Economics Missing Links:

The Missing Links James E. Rauch, 2007-08-16 Half of all workers are hired through personal referrals and networks of social connections channel the flows of capital technology and international trade Sociologists and economists alike recognize that economic exchange is shaped by social networks which propagate information and facilitate trust but each discipline brings a distinct theoretical perspective to the study of networks Sociologists have focused on how networks shape individual behavior economists on how individual choices shape networks The Missing Links is a bold effort by an interdisciplinary group of scholars to synthesize sociological and economic theories of how economic networks emerge and evolve Interweaving sophisticated theoretical models and concrete case studies The Missing Links is both an introduction to the study of economic networks and a catalyst for further research Economists Rachel Kranton and Deborah Minehart illustrate their field's approach to modeling network formation showing how manufacturers form networks of suppliers in ways that maximize profits Exemplifying the sociological approach Ronald Burt analyzes patterns of cooperation and peer evaluations among colleagues at a financial organization He finds that dense connections of shared acquaintances lead to more stable reputations In the latter half of the book contributors combine the insights of sociology and economics to explore a series of case studies Ray Reagans Ezra Zuckerman and Bill McEvily investigate an R D firm in which employees participate in overlapping collaborative teams allowing the authors to disentangle the effects of network structure and individual human capital on team performance Kaivan Munshi and Mark Rosenzweig examine how economic development and rising inequality in India are reshaping caste based networks of mutual insurance and job referrals Their study shows that people's economic decisions today are shaped both by the legacy of the caste hierarchies and by the particular incentives and constraints that each individual faces in an evolving labor market Economic globalization is forging new connections between people in distant corners of the world while unsettling long standing social relations Anyone interested in understanding the opportunities and challenges of this era of rapid change will find a highly informative guide in The Missing Links

Global Value Chains and the Missing Links Saon Ray, Smita Miglani, 2018-05-15 Global value chains GVCs are fraught with the phenomenon of fragmentation and dispersion of production across the world India presents a unique example with its high potential in manufacturing capability but low integration in GVCs This book examines the reasons why India has failed to integrate within GVCs so far and looks at key examples to understand the impediments in this process The chapters bring together case studies from across the manufacturing industry labour intensive garment paper and diamond capital intensive automobile and petrochemical and knowledge intensive semi conductor microchip chemical and pharmaceutical sectors Together they present stories of successful integration of some firms in GVCs as well as the difficulties faced by them The volume also highlights the importance of GVCs in the context of developing countries in terms of benefits such as income and value generation knowledge and technology collaborations and advances in systems and

processes This book will interest scholars and researchers in economics international trade studies development economics and business management as well as to practitioners policymakers government officials and those in the corporate sector

Missing Links in Labour Geography Ann Cecilie Bergene, Sylvi B. Endresen, 2016-12-05 Addressing a number of missing links in the analysis of labour and its geographies this volume examines how theoretical perspectives on both labour in general and the organizations of the labour movement in particular can be refined and redefined Issues of agency power and collective mobilizations are examined and illustrated via a wide range of case studies from the global north and global south in order to develop a better and fuller appreciation of labour market processes in developed and developing countries

The Missing Link Richard E. Bissell, Curt Walter Gasteyger, 1990 The Missing Link brings together the views on the defense of the continent of the five principal neutral nations in Europe Switzerland Sweden Finland Yugoslavia and Austria and examines the evolution and current status of the security threats faced by them The analyses presented here were commissioned by the Programme for Strategic and International Security Studies at the Graduate Institute of International Studies in Geneva

Innovation's Missing Link Al Judge, 2007 Praise for Innovation's Missing Link It's a pleasure for me to recommend this book to you It delivers on its promise Its message is clear Its point of view is always poignant The future of innovation will be greatly improved if leaders across the country read and adopt the mind set of this great book Tom Kuczmarski Senior Partner innovation consultancy Kuczmarski Author of Managing New Products and Innovation Adjunct Professor Kellogg School of Management Cofounder of the Chicago Innovation Awards an insightful and actionable guidebook on how to effect innovative change in the minds of the leaders and associates within an organization I especially enjoyed the emphasis on the people dimension which is lacking in other similar texts an easy read David Orwick Director Product Strategy H R Block Tax Business Services Overview Innovation's Missing Link is not just another book about innovation or about some secret to successful innovation It is a comprehensive and holistic discussion about the universal process of innovation as well as many insights into human nature and management skills It goes where no book on innovation has gone before Its style is narrative and numerous true stories are used to add entertainment value drive home key points and add to the experience of the reader Rather than using endless statistics to create credibility the author draws on 37 years of practical experience and common sense Most people can recognize the ring of truth and don't require a lot of supporting data if the premise is reasonably stated Above all else this book respects the time constraints that most of us find ourselves battling every day This is a reader friendly book in that it places the burden of communication on the writer The reader is told the essence and value of the ideas presented before the themes are developed and then the key points are briefly summarized at the end of each chapter There is never a need to skim ahead searching for important information or the essence of a concept all the fluff has been eliminated and the reader is never left wondering where she is being led A brief introduction discusses the author's credentials as well as the purpose premise and goal of the book The expected value

