Ecology Of Devastation Indochina A Penguin Special:

National Library of Medicine Current Catalog National Library of Medicine (U.S.),1972 First multi year cumulation covers six years 1965 70

The Invention of Ecocide David Zierler,2011-05-01 As the public increasingly questioned the war in Vietnam a group of American scientists deeply concerned about the use of Agent Orange and other herbicides started a movement to ban what they called ecocide David Zierler traces this movement starting in the 1940s when weed killer was developed in agricultural circles and theories of counterinsurgency were studied by the military These two trajectories converged in 1961 with Operation Ranch Hand the joint U S South Vietnamese mission to use herbicidal warfare as a means to defoliate large areas of enemy territory Driven by the idea that humans were altering the world s ecology for the worse a group of scientists relentlessly challenged Pentagon assurances of safety citing possible long term environmental and health effects It wasn t until 1970 that the scientists gained access to sprayed zones confirming that a major ecological disaster had occurred Their findings convinced the U S government to renounce first use of herbicides in future wars and Zierler argues fundamentally reoriented thinking about warfare and environmental security in the next forty years Incorporating in depth interviews unique archival collections and recently declassified national security documents Zierler examines the movement to ban ecocide as it played out amid the rise of a global environmental consciousness and growing disillusionment with the containment policies of the cold war era

Science and American Foreign Relations since World War II Greg Whitesides,2020-05-28 The sciences played a critical role in American foreign policy after World War II From atomic energy and satellites to the green revolution scientific advances were central to American diplomacy in the early Cold War as the United States leveraged its scientific and technical pre eminence to secure alliances and markets The growth of applied research in the 1970s exemplified by the biotech industry led the United States to promote global intellectual property rights Priorities shifted with the collapse of the Soviet Union as attention turned to information technology and environmental sciences Today international relations take place within a scientific and technical framework whether in the headlines on global warming and the war on terror or in the fine print of intellectual property rights Science and American Foreign Relations since World War II provides the historical background necessary to understand the contemporary geopolitics of science

Toxic War Peter Sills,2014-02-15 The war in Vietnam spanning more than twenty years was one of the most divisive conflicts ever to envelop the United States and its complexity and consequences did not end with the fall of Saigon in 1975 As Peter Sills demonstrates in Toxic War veterans faced a new enemy beyond post traumatic stress disorder or debilitating battle injuries Many of them faced a new more pernicious slow killing enemy the cancerous effects of Agent Orange Originally introduced by Dow and other chemical companies as a herbicide in the United States and adopted by the military as a method of deforesting the war zone of Vietnam in order to deny the enemy cover Agent Orange also found its way into the systems of numerous active duty soldiers Sills argues that manufacturers understood the dangers of this

compound and did nothing to protect American soldiers Toxic War takes the reader behind the scenes into the halls of political power and industry where the debates about the use of Agent Orange and its potential side effects raged In the end the only way these veterans could seek justice was in the court of law and public opinion Unprecedented in its access to legal medical and government documentation as well as to the personal testimonies of veterans Toxic War endeavors to explore all sides of this epic battle

Words for a Small Planet Nanette Norris,2013 Ecocriticism has matured beyond nature writing beyond writing about nature The essays in this volume look at the broader cultural historical sociological and psychological implications of ecology in written visual and sound culture In keeping with our sense of a global community these essays are representative of international scholarship on ecology and the environment and display the range of insight of which this criticism is capable Focusing on popular culture this volume is in the vanguard of our collective reflections on the directions in which our various societies are going

Southeast Asia, Student Economy Edition D R SarDesai,2018-10-03 This book is concerned with Western activity in the southeast Asia and the indigenous reaction to it It deals with the traditions of the people of Southeast Asia traditions that apply to both urban and rural populations The book includes the early European intrusion in insular Southeast Asia

Southeast Asia D R SarDesai,2012-12-23 A balanced accessible and authoritative account of the history of Southeast Asia from ancient to contemporary times

Globalization and Democratization in Asia Kristina Jonsson,Catarina Kinnvall,2003-09-02 Globalization is a defining feature of our times covering everything from economic and political issues to the spread of American culture Its status is controversial however with some viewing it as leading to greater development for all while others see it as a threat to national cultures and democratic political life This book shows how simplified such binary views are and examines how various globalizing forces have affected Asian societies It discusses the relationship between globalization identity and democratic developments in Asia both theoretically and empirically and aims to understand how economic political and social forces interact and are mutually reinforced in Asian societies

