Mystical Experience of God Jerome Gellman,2017-11-01 This title was first published in 2001 Engaging contemporary discussion concerning the validity of mystical experiences of God Jerome Gellman presents the best evidential case in favor of validity and its implications for belief in God Gellman vigorously defends the coherence of the concept of a mystical experience of God against philosophical objections and evaluates attempts to provide alternative explanations from sociology and neuropsychology He then carefully examines feminist objections to male philosophers treatments of mystical experience of God and to the traditional hierarchal concept of God Gellman finds none of the objections decisive and concludes that while the initial evidential case is not rationally compelling for some it can be rationally compelling for others Offering important new perspectives on the evidential value of experiences of God and the concept of God more broadly this book will appeal to a wide range of readers including those with an interest in philosophy of religion religious studies mysticism and epistemology

Tryptamine Palace James Oroc, 2009-05-21 A journey from Burning Man to the Akashic Field that suggest how 5 MeO DMT triggers the human capacity for higher knowledge through direct contact with the zero point field Examines Bufo alvarius toad venom which contains the potent natural psychedelic 5 MeO DMT and explores its entheogenic use Proposes a new connection between the findings of modern physics and the knowledge held by shamans and religious sages for millennia The venom from Bufo alvarius an unusual toad found in the Sonoran desert contains 5 MeO DMT a potent natural chemical similar in effect to the more common entheogen DMT The venom can be dried into a powder which some researchers speculate was used ceremonially by Amerindian shamans When smoked it prompts an instantaneous break with the physical world that causes out of body experiences completely removed from the conventional dimensions of reality In *Tryptamine Palace* James Oroc shares his personal experiences with 5 MeODMT which led to a complete transformation of

his understanding of himself and of the very fabric of reality Driven to comprehend the transformational properties of this substance Oroc combined extensive studies of physics and philosophy with the epiphanies he gained from his time at Burning Man He discovered that ingesting tryptamines unlocked a fundamental human capacity for higher knowledge through direct contact with the zero point field of modern physics known to the ancients as the Akashic Field In the quantum world of nonlocal interactions the line between the physical and the mental dissolves 5 MeO DMT Oroc argues can act as a means to awaken the remarkable capacities of the human soul as well as restore experiential mystical spirituality to Western civilization

Awakening to Spirit Lee Irwin,1999-07-01 Explores the concept of Spirit in the postmodern age Beneath the Surface Mary McGrath,2019-01-25 This work emerged out of an intention to discern the primal wounding that left our human species so vulnerable to our own destruction It presents some unique theories about the developmental path of our species that when brought into the present light of discernment hold the potential to resolve their own healing in our common human consciousness *Soul Theft* Bill Missett,2008-10-22 DO NOT BUY THIS BOOK IF YOU OWN THE Trilogy or

ATS Book 2 its primary source This the fifth book in the Awakening The Soul series is the story of the discovery of the suppression of almost all the traits of our spiritual nature by those who should have been protecting and enhancing them By the time you get to the end of this book you will understand what Western Religions have done to the world This realization grew to the point where it became obvious this most vital information needed a wider more immediate audience for greater exposure than just to those actively seeking spiritual awakening These historically documented truths many presented here for the first time are something every contemporary Christian Jew and Muslim should know **Spiritual Growth with**

Roberts,2012-03-19 Reveals entheogens as catalysts for spiritual development and direct encounters with the sacred With contributions by Albert Hofmann Huston Smith Stanislav Grof Charles Tart Alexander Sasha Shulgin Frances Vaughan and many others Includes personal accounts of Walter Pahnke s Good Friday Experiment as well as a 25 year follow up with its participants Explores protocols for ceremonial use of psychedelics and the challenges of transforming entheogenic insights into enduring change Modern organized religion is based predominantly on secondary religious experience we read about others extraordinary direct spiritual encounters in the distant past and have faith that God is out there Yet what if powerful sacraments existed to help us directly experience the sacred What if there were ways to seek out the meaning of being human and our place in the universe to see the sacred in the world that surrounds us In this book more than 25 spiritual leaders scientists and psychedelic visionaries examine how we can return to the primary spiritual encounters at the basis of all religions through the guided use of entheogens With contributions by Albert Hofmann Huston Smith Stanislav Grof Charles Tart Alexander Sasha Shulgin Frances Vaughan Myron Stolaroff and many others this book explores protocols for ceremonial use of psychedelics the challenges of transforming entheogenic insights into enduring change psychoactive sacraments in the Bible myths surrounding the use of LSD and the transformative ayahuasca rituals of