of the information is individually summarized for Senior Executives New Products Managers Marketing Managers and Students The universality of the innovation process is briefly discussed Part 1 of the book focuses on the innovation process Part 2 summarizes the author's experience with topics related to innovation such as patents focus groups and underserved markets Part 3 summarizes the material presented in Parts 1 and 2 A three chapter Addendum addresses the rising trends of spirit in the workplace and socially conscious capitalism This section also introduces The Slinky Principle New and provocative ideas are blended with time tested processes throughout the book The primary objective is to identify what works and processes that improve efficiency and results Respect for human nature is a constant theme Diversity and individuality are seen as essential to success Some Highlights and Features 40 Thoughts on Innovation A quick guide to important themes developed in the book with page numbers referenced Actions Ideas Suggested exercises for readers intended to maximize results Chapter Overview Each chapter starts with a brief statement of the intent and theme to be developed Chapter Conclusion Each chapter ends with a brief summary and review of important issues True Life Stories Used throughout the book to illustrate importa

The Missing Link Between Financial Constraints and Productivity Marialuz Moreno Badia, Veerle Sloodmaekers, 2009-04-01 The global financial crisis has reopened the debate on the potential spillover effects from the financial sector to the real economy This paper adds to that debate by providing new evidence on the link between finance and firm level productivity focusing on the case of Estonia We contribute to the literature in two important respects i we look explicitly at the role of financial constraints and ii we develop a methodology that corrects for the misspecification problems of previous studies Our results indicate that young and highly indebted firms tend to be more financially constrained Overall a large number of firms shows some degree of financial constraints with firms in the primary sector being the most constrained More importantly we find that financial constraints do not lower productivity for most sectors

When and Why Worry About Real Exchange Rate Appreciation? The Missing Link Between Dutch Disease and Growth International Monetary Fund, 2010-12-01 We review the literature on Dutch disease and document that shocks that trigger foreign exchange inflows such as natural resource booms surges in foreign aid remittances or capital inflows appreciate the real exchange rate generate factor reallocation and reduce manufacturing output and net exports We also observe that real exchange rate misalignment due to overvaluation and higher volatility of the real exchange rate lower growth Regarding the effect of undervaluation of the exchange rate on economic growth the evidence is mixed and inconclusive However there is no evidence in the literature that Dutch disease reduces overall economic growth Policy responses should aim at adequately managing the boom and the risks associated with it

Beyond Market Access for Economic Development Gerrit Faber, Jan Orbie, 2009-06-17 Starting from the observation that the establishment of free trade as such will substantially impact upon economic development the different contributions focus on the potential contribution of non traditional aspects of EPAs

Missing Link? Mattie Lee Solomon, 2011-09-30 Is it important for parents

to take an active role in supporting their children's learning processes How can you be more empowered in your child's education Is your child at a potential advantage or disadvantage due to your family's income In her latest work author Mattie Lee Solomon PhD documents various parental perspectives on these and many other questions concerning involvement in the learning processes of children Missing Link presents a collection of data gathered from interviews with parents from all walks of life to discover more about what parents think of the education of their children Furthermore Solomon offers valuable information about getting involved in your child's education and linking up with other parents for ideas on how to enhance your child's learning experience Also included are some of the important questions used during these interviews Designed to encourage reflection these questions can help parents determine if in their child's education they are in fact the missing link

Ritual as a Missing Link J. David Knottnerus, 2016-01-08 Up to now ritual has been under utilised for studying human behaviour This book narrows the gap in our understanding of the social causes and consequences of our actions by focusing on the ritualised behaviours that define much of our daily lives Knottnerus breaks new ground by comprehensively describing structural ritualistic theory He shows how structural reproduction has occurred throughout the world how rituals can be strategically used and how power can influence rituals and how the disruption and reconstitution of ritual is of crucial importance for human beings This book shows that ritual provides a missing link in sociology and helps us better explain the extreme complexity of human action and social reality The Missing Link in Labour's Foreign Policy David Mephram, Paul Eavis, 2002-11

Missing links in the forest-migration nexus Thung, P.H., Juniawaty, K.S., 2018-03-16 This paper provides an overview of the current state of knowledge about migration and its relation to forests in Indonesia An evaluation of current patterns and trends of migration finds that while mobility is increasing nationally and internationally

A missing link in the analysis of global value chains: cross-border flows of intangible assets, taxation and related measurement implications World Intellectual Property Organization, Thomas S. Neubig, Sacha Wunsch-Vincent, 2017 Understanding cross border flows of disembodied knowledge often associated with intellectual property IP is essential to analyzing how modern economies operate This paper documents how available data to document these IP flows are distorted by various factors including tax planning by multinational enterprises It finds that tax induced mismeasurement could be more than 35% and greater for individual countries particularly high tax rate countries A Search for Demand, the Missing Link in Economic Development Kalyan Roy, 1985 With reference to India Energy Related Innovation, the Missing Link?
