Gender And The Gothic In The Fiction Of Edith Wharton:

Gender and the Gothic in the Fiction of Edith Wharton Kathy A. Fedorko, 2017-12-12 An investigation into Wharton's extensive use and adaptation of the Gothic in her fiction *Gender and the Gothic in the Fiction of Edith Wharton* is an innovative study that provides fresh insights into Wharton's male characters while at the same time showing how Wharton's imagining of a female self evolves throughout her career Using feminist archetypal theory and theory of the female Gothic Kathy A Fedorko shows how Wharton in sixteen short stories and six major novels written during four distinct periods of her life adopts and adapts Gothic elements as a way to explore the nature of feminine and masculine ways of knowing and being and to dramatize the tension between them Edith Wharton's contradictory views of women and men her attitudes toward the feminine and the masculine reflect a complicated interweaving of family and social environment historical time and individual psychology Studies of Wharton have exhibited this same kind of contradiction with some seeing her as disparaging men and the masculine and others depicting her as disparaging women and the feminine The use of Gothic elements in her fiction provided Wharton who was often considered the consummate realist with a way to dramatize the conflict between feminine and masculine selves as she experienced them and to evolve an alternative to the dualism Fedorko's work is unique in its careful consideration of Wharton's sixteen Gothic works which are seldom discussed Further the revelation of how these Gothic stories are reflected in her major realistic novels In the novels with Gothic texts Wharton draws multiple parallels between male and female protagonists indicating the commonalities between women and men and the potential for a female self Eventually in her last completed novel and her last short story Wharton imagines human beings who are comfortable with both gender selves

Prospects for the Study of American Literature Richard Kopley, 1997-08 What can there possibly be left to say about This common litany resonant both in and outside of academia reflects a growing sense that the number of subjects and authors appropriate for literary study is rapidly becoming exhausted Take heart admonishes Richard Kopley in this dynamic new anthology for this is decidedly not the case While generations of literary study have unquestionably covered much ground in analyzing canonical writers many aspects of even the most well known authors both their lives and their work remain underexamined Among the authors discussed are T S Eliot Ralph Waldo Emerson William Faulkner Harriet Beecher Stowe Walt Whitman Ernest Hemingway Richard Wright Edith Wharton Nathaniel Hawthorne Zora Neale Hurston Henry James Willa Cather Herman Melville Edgar Allan Poe Henry David Thoreau and Mark Twain

House Of Mirth Janet Beer, Pamela Knights, Elizabeth Nolan, 2007-07-25 Edith Wharton's *The House of Mirth* 1905 is a sharp and satirical but also sensitive and tragic analysis of a young single woman trying to find her place in a materialistic and unforgiving society The *House of Mirth* offers a fascinating insight into the culture of the time and as suggested by the success of recent film adaptations it is also an enduring tale of love ambition and social pressures still relevant today Part of the Routledge Guides to Literature series this volume is essential reading for all those beginning detailed study of *The House of Mirth* and seeking

At Home, at War Jennifer Anne Haytock, 2003 This study demonstrates that such literary divisions as war novel and domestic novel limit readers understanding of the ways these categories rely on and respond to each other Haytock argues that gender creates an ideological context through which both domesticity and war are viewed and

understood issues of home and violence are intricately related for U S authors who wrote about the First World War Haytock explores what war and domestic texts represent in light of the deconstructionist said in its cultural and historical context and seeing what is not said Readers take food shelter and clothing for granted and yet the way we treat them is part of what allows us to define ourselves as civilized In war novels and domestic novels by Temple Bailey Ellen Glasgow Edith Wharton Willa Cather John Dos Passons Thomas Boyd Ernest Hemingway William Faulkner and Eudora Welty the idea of home and domestic rituals contribute to the creation of war propaganda the soldier s experience of war and the home front s ability to confront the war after the fact This approach helps literary criticism reject the separation of men s and women s writing particularly but not only their writing about war *American Literary Realism, Critical Theory, and Intellectual Prestige, 1880-1995* Phillip Barrish,2001-02-19 Focusing on key works of late nineteenth and early twentieth century American literary realism Phillip Barrish traces the emergence of new ways of gaining intellectual prestige that is new ways of gaining cultural recognition as unusually intelligent sensitive or even wise Through extended readings of works by Henry James William Dean Howells Abraham Cahan and Edith Wharton Barrish emphasises the differences between literary realist modes of intellectual and cultural authority and those associated with the rise of the social sciences In doing so he greatly refines our understanding of the complex relationship between realist writing and masculinity Barrish further argues that understanding the dynamics of intellectual status in realist literature provides new analytic purchase on intellectual prestige in recent critical theory Here he focuses on such figures as Lionel Trilling Paul de Man John Guillory and Judith Butler

ways Americans discussed abortion in the early decades of the twentieth century had little in common with our now entrenched debates about personal responsibility and individual autonomy Abortion in the American Imagination returns to the moment when American writers first dared to broach the controversial subject of abortion What was once a topic avoided by polite society only discussed in vague euphemisms behind closed doors suddenly became open to vigorous public debate as it was represented everywhere from sensationalistic melodramas to treatises on social reform Literary scholar and cultural historian Karen Weingarten shows how these discussions were remarkably fluid and far ranging touching upon issues of eugenics economics race and gender roles Weingarten traces the discourses on abortion across a wide array of media putting fiction by canonical writers like William Faulkner Edith Wharton and Langston Hughes into conversation with the era s films newspaper articles and activist rhetoric By doing so she exposes not only the ways that public perceptions of abortion changed over the course of the twentieth century but also the ways in which these abortion debates shaped our very sense of what it means to be an American