Santo Daime It also includes personal accounts of Walter Pahnke's Good Friday Experiment as well as a 25 year follow up with its participants Dispelling fears of inauthentic spirituality addiction and ill prepared encounters with the holy this book reveals the potential of entheogens as catalysts for spiritual development a path through which faith can directly encounter God's power and the beginning of a new religious era based on personal spiritual experience *Vision Stories* John E. Sumwalt, 2002 What if Moses had never told anyone about the burning bush What if Paul had kept quiet about his experience on the road to Damascus What if John had never written a word of what he saw during his exile on Patmos The Bible is filled with mystical stories yet modern culture is often uncomfortable with the concept of spiritual visions Though a recent study showed that as many as 44% of Americans have had some sort of mystical experience people are frequently hesitant to share holy moments that might seem strange to others But John Sumwalt discovered that whenever a small group is gathered together and a vision story is told two or three others will recount a similar episode Almost everyone has either a personal vision story or knows of a friend's experience and if they know that its sacredness will be honored most people want to tell their story This remarkable collection shares 69 authentic life changing narratives that witness to the Lord's power and presence Many of these intensely personal accounts have never been told before and whether they concern visions healing or answers to prayer they all demonstrate our spiritual thirst as well as the indescribable joy comfort and peace that comes from encountering the divine Each illustrates a scripture passage from Cycle B of the Revised Common Lectionary so *Vision Stories* is an especially valuable resource for lectionary preaching But even more it's inspiring reading for personal devotion and spiritual growth This wonderful collection of stories reminds us of a fact our world desperately needs to know that God is alive and well and ready to be at work in our daily lives J Ellsworth Kalas Author of *New Testament Stories from the Back Side* John Sumwalt has given us a treasury of God's meetings with the daily lives of people Too often we think of God as hidden away in the stories of the Bible Here we see God now encountering people in surprising ways of grace May these stories encourage us to tell one another our stories of God's meetings with us as well Dwight Judy Author of *Quest for the Mystical Christ* I am very impressed with *Vision Stories* as a resource for preaching teaching and spiritual formation reading These stories help us to meet what may be the greatest spiritual need of our time to know and to share the experience of the reality of God and the spiritual realm in a materialistic world Charles R Gipson Author of *The Three Year Community for Spiritual Formation Through stories and scriptural comparisons* Sumwalt offers insight into the extraordinary spiritual experiences of ordinary people Cheryl Kirking Author of *Ripples of Joy* A noted storyteller John E Sumwalt is the senior pastor of Wauwatosa Avenue United Methodist Church in Milwaukee Wisconsin The author of CSS acclaimed *Lectionary Stories* series Sumwalt leads seminars and retreats on sharing and understanding visions *The Subtle Energy Body* Maureen Lockhart, 2010-09-23 A global study of the psychospiritual body and its central role in the esoteric and spiritual traditions of the world Explains the nature purpose and functions of the subtle body Explores the role of the subtle body in

such traditions as Alchemy Ayurveda Tantra Qi Gong and Yoga Shows how the various layers of the subtle body provide a map for various levels of consciousness Ancient traditions of both the East and West have long maintained that the human being is a complex of material and nonmaterial systems or energy bodies The subtle body is an energetic psychospiritual entity of several layers of increasing subtlety and metaphysical significance through which the aspirant seeks knowledge of the self and the nature of God In many traditions the component parts of the subtle body serve as a map of the different levels of consciousness The practices and disciplines that evolved from an awareness and understanding of the subtle body and how the material and nonmaterial work together form a coherent system of psychospiritual transformation that is central to numerous and extremely diverse spiritual practices including those of the Gnostics Sufis Native Americans Vedic seers Chinese and Greeks The subtle body plays an essential part in more recent traditions such as Anthroposophy and Gurdjieff s Fourth Way and the cutting edge science of Ervin Laszlo s research into the Akashic field But the benefits of understanding the role of the subtle energy body are not confined solely to the spiritual plane The energetic bodies provide a coherent system of life affirming principles and practices for the diagnosis and treatment of the whole person that is not only part of many traditional healing systems such as Acupuncture and Ayurveda but also is forming the basis for a synthesis of traditional and contemporary healing practices that could lay the foundation for the medicine of the future

Quanta, Spirit, and Mindful Matter Susan M. Leva, 2013-03-19 Ms Leva has written a book that goes beyond the 6th sense and includes Quantum physics for the layman This theory suggests that human beings are connected to each other by means other than just using the power of the mind Ms Leva has decided to share her true stories that will take the reader to other realms of consciousness and she hopes they will inspire others to share more stories that deal with the unexplained Quanta simply means light Her stories include this energy that can be helpful for human beings to live consciously using awareness in thought and behavior Spirit is the essence of ones soul Matter that is Mindful has been done through rigorous experiments in the sub atomic world thereby helping to explain our ability to form connections without our knowledge in relation to one another on the blue planet Knowing this to occur scientists have been inspired to keep exploring as the quest for understanding more about our infinite universe continues So sit back relax and enjoy the ride as spooky can be fun while learning to become more open to the possibilities of life For me this book could not be written without the expertise of physicists scientists biologists mediums philosophers journalists and all those who understand that this life is truly an abundance of knowledge coming together from many fields Each of these pioneers have enabled me to piece together some very important answers to my unanswered questions leaving room for many more Ive had ah ha moments while reading the work of these folks who are my true heroes They have turned on the light

