

"In integrating the perceptual-cognitive maturational theories in Piaget, the object-relations view of the preoedipal phase, and the empirical findings of child development research, the differentiation model of gender identity development provides a solid theoretical advance that enables both the psychoanalytic clinician or theorist and the developmental psychologist to think about some important dynamic issues in a newly clarified way."

Women's Bodies in Psychoanalysis Rosemary Marshall Balsam, 2012 Why has the female body been marginalised in psychoanalysis with a focus on female problems and pains only How can we begin to think about body pleasure power competition and aggression as normal in females In Women's Bodies in Psychoanalysis Rosemary Balsam argues that re tracing theoretical steps back to the biological body's attributes is fruitful in searching for the clues of our mental development She shows that the female biological body across female gender variants and sexual preferences including the vanished pregnant body has been largely overlooked in previous studies It is how we weave these images of the body into our everyday lives that informs our gendered patterning These details about being female free up gender studies in the postmodern era to think about the body's contribution to gender rather than continuing the familiar postmodern trend to repudiate biology and perpetuate the divide between the physical and the mental There are four main areas explored clinical contributions on female development assessments of past and present psychoanalytic theories in relation to the body inner portraits of gender building blocks a conscious and unconscious focus on the potentially procreative female body Women's Bodies in Psychoanalysis will be of particular interest to psychodynamic psychotherapeutic and psychoanalytic practitioners teachers students feminist academicians college undergraduates graduates and faculty in women's studies and gender studies Rosemary Balsam is Associate Clinical Professor of Psychiatry Yale School of Medicine Staff Psychiatrist Yale University Student Mental Health and Counselling Services Training and Supervising Analyst Western New England Institute for Psychoanalysis

Bisexuality and Queer Theory Jonathan Alexander, Serena Anderlini-D'Onofrio, 2014-04-10 According to David Halperin sexuality in our time is typified by a crisis in contemporary sexual definition What is sexuality What does it mean to have a sexual identity or orientation What is the relationship between sexuality as a knowledge construct on one hand and the often messy flows of desire and practices of love on the other How and why are some sexual erotic and intimate practices normalized and others marginalized Queer Theory has emerged in the West as one of the most provocative analytical tools in the humanities and social sciences It scrutinizes identity and social structures that take heteronormativity for granted that do not question the social construction of heterosexuality as normative in relation to its oppositional binary homosexuality At the same time bisexuality is a practice identity and orientation that challenges the binary logic around which cultural notions of sexuality are organized It is a portal to the imagination of a world of amorous expression beyond that divide This provocative collection presents bisexuality and queer theory as two parallel thought collectives that have made significant contributions to cultural discourses about sexual and amorous practices since the onset of the AIDS era and explores the ideas that circulate in these thought collectives today We learn much about the construction and experience of sexuality and the power it still holds throughout the contemporary Western world to shape identities and practices This volume challenges our understanding of what it means to be sexual to have a sexual identity and to practise the arts of loving

This book was originally published as a special issue of the Journal of Bisexuality Electra vs Oedipus Hendrika C. Freud, 2010-07-21 Electra vs Oedipus explores the deeply complex and often turbulent relationship between mothers and daughters In contrast to Sigmund Freud's conviction that the father is the central figure the book puts forward the notion that women are in fact far more preoccupied with their mother Drawing on the author's extensive clinical experience the book provides numerous case studies which shed light on women's emotional development Topics include love and hate between mothers and daughters the history of maternal love childbirth and depression rejected mothers Electra vs Oedipus will be a valuable resource for psychoanalysts psychotherapists and all those with an interest in the dynamics of the mother daughter relationship Psychoanalysis and Film Glen O. Gabbard, 2018-05-20 This volume contains a collection of outstanding examples of psychoanalytic film criticism applying different theoretical orientations drawn from the first four years of the film review section in the International Journal of Psychoanalysis during author's tenure as film review editor

From Late Adolescence to Young Adulthood David Dean Brockman, 2018-03-05 By focusing on the transition from late adolescence to young adulthood this innovative book makes a unique and valuable contribution to our understanding of a neglected area of development Drawing on his extensive clinical experience with this age group as well as his understanding of the complex cultural and social forces that impinge on young people today Brockman has produced that rarest of volumes a work that is engaging creative and wise while at the same time being eminently practical and useful Addressing issues that are highly relevant to our older patients as well as our younger ones this landmark book should be required reading for every mental health professional Theodore J Jacobs M D Dr Brockman takes us to unexplored terrain His is a journey to a place where most of us have lived but never really investigated our life from age 20 to the early 30s It is always a pleasant surprise to look at something which has been so familiar and now is seen in a new light **Pillar of Salt** Janice Haaken, 1998 Introduces the controversy over recollections of childhood sexual abuse as the window onto a broader field of ideas concerning memory storytelling and the psychology of women **The American Journal of Psychiatry**, 1984-09
