Gender Trap:

The Gender Trap Emily W. Kane, 2012-08-27 Emily Kane shows clearly that most parents understand children's personality to be some combination of nature and nurture and many wish they could help nurture their children to escape gender traps. Yet these parents are themselves trapped by the gender structure itself, especially the accountability they feel to other people's expectations and the fear that if their boys are free to explore activities usually associated with girls, they will be punished by the world around them. The author shows clearly that to help parents navigate childrearing, we have to change the world around them. A good read, perfect for the undergraduate classroom and clear enough even to give to those new parents in your family or the neighborhood. Cover **Men, Fathering and the Gender Trap** Katarzyna Suwada, 2017-02-23 This book provides an account of fatherhood and changing parental roles in Sweden and Poland. It uses a comparative perspective to show what men understand a father's role to be and how they seek to live up to it. Fathering, the author argues, is a social phenomenon grounded in cultural patterns of parenting, gender roles, and models of masculinity and also shaped by family policy. Being a father today, she demonstrates, is longer connected solely with being the main breadwinner. Rather, it has become increasingly common for fathers to take on duties traditionally regarded as the domain of women. This means that men often face conflicting expectations based on different models of fatherhood. The aim of this thought-provoking book is to track these models, analysing their origins and their consequences for gender order. It will appeal to students and scholars of gender studies, the sociology of families, and social policy studies. **The Gender Trap: a Closer Look at Sex Roles** Carol J. Adams, 1975 *The Gender Trap: Messages and images* Carol Adams, Rae Laurikietis, 1977 Investigates the effects of feminine and masculine gender. The Future of Postcolonial Studies Chantal Zabus, 2014-11-20 The Future of Postcolonial Studies celebrates the twenty-fifth anniversary of the publication of *The Empire Writes Back* by the now famous troika Bill Ashcroft, Gareth Griffiths, and Helen Tiffin. When *The Empire Writes Back* first appeared in 1989, it put postcolonial cultures and their post-invasion narratives on the map. This vibrant collection of fifteen chapters by both established and emerging scholars taps into this early mapping while merging these concerns with present trends which have been grouped as comparing, converting, greening, post-queering, and utopia. The postcolonial is a centrifugal force that continues to energize globalization, transnational diaspora, and queer studies. Spanning the colonial period from the 1860s to the present, *The Future of Postcolonial Studies* ventures into other postcolonies outside of the Anglophone purview. In reassessing the nation, state, language, race, religion, sexuality, the environment, and the very idea of the future, this volume reasserts the notion that postcolonial is an anticipatory discourse and bears testimony to the driving energy and thus the future of postcolonial studies. Gender and Entrepreneurship Attila Bruni, Silvia Gherardi, Barbara Poggio, 2004-12-16 This groundbreaking new study considers both gender and entrepreneurship as symbolic forms, looking at their diverse patterns and social representation. **The Gender Trap: Sex and marriage** Carol Adams, Rae Laurikietis, 1980 Gender,
