 1949 He shows how this relationship was placed under stress by the growing unpredictability of Communist China above all by the Sino Soviet dispute and the Cultural Revolution which meant that by the 1960s China was actively supported only by a dwindling group of enthusiasts The impact of the suppression of the student protests in Tiananmen Square June 1989 is addressed as an epilogue East Wind argues that the significance of the

left's relationship with China has been unjustly overlooked. There were many occasions such as the mid 1920s, the late 1930s and the early 1950s when China demanded the full attention of the British left. It also argues that there is nothing new in the current fascination with China's emergence as an economic power. Throughout these decades the British left was aware of the immense unrealised potential of the Chinese economy and of how China's economic growth could transform the world. In addition to analysing the role of the political parties and pressure groups of the left, Buchanan sheds new light on the activities of many well-known figures in support of China, including intellectuals such as Bertrand Russell, R. H. Tawney and Joseph Needham. Many other interesting stories emerge concerning less well-known figures which show the complexity of personal links between Britain and China during the twentieth century.

The Roots and Consequences of Civil Wars and Revolutions Spencer C. Tucker, 2017-02-16. This book treats 30 important civil wars and revolutions across the world, including Africa, Asia, the Americas, Europe and the Middle East, covering a broad swath of recorded history from ancient times to the present. Human history as a whole results from social changes, technological advances and evolutions in thinking and religion, all of which often lead to wars and conflicts. Behind each major war are myriad interrelated causes. This book examines 30 of the most significant civil wars and revolutions in recorded history from ancient times to the modern era, identifying the origins, consequences and subtle impacts of many of these conflicts that are still being felt today. A comprehensive overview essay, as well as explanations of the causes and consequences of each conflict, give readers the context needed to understand the importance of these seminal events. Additional learning tools include a detailed timeline that sets all of the key events in the conflict in the proper context, maps of several of the key battles that help readers visualize the strategies of both sides, and a lengthy bibliography that offers a wealth of options to students looking to investigate any of the conflicts further.

Seaborne Perils Bruce A. Elleman, 2018-02-19. This comprehensive survey of historical and contemporary issues related to maritime crime and piracy, with a special focus on Africa, South Asia and Southeast Asia, explains why piracy is a growing problem and how it affects security policy making in the United States. Here, piracy is defined as taking place on the high seas, while maritime crime takes place within a country's territorial waters. Seaborne terrorism may occur in either one of these maritime zones. Maritime piracy can be divided into several categories: from pirates robbing a ship or its crew of petty items while at sea, to taking a ship's cargo and taking control of a vessel, reflagging it and then using this captured ship to smuggle drugs, transport illegal immigrants or conduct further acts of piracy. This is the most dangerous, not only because pirates can use a captured ship to carry out more raids, but also because they can use the ship's identity papers to transport goods and weapons, potentially WMDs, into otherwise secure port areas. A special concern to the US is that the threat of piracy is growing most quickly in parts of the world such as Africa, South Asia and Southeast Asia, where both global trade is rapidly expanding and where international terrorist groups are actively functioning or have supporters. This geographical overlap suggests that the risk that pirates and terrorists may one day

cooperate to strike at the US or an ally is most likely also on the rise While many important African South Asia and Southeast Asian cases have received insufficient attention many well known historical piracy events stand in need of a reappraisal This book integrates a number of multinational multiregional and historical cases of piracy maritime crime and seaborne terrorism to investigate whether piracy and other forms of maritime crime are becoming a major United States national security concern It analyzes some of the most important cases especially of the 19th 20th and early 21st centuries as well as specific historical events This allows to draw lessons as to what are the components of successful and unsuccessful piracy common causes the type of navy necessary to control it and finally possible military political and economic consequences The book also discusses various types of cases including parasitic intrinsic episodic and opportunistic piracy Specific cases are also evaluated in terms of the changing interpretations of international law and the recent reported growth rates of piracy maritime crime and seaborne terrorism These findings are used to explore the impact of piracy on maritime security in particular in Africa South Asia and Southeast Asia and their surrounding waters which is where the majority of contemporary piracies and maritime crimes occur Different methods of policing piracy and maritime crime are evaluated including the viability of adopting greater Maritime Domain Awareness which would require that all ships at sea regardless of size or function emit a signal beacon identifying their name country of origin and route This combination of historical and modern day piracy and the many cases studied will provide readers with a broader understanding of maritime piracy **James**

Legge and the Chinese Classics Marilyn Laura Bowman, 2016 Long interested in the history of China and in the countries of the Silk Road she has travelled widely in Asia and Europe seeking places with their historical connections Her encounter with James Legge combined her professional interests with her interests in Asian history The challenging events that James Legge experienced across his life in Hong Kong revealed his exceptional linguistic talents and steadfast resilience her own peculiar department as Legge described his interests As she discovered his rich blend of talent and resilience in a setting of great political and cultural conflict she wanted more people to know about this outstanding man Struggle for Empire Kenneth Swope, 2024-05-17 Struggle for Empire provides the first comprehensive modern biography in English of the late Qing dynasty statesman strategist and military commander Zuo Zongtang 1812 1885 A national hero in China Zuo s remarkable story remains understudied in the West Author Kenneth Swope traces Zuo s unlikely rise from poverty and obscurity in rural Hunan province to become the most powerful Han Chinese official in Manchu China Zuo embodied a new practical type of Chinese official grounded in the study of military history and strategic geography who realized that the secret to China s survival was to both live up to traditional Confucian norms and expectations while also adapting science and technology from the West Zuo also pushed for self strengthening building China s first modern naval yard and setting up arsenals silk factories and publishing houses across China Zuo also helped the Qing put down the greatest civil war in human history the Taiping Rebellion **Story of the World, Vol. 4: History for the Classical Child: The Modern Age (Vol. 4)**