The War Managers Douglas Kinnard,2014-03-15 Long considered a classic for its enlightening analysis of what went wrong in Vietnam this frank assessment of the American involvement in the war comes straight from the U S Army generals responsible for its conduct in the field First published in 1977 to great acclaim the painful indictment of both the military and civilian policy makers serves as a useful guide on how to avoid similar disasters in today s conflicts The author an American general who was chief of staff of the most important field command in Vietnam before his retirement in 1970 sent an extensive questionnaire to 173 other generals in 1974 seeking their views on the war and guaranteeing anonymity Nearly 70% responded with many adding pages of comments about such sensitive subjects as leadership and integrity General Kinnard then interviewed twenty of the respondents and supplemented their input with research of Army documents What emerges from his analysis of the generals responses is a uniquely fascinating and penetrating look at the war focusing on such central issues as the competence of American and Vietnamese troops the clarity of U S objectives the influence of

body counts and much more **The Inter-Asia Cultural Studies Reader** Kuan-Hsing Chen, Beng Huat Chua, 2015-04-22 Asian Cultural Studies or Cultural Studies in Asia is a new and burgeoning field and the Inter Asia Cultural Studies Journal is at its cutting edge Committed to bringing Asian Cultural Studies scholarship to the international English speaking world and constantly challenging existing conceptions of cultural studies the journal has emerged as the leading publication in Cultural Studies in Asia The Inter Asia Cultural Studies Reader brings together the best of the ground breaking papers published in the journal and includes a new introduction by the editors Chen Kuan Hsing and Chua Beng Huat Essays are grouped in thematic sections including issues which are important across the region such as State violence and social movements and work produced by IACS sub groups such as feminism queer studies cinema studies and popular culture studies The Reader provides useful alternative case studies and challenging perspectives which will be invaluable for both students and scholars in media and cultural studies **Southeast Asian History** D.R. SarDesai, 2018-05-04 Designed to stand on its own or to accompany the seventh edition of D R SarDesai's Southeast Asia Past and Present this updated reader includes classic and recent works on the history of Southeast Asia SarDesai has selected literary and historical writings that address crucial controversies in the region of Southeast Asia The readings are organized in four sections Cultural Heritage Colonial Interlude Nationalist Response and the Fruits of Freedom and cover the entire range of Southeast Asian history from ancient to contemporary times Geographically the book includes Myanmar Thailand Malaysia Brunei Singapore Indonesia East Timor Laos Cambodia Vietnam and the Philippines The revised second edition retains the most popular readings from the first edition while replacing some of the historical chapters updating the contemporary and recent coverage and adding new readings to pertinent subject areas Southeast Asian History Essential Readings provides valuable context and critical background to events of this region **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1973 **The Liberal Hour** G. Calvin Mackenzie, Robert Weisbrot, 2008 A history of the liberal movement in the 1960s argues that the government was largely responsible for many of the positive changes associated with the period in an account that evaluates the cultural and political factors that enabled key reforms Legacy of a War Ellen Frey-Wouters, 2020-10-28 A survey examines American attitudes toward the Vietnam War and the experiences and ideas that turned most people against the war Writing from These Roots John Duffy, 2007-01-01 Writing from These Roots documents the historical development of literacy in a Midwestern American community of Laotian Hmong a people who came to the United States as refugees from the Vietnam War and whose language had no widely accepted written form until one created by missionary linguists was adopted in the late twentieth century by Hmong in Laos and later the U S and other Western nations For this reason the Hmong provide a unique opportunity to study the forces that influence the development of reading and writing abilities in cultures in which writing is not widespread and to do so within the context of the political economic religious military and migratory upheavals classified broadly as globalization Drawing on life history interviews

collected from Hmong refugees in a Wisconsin community this book examines the disparate political and institutional forces that shaped Hmong literacy development in the twentieth century including in Laos French colonialism Laotian nationalism missionary Christianity and the CIA during the Vietnam War It further examines the influences on Hmong literacy in the U S including public schooling evangelical Christianity

Regions of Risk Kenneth Hewitt, 2014-09-19 An introduction to hazards human vulnerability and disaster paying particular attention to the more severe or novel risks and disaster that affect the general public The book is split into two parts the first of which gives an overview of the field of risk and disaster in terms of three perspectives hazards perspective vulnerability perspective and the active perspective The second part illustrates and develops these ideas in relation to some of the more severe dangers and disasters of the twentieth century for example earthquake risk cities at risk and the civil disasters of war
