she always thought it was just a story made up to make kids feel good before bed She now had a map in her hand that showed exactly where this land was She felt a level of excitement she had never felt before at the thought of exploring the Crystal Kingdom It s full of mysteries and wonders her grandmother said with a smile Crystal s mind was like a rocket launchpad full of vivid images of sparkling lakes and shining woods She knew then that she had to go see it for herself walk its ways and find out what it was hiding Crystal chose to go on the biggest adventure of her life because she was brave and had the support of her grandma Even though she knew it wouldn t be easy there would be obstacles to overcome puzzles to solve and threats to face the chance to find out what was going on in the Crystal Kingdom was too tempting to pass up What she held in her hands wasn t just a piece of paper it was a key to a magical world and an adventure that would change her life forever As she went the map showed her hidden things about the place it was showing her that only Crystal the brave traveler could find Taking the map as a guide and her sense of adventure with her Crystal left Sparkle Town and went to a place she had never imagined Chapter 2 The First Step With the mysterious map in her hand she got closer to the border of the Crystal Kingdom Her heart was rushing with excitement and a little fear as she took the first step beyond the invisible line that separated her normal world from the magical one that lay ahead As the sun came up and cast its golden light over Sparkle Town Crystal was already on her way She had her backpack strapped tightly and full of everything she would need for her trip The only things she knew about that world were in her dreams and the stories her grandmother told her Today was her big adventure into the unknown Her walk seemed to have taken her into a jewel encrusted forest with each tree more beautiful than the last The leaves rustled in the light breeze making a melody that seemed to greet her Crystal knew she was in a different world as soon as she stepped foot on the Crystal Kingdom s ground The trees around her sparkled and shone The crystals on their trunks and branches made them look like stars in the sun Crystal was stunned by how beautiful this magical land was The rushing rivers which were the most beautiful shades of blue she had ever seen made her eyes wide with awe It looked like the sky had melted into the ground creating streams of liquid sapphire that wound through the farmland These streams reflected the light and made dance patterns on the plants in the area Her words were soft and polite a grateful acknowledgment of the beauty around her Crystal could tell right away that this trip would be different from all the others because the trees seemed to lean in and listen to her steps and the rivers shouted welcome songs The air itself was magical calling her to see what was over the next hill and around the next corner It was just a bit of old paper at first but now the map is the key to a world full of wonders she could never have imagined She was here to find out what the Crystal Kingdom was all about It was living and full of magic and beauty Crystal understood as the trip went on that it was more than just an investigation It was a journey to learn not only about the mysteries of the Crystal Kingdom but also about her own strength and power With each step she felt like she was getting better as a person and as a traveler It was the sapphire rivers and diamond trees in the Crystal Kingdom that taught her that magic exists and that she could find it Crystal set out on

her trip with her heart full of hope and her eyes wide open ready to see the amazing things that lay ahead in this magical world Chapter 3 The Tree Can Talk In the middle of the Crystal Kingdom where the sun was dancing through the branches of shiny trees Crystal's trip took a sudden turn As she went deeper into the magical forest she came across a tree that was unlike any other she had seen The leaves were as clear as glass giving off a soft glow when they caught the light and making colorful patterns on the ground below The most interesting thing about this tree though was that it could talk When she heard a voice in the bush she was shocked and looked around but the voice was coming from the tree itself It was like the wind was whispering secrets through the trees because the voice was so smooth and musical If you want to find the Crystal Heart you have to learn to listen the tree said in a soft voice that was as old as the country itself Crystal paid close attention as the tree's words hit her It wasn't about hearing with her ears but with her heart to hear the world's unspoken thoughts and screams The Crystal Heart is a mythical diamond that is said to hold the magic of the Crystal Kingdom Crystal's meeting with the talking tree was a turning point in her journey She realized that she could only get through the Crystal Kingdom and find its darkest secrets if she had empathy the power to understand and feel other people's emotions and the sense to make decisions based on that understanding The tree with its ancient knowledge and peaceful presence taught her that being a leader meant listening caring and making choices that were good for everyone in the country not just herself Crystal kept thinking about what the tree said as she continued her journey It taught her to pay more attention to the sounds of nature like the rustling of leaves the babbling of brooks and the whispers of the wind so she could find beauty in the quiet moments and stories in the animals' eyes Her quest became a journey of discovery that took her to the depths of her own heart as well as the kingdom's riches as a result of her newfound empathy and understanding
