Gender Utopia In Advertising

Debra L. Merskin

Gender Utopia In Advertising:

Gender & Utopia in Advertising Luigi Manca, Luigi Daniele Manca, Alessandra Manca, 1994 This work explores the connection between gender and utopian imagery in advertising It argues that utopian visions reflect traditional and nontraditional gender roles and have shaped consumer s fantasies Subjects include fashion magazine advertising and images of men in 1980s magazines

Utopian Images and Narratives in Advertising Luigi Manca, Alessandra Manca, Gail W. Pieper, 2012-05-15 The study of advertising and its treatment of utopian appeal enhance our understanding of consumer culture By looking into the advertising page we also look into consumers desires and the process by which these desires are reshaped and rechanneled through images and narratives created solely for the purpose of making a sale Utopian Images and Narratives in Advertising Dreams for Sale edited by Luigi Manca Alessandra Manca and Gail W Pieper is a collection of essays which gather a host of academicians from a wide variety of disciplines including sociology psychology literature fine arts history religious studies communication and media studies Through their expansive disciplinary expertise the contributors bring unique insights to the analysis of the advertising page The collection s cross disciplinary investigation also examines gender images and narratives which in the advertising page are frequently associated with utopian fantasies The analyses offered in Utopian Images and Narratives in Advertising will appeal to any scholar or student engaged in mass media communication and the effect of advertising and consumerism on individuals and cultures

Images of Utopia in the Advertising Page Luigi Manca, Alessandra Manca, 2024-11-19 In this book Luigi Manca and Alessandra Manca examine the use of utopian imagery in magazine advertisements from the 1970s through the early 2020s Positing that these advertisements reflect the public s unbridled desires rather than reality itself the authors argue that these idealistic reflections can lead the public to be unable or unwilling to recognize real threats to democracy social justice and the environment They extend this analysis to argue that political moderates have long underestimated the ability of mass media and charismatic radical politicians to tap into the utopian dreams of millions of disillusioned and predominantly white Americans to leverage these dreams in order to further their own political agendas Ultimately this cumulative study spanning decades of advertisement history portrays a consumer utopia shaped almost exclusively by unrestrained consumer desire

Anxiety in Middle-Class America Valérie de Courville Nicol, 2021-07-29 Showing how Americans have massively turned to a self help empowerment model to manage chronic feelings of insecurity Anxiety in Middle Class America explains why no group has ever been as anxious about anxiety and interested in tackling it

as a moral and personal problem Anxiety is the focus of increasing preoccupation and intervention in middle class America and the late modern world It is reportedly the most common mental illness in the United States affecting almost a quarter of its adult population every year Views diverge on what this means This work is for readers who are intrigued by the exponential rise in reported rates of anxiety across the lifespan and by all the talk about anxiety dissatisfied with non sociological and symptom based accounts of mental health and open minded enough to consider the self help phenomenon as more than an oppressive craze driven by capitalist industry neoliberal ideology complicit publishers formulaic writers and irreflexive consumers In providing a sociologically informed account of some of the most widespread emotional troubles of late modern life and the unique historical pressures that promote them this work will be of interest to researchers in a broad range of fields from sociology anthropology and mind body society studies to cultural history communications and social philosophy It will also interest mental health professionals and cultural critics **Tough Girls** Sherrie A. Inness, 2018-01-09

Tough girls are everywhere these days Whether it is Ripley battling a swarm of monsters in the Aliens trilogy or Captain Janeway piloting the starship Voyager through space in the continuing Star Trek saga women strong in both body and mind have become increasingly popular in the films television series advertisements and comic books of recent decades In Tough Girls Sherrie A Inness explores the changing representations of women in all forms of popular media and what those representations suggest about shifting social mores She begins her examination of tough women in American popular culture with three popular television shows of the 1960s and 70s The Avengers Charlie s Angels and The Bionic Woman and continues through such contemporary pieces as a recent ad for Calvin Klein jeans and current television series such as The X files and Xena Warrior Princess Although all these portrayals show women who can take care of themselves in ways that have historically been seen as uniquely male they also variously undercut women s toughness She argues that even some of the strongest depictions of women have perpetuated women s subordinate status using toughness in complicated ways to break or bend gender stereotypes while simultaneously affirming them Also of interest Madcaps Screwballs and Con Women The Female Trickster in American Culture Lori Landay Explorations in Critical Studies of Advertising James F.

Hamilton, Robert Bodle, Ezequiel Korin, 2016-10-26 This volume provides a thoughtful and wide ranging exploration of approaches to the critical study of advertising Current and impending practices of advertising have in many ways exceeded the grasp of traditional modes of critique due at least in part to their being formulated in very different historical conditions To begin to address this lag this edited collection explores through critical discussion and application a variety of critical approaches to advertising Authors address a variety of concrete examples in their chapters drawing on existing research while presenting new findings where relevant In order to maintain the relevance of this collection past this particular historical moment however chapters do not simply report on empirical work but develop a theoretical argument *Girl Wide Web 2.0* Sharon R. Mazzarella, 2010 From social networking sites to game design from blogs to game play and from fan

fiction to commercial web sites Girl Wide Web 2 0 offers a complex portrait of millennial girls online Grounded in an understanding of the ongoing evolution in computer and internet technology and in the ways in which girls themselves use that technology the book privileges studies of girls as active producers of computer Internet content and incorporates an international intercultural perspective so as to extend our understanding of girls the Internet and the negotiation of identity

Sport, Culture and Advertising Steven J. Jackson, David L. Andrews, 2004-11-10 Sport has a close relationship with advertising both where advertisers sponsor sports as well as where sport and fitness lends its perceived positive imagery to a wide range of consumer goods Sport Culture Advertising explores the themes of Journal of the American Society for Information Science American Society for Information Science, 1997 **Social Problems Perspectives** Robert P.
