Chikamoneka!: Gender and Empire in Religion and Public Life Cheelo Siwila, Sylvia Mukuka, 2022-03-21 This is a pioneering volume that emerges from the voices of women scholars who belong to the Circle of Concerned African Women Theologians in their response to the subjection of women and children in religion and public life The book uses the metaphor Chikamoneka literally meaning it shall be seen to demonstrate resistance to all forms of oppression by empire to humanity especially those inflicted on women and children Some of the themes that addressed in this book are drawn from women's lived experiences This demonstrates the power of narrative theory as a tool for academic discourse The book makes a vital contribution to academic religious and secular society in the field of Gender Religion Development and Sociology It is also the first publication by the African Women of Circle

Gender and imperialism Clare Midgley, 2017-03-01 This book marks an important new intervention into a vibrant area of scholarship creating a dialogue between the histories of imperialism and of women and gender By engaging critically with both traditional British imperial history and colonial discourse analysis the essays demonstrate how feminist historians can play a central role in creating new histories of British imperialism Chronologically the focus is on the late eighteenth to early twentieth centuries while geographically the essays range from the Caribbean to Australia and span India Africa Ireland and Britain itself Topics explored include the question of female agency in imperial contexts the relationships between feminism and nationalism and questions of sexuality masculinity and imperial power

Women and Others C. Daileader, R. Johnson, A. Shabazz, Philip Beidler, Gary Taylor, 2007-09-17 Discussing intersecting discourses of race gender and empire in literature history and contemporary culture the book begins with the metaphor of the other woman as a repository for the otherness of all women in a masculinist racist society and shows how discourses of race and sexuality thwart the realization of true inter racial sisterhood

Gender, Geography and Empire Cheryl McEwan, 2019-06-03 This title was first published 2000 This text is intended to draw together two important developments in contemporary geography firstly the recognition of the need to write critical histories of geographical thought and particularly the relationship between modern geography and European imperialism and secondly the attempt by feminist geographers to countervail the absence of women in the histories The author focuses on the narratives of British women travellers in West Africa between 1840 and 1915 exploring their contributions to British imperial culture the ways in which they were empowered in the imperial context by virtue of both race and class and their various representations of West African landscapes and peoples The book argues for the inclusion of women and their experiences in histories of geographical thought and explores the possibilities and problems of combining feminist and post colonial approaches to these histories

Insanity, identity and empire Catharine Coleborne, 2015-10-01 This book examines the formation of colonial social identities inside the institutions for the insane in Australia and New Zealand Taking a large sample of patient records it pays particular attention to gender ethnicity and class as categories of

analysis reminding us of the varied journeys of immigrants to the colonies and of how and where they stopped for different reasons inside the social institutions of the period. It is about their stories of mobility how these were told and produced inside institutions for the insane and how in the telling colonial identities were asserted and formed. Having engaged with the structural imperatives of empire and with the varied imperial meanings of gender sexuality and medicine historians have considered the movements of travellers migrants military bodies and medical personnel and transnational lives. This book examines an empire wide discourse of madness as part of this inquiry.

Gender Rules Karen Phoenix, 2020-12-21 Growing directly out of the experiences of a team of historians at Washington State University who designed a new foundational course for WSU's common requirements the Roots of Contemporary Issues series is built on the premise that students will be better at facing current and future challenges no matter their major or career path if they are capable of addressing controversial and pressing issues in mature reasoned ways using evidence critical thinking and clear written and oral communication skills. To help students achieve these goals each title in the Roots of Contemporary Issues series argues that we need both a historical understanding and an appreciation of the ways in which humans have been interconnected with places around the world for decades and even centuries. Much of the world's politics revolve around questions about gender and imperialism including the relationship between gender and empire over the last five hundred years. There are no easy answers to these questions but the decisions that all of us make about them will have tremendous consequences for individuals and for the planet in the future. Gender Rules introduces students to history from the point of view of controversial and pressing issues they already know about and many of whom already feel invested in. Each chapter includes both Western and non Western content allowing readers to understand the deep past as connected to the present and to see that the West has interacted with non Western regions for centuries.

