**Gender Justice and the Law** Elaine Wood, 2020-11-16 Gender Justice and the Law presents a collection of essays that examines how gender as a category of identity must

continually be understood in relation to how structures of inequality define and shape its meaning It asks how notions of justice shape gender identity and whether the legal justice system itself privileges notions of gender or is itself gendered Shaped by politics and policy Gender Justice essays contribute to understanding how theoretical practices of intersectionality relate to structures of inequality and relations formed as a result of their interaction Given its theme the collection s essays examine theoretical practices of intersectional identity at the nexus of gender and justice that might also relate to issues of sexuality race class age and ability *Women, Law and Human Rights* Fareda Banda, 2005-10-04 Africa with its mix of statute custom and religion is at the centre of the debate about law and its impact on gender relations This is because of the centrality of the gender question and its impact on the cultural relativism debate within human rights It is therefore important to examine critically the role of law broadly constructed in African societies The book focuses on women s experiences in the family This is because the lives of women continue to be lived out largely in the private domain where the right to privacy is used to conceal unequal treatment of women which is justified by invoking custom and tradition The book shows how law and its interpretation is used to disenfranchise women resulting in their being deprived of land and other property which they may have helped to accumulate It also considers issues of violence within the home reproductive rights and examines the issue of female genital cutting The role of women in development is explored as is their participation in politics and the NGO sector A major theme of the book is a consideration of the linkages of constitutional and international human rights norms with local values This is done using feminist tools of analysis The book considers the provisions of the Protocol to the African Charter on Human and People s Rights on the Rights of Women which was adopted by the African Union in July 2003 *Gender Justice and Human Rights in International Development Assistance* Sarah Forti, 2018-09-21 Gender Justice and Human Rights in International Development Assistance provides a critical analysis of how frameworks of gender equality play out in the field of international development assistance at theoretical international legislative and policy levels donor and national policy levels and programme levels If current dominant theoretical perspectives are not interrogated the consequences could be that gender inequalities and injustices are inadequately addressed or that opportunities are missed to impact on poverty reduction and on transformative gender changes Through a renewed interpretation of gender equality in IDA the book aims to show the way towards a more effective response to gender inequalities and injustices faced by women in developing countries Drawing on 20 years of experience working with IDA policies and programming across three continents this book makes an important contribution to the active and dynamic field of critical feminism as well as providing practical illustrations on how such critical thinking might contribute to gender transformational changes Gender Justice and Human Rights in International Development Assistance will be important reading for scholars and upper level students working in the fields of gender equality human rights development assistance foreign affairs international law and international relations *Gender Inequality and Women's Citizenship* Yonique

Campbell, Tracy-Ann Johnson-Myers, 2023-10-31 *Gender Inequality and Women's Citizenship* combines cases across Barbados Guyana Jamaica and Trinidad and Tobago to highlight the range of systemic inequalities that impact women in the Anglo Caribbean Using empirical and secondary data and drawing on feminist theoretical insights Yonique Campbell and Tracy Ann Johnson Myers examine a range of pertinent and intersecting social political and economic challenges facing women in the Anglo Caribbean The issues explored include gender based violence barriers to women in politics the effects of COVID 19 on women and debates around the illegality of abortion rights and failure to protect the health of women by allowing them to exercise autonomy over their bodies They raise questions about systemic inequalities resulting from patriarchal gender relations heteronormativity women's social and economic status and state inaction This book is unique in its interdisciplinary analysis of gender inequality in the Anglo Caribbean mapping the intersection of women's multiple identities and positionalities to determine the obstacles they encounter It will be of interest to scholars and researchers of International Relations Caribbean Studies Gender and Sexuality Studies Development Studies Sociology and Anthropology