A Magnificent Obsession Danielle Green PhD, 2019-01-14 Perhaps every soul enters the world knowing that it is unalterably corded to an invisible realm but in adapting to physical form forgets until the veil is momentarily lifted and reveals a mystical call that beckons us to awaken to

the real story of existence our unseen bond to this larger reality and the personal destiny imprinted on the soul In a deeply personal and probing exploration of communications with the spiritual world Dr Danielle Green relies on personal experiences gained from her own messages as well as findings from over thirty years of research and documentation of mystical calls to carefully examine messages from beyond and guide others to understanding their own communications with the invisible realm Dr Green explores what it means to receive a mystical call how one follows or refuses the call and how such experiences impact one's perceptions beliefs attitudes physiology and ultimately destiny *A Magnificent Obsession* is the most documented report of mystical calls from around the world and offers a historical religious spiritual evolutionary and psychological perspective to understand this life determining phenomenon **Jacob's Blessing** Donna Sinclair, Christopher White, 1999 An alternative to the remnant and mega church model Authors Sinclair and White combine their ministerial and journalistic strengths to write with honesty and hope about the future of the church Study Guide included **The Direct Path to Self-Realisation and Beyond** Cliff Bunnig, 2011-04-05 This is a book about spiritual development your spiritual development actually It is about empowering you so that you can take charge of your own spiritual development so as to have a meaningful and deeply rewarding spiritual life You don't need to join any organisation or even leave your own home in order to achieve your full spiritual destiny Surprising as it might seem this unique book sets out how you can achieve Self Realisation enlightenment in as little as one to two years This is something that normally takes many decades or whole lifetimes to achieve using traditional methods How is it done By learning a simple easily mastered method of contacting and mentally talking with in a two way mode any high level spiritual being you want to It's called channelling but there is no spirit taking over your body or funny stuff like that So you get spiritual guidance tailored to your own individual needs from whomever you like as often as you like on a 24/7 basis and entirely at no cost to you You can see why it is called The Direct Path to Self Realisation and Beyond What does the Direct Path require of you Just a strong desire to achieve your full spiritual potential as a human being The book is written in a warm personal style so it is accessible to everyone and usable by anyone The way forward is all laid out for you The only question is Are you up for the challenge *One Nation, Two Cultures* Gertrude Himmelfarb, 2001-01-30 From one of today's most respected historians and cultural critics comes a new book examining the gulf in American society a division that cuts across class racial ethnic political and sexual lines One side originated in the tradition of republican virtue the other in the counterculture of the late 1960s Himmelfarb argues that while the latter generated the dominant culture of today particularly in universities journalism television and film a dissident culture continues to promote the values of family a civil society sexual morality privacy and patriotism Proposing democratic remedies for our moral and cultural diseases Himmelfarb concludes that it is a tribute to Americans that we remain one nation even as we are divided into two cultures *A Cloud of Witnesses* Joan S. Hickey, 2013-05-07 This is a book of true stories stories about people who have had extraordinary experiences of God These events have not occurred as going to

heaven in the course of Near Death Experiences as have been chronicled in some best selling books of recent years Rather they have happened here in this world unexpectedly and in the middle of the everyday lives of almost half of present day Americans according to some studies Here you will find in their own words accounts of such experiences from fifty eight of those people some of them sharing their experiences for the first time **The Mystery and the World** Maria Clara Bingemer,2017-02-23 In *The Mystery and the World* Maria Clara Bingemer explores how the place of religion in society has dramatically shifted since the Enlightenment The modern era is characterised by a major change in humanity's fundamental desires that means that reason has taken the place of faith Human beings in their ongoing search for a scientific understanding of the world have drifted away from seeking any essence of transcendence in their lives Bingemer examines this transition and how especially in the postmodern era it has led to technology and superficial happiness becoming all important as opposed to the more sacred sense of contentment that governed us for centuries prior to the Enlightenment In her discussion however Bingemer demonstrates that we as humans have not lost our innate desire to believe in a higher power and that even in our world of instant satisfaction we still need to fill the void left by religion Through well researched analysis of the modern era and discussion of some of the mystics of more recent times she reveals to readers how our religious belief whilst changed is not dead and is still an important aspect of our existence