Gender and Violence in Historical and Contemporary Perspectives Jyoti Atwal, Iris Flessenkämper, 2019-08-08 This book covers a range of issues and phenomena around gender related violence in specific cultural and regional conditions. Using an interdisciplinary approach it discusses historical and contemporary developments that trigger violence while highlighting the social conditions practices discourses and cultural experiences of gender related violence in India. Beginning with the issues of gender based violence within the traditional context of Indian history and colonial encounters it moves on to explore the connections between gender minorities marginalisation sexuality and violence especially violence against Dalit women disabled women and transgender people. It traces and interprets similarities and differences as well as identifies social causes of potential conflicts. Further it investigates the forms and mechanisms of political economic and institutional violence in the legitimization or de legitimization of traditional gender roles. The chapters deal with sexual violence violence within marriage and family influence of patriarchal forces within factory based gender violence and global processes such as demand driven surrogacy.

and the politics of literary and cinematic representations of gender based violence The book situates relevant debates about India and underlines the global context in the making of the gender bias that leads to violence both in the public and private domains An important contribution to feminist scholarship this book will be useful to scholars and researchers of gender studies women s studies history sociology and political science **The Ashgate Research Companion to Modern**

Imperial Histories Professor John Marriott, Professor Philippa Levine, 2013-07-28 Taking a broad comparative approach to imperial experiences this volume provides an authoritative survey of the latest research into the histories of modern empires The focus is on the era of modern imperial history dating approximately from the early sixteenth century to the present Such a periodization enables the volume to include the European experience of imperial expansion and settlement important historical experiences outside the west such as those of Russia Japan and China the collapse of European empires attendant on decolonization in the post World War II period and the contemporary example of North America The companion is divided into three sections Times Spaces and Themes which allows chronological geographical and thematical approaches to be successfully combined In so doing this volume provides a unique research tool that will be invaluable to all students and scholars interested in the history of empires imperialism and colonialism in the post classical world *Queen Victoria* Susan Kingsley Kent, 2016 Part of The World in a Life series this brief inexpensive text provides insight into the life of Queen Victoria As one of the longest reigning monarchs in British history Queen Victoria gave her name to an age filled with enormous possibilities and perplexing contradictions At the time of Victoria s birth Britain ruled over what was fast becoming the greatest empire in the world containing millions of non white non Christian peoples During her childhood and youth the kingdom itself became transformed from one dominated by landed aristocrats to one governed according to the principles of bourgeois liberalism The royal family served as the most visible symbol of domesticity while at the same time Victoria s very position as queen defied the ideology of separate spheres upon which domesticity rested Victoria the ruler of millions of people opposed women participating in politics or public life She believed women s suffrage to be a wicked folly and a violation of God s laws She never gave up that belief even as the fledgling feminist movement of mid century matured and grew to the size of a mass movement by the end of the century And yet she reigned with little thought of the contradictions that entailed We live in a global age where big concepts like globalization often tempt us to forget the personal side of the past The titles in The World in a Life series aim to revive these meaningful lives Each one shows us what it was like to live on a world historical stage Brief inexpensive and thematic each book can be read in a week fit within a wide range of curricula and shed insight into a particular place or time Four to six short primary sources at the end of each volume sharpen the reader s view of an individual s impact on world history Osage Women and Empire Tai Edwards, 2018-05-07 The Osage empire as most histories claim was built by Osage men s prowess at hunting and war But as Tai S Edwards observes in Osage Women and Empire Osage cosmology defined men and women as necessary pairs in their society hunting and war like

everything else involved both men and women Only by studying the gender roles of both can we hope to understand the rise and fall of the Osage empire In *Osage Women and Empire* Edwards brings gender construction to the fore in the context of Osage history through the nineteenth century Edwards s examination of the Osage gender construction reveals that the rise of their empire did not result in an elevation of men s status and a corresponding reduction in women s Consulting a wealth of sources both Osage and otherwise ethnographies government documents missionary records traveler narratives Edwards considers how the first century and a half of colonization affected Osage gender construction She shows how women and men built the Osage empire together Once confronted with US settler colonialism Osage men and women increasingly focused on hunting and trade to protect their culture and their traditional social structures including their system of gender complementarity endured Gender in fact functioned to maintain societal order and served as a central site for experiencing adapting to and resisting the monumental change brought on by colonization Through the lens of gender and by drawing on the insights of archaeology ethnography linguistics and oral history *Osage Women and Empire* presents a new more nuanced picture of the critical role of men and women in the period when the Osage rose to power in the western Mississippi Valley and when that power later declined on their Kansas reservation
