Economic Development in Chinese Societies Y. C. Jao, Victor Mok, Lok-sang Ho, 1989-01-01 *Hong Kong's Tortuous Democratization* Ming Sing, 2004-08-02 This book raises interesting questions about the process of democratization in Hong Kong It asks why democracy has been so long delayed when Hong Kong's level of socio economic development has become so high It relates democratization in Hong Kong to wider studies of the democratization process elsewhere and it supplements the received wisdom that democracy was delayed because of colonial rule and by the opposition of China with new thinking for example that its quasi bureaucratic authoritarian political structure vested power in bureaucrats who refused to have top down democratization a politically weak civil society and a non participant political culture that crippled bottom up democratization plus the division between pro democratic civil society and political society Goh Keng Swee Emrys Chew, Chong Guan Kwa, 2012 Dr Goh Keng Swee's extensive career as a public servant was dynamic as well as distinguished in many ways decisively instrumental in the making of the Republic of Singapore This distinctive collection of essays attempts an assessment of the long term influence and significance of Dr Goh's major contributions Commissioned as a companion volume to *Goh Keng Swee A Public Career Remembered* this volume brings together an exceptional team of Singaporean scholars whose interdisciplinary expertise and cross generational perspectives offer a balanced analysis and nuanced appraisal of Dr Goh's lifetime of public service The book's contributors argue that Dr Goh's past endeavours bequeathed an enduring legacy meriting fresh examination and careful evaluation in order to appreciate the heroic scale of such achievement Particularly instructive are the examples of Dr Goh's thinking patriotism fiscal prudence strategic pragmatism and creative imagination at work technocracy at its finest which could be of immediate practical benefit to a wider nation of technocrats Further illumination comes from the insights of those contributors who had worked with the former Deputy Prime Minister and knew him personally For a half century that witnessed key turning points and phases of development in Singapore's transformation from colonial port city to independent global city Dr Goh played a leading role in the crafting and conduct of public policy as with the creation of public institutions which made the difference between survival and success *Goh Keng Swee A Legacy of Public Service* will be read by present and future generations of public servants by Singaporeans in general and by all students and laypersons with an interest in the modern history of Singapore social economic political military and cultural to which a characteristically simple and frugal Dr Goh contributed both decisively and unreservedly The organization of this volume reflects both a thematic approach and a chronological arrangement of material the focus and the order of chapters corresponding to the historical sequence of public offices that Dr Goh held social welfare political and constitutional evolution development economics and finance the armed forces and defence industry the education system from schools through higher education to the research institutes Chinese studies from Confucianism to China watching and cultural development with special emphasis on the creation of the Singapore Symphony

East Asian Institute, The: A Goh Keng Swee Legacy East Asian Institute, 2016-02-19 This book records achievements of the East Asian Institute (EAI), one of the top five think tanks in Asia under the leadership of Dr Goh Keng Swee. Professors Wang Gungwu, John Wong and Zheng Yongnian. The hard work behind the nurturing of this institute is sometimes invisible, unwritten and under appreciated but the contributions and results are clear and relevant to the scholarly world. The works of EAI's originating guardians as well as the future endeavours of its current directorship thus need to be chronicled for future generations of scholars to learn from this intellectual experience of managing an institution as complex as EAI. The detailed historiography of EAI in this publication represents the multiple histories of EAI, China's developmental path since the initiation of market reforms as well as Singapore's collaborative interface with China's development.

Chinese Models of Development

Tse-Kang Leng, Yu-Shan Wu, 2014-11-20 Discussion of the Chinese Model abounds with the rise of China This volume analyzes the Chinese case in a theoretical framework provides an evolutionary perspective and compares it with other models of development Instead of focusing on one specific case the book's contributors shed light on the application of theories of international relations comparative politics and development studies to the topic under deliberation This book reflects that the uniqueness of the Chinese model should also be put in an historical and evolutionary context It also provides insights into comparisons with other models of development such as the East Asian model and experiences of the former Soviet Union The authors in the book argue that while globalization constrains state power it may also open new windows of accommodation and adjustments Linkages between the domestic dynamics of development and external forces of change become pertinent in understanding the Chinese models of development
