Gender Violence And The Social Order:

Gender, Violence and the Social Order J. Mooney, 2000-09-05 This is an exciting and innovative book which provides a thorough introduction to contemporary social theory by examining the way in which the widespread existence of violence against women is explored A wide range of theories from liberalism to evolutionary psychology are considered culminating in the development of a distinctive feminist realist position The theories discussed are tested against a large scale survey the findings of which challenge many conventional wisdoms as to the patterning of violence in contemporary society

Capitalism, Institutions and Social Orders Pedro M. Rey-Araújo, 2020-11-24 Capitalism Institutions and Social Orders develops a novel political economy approach by establishing a dialogue between the Social Structures of Accumulation SSA theory and Ernesto Laclau's post Marxism theory Using this synthesis it provides an in depth analysis of Spain's recent socio economic evolution since the early 1990s The book develops a theoretical framework capable of appraising capitalist dynamics together with their relationship to the institutional environment surrounding and structuring them This is in order to explore the interrelation between the historical development of the capitalist mode of production on the one hand and the various co existing social processes social consensus and political identities on the other Contemporary Spain provides an interesting case study until the onset of the Great Recession Spain had an impressive macroeconomic record supported by several contradictory social processes such as a massive real estate bubble an upsurge in private indebtedness and a deteriorating manufacturing sector However the accumulation of internal imbalances during those years led inevitably to the sudden disintegration of this institutional and social environment in the years after 2008 thus resulting into a breakdown of capitalist activity accompanied by widespread social contestation The book also explores the ensuing political scenario including the emergence of the indignados movement and the anti austerity party Podemos This work is of significant interest to critical political economy and discourse theory scholars critical theorists in general and social scientists concerned with the recent Spanish experience

Prison Masculinities Tess Bartlett, Rosemary Ricciardelli, 2022-09-08 This edited book explores prison masculinities drawing from a wide range of international researchers to highlight how masculinities may divert from the hypermasculine or macho typology typically found in the prison masculinities literature The book includes a diverse selection of writing on masculinities in and of prison masculinities experienced by those living within working and experiencing prison as well as historical and critical accounts of masculinities from around the world The contributors highlight how masculinities are experienced in a multitude of ways as is evidenced in both qualitative and quantitative research with men before during and after imprisonment with correctional officers and staff in the analysis of public records in the critical examination of Sykes seminal work and in historical and contemporary Australian society Evidenced in writing drawn from Australia the Dominican Republic Ukraine Hong Kong the

United States Scotland and the Netherlands the contributors acknowledge that rather than being fixed discourses around prison masculinities now include sexuality gender identity and diverse understandings around masculinities as strategic hegemonic and ever changing Prison Masculinities is important reading for students and scholars across disciplines including criminology sociology gender studies law international relations history health psychology and education Chapter 4 of this book is available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license [Intersectionality as Critical Social Theory](#) Patricia Hill Collins, 2019-08-23 In Intersectionality as Critical Social Theory Patricia Hill Collins offers a set of analytical tools for those wishing to develop intersectionality's capability to theorize social inequality in ways that would facilitate social change While intersectionality helps shed light on contemporary social issues Collins notes that it has yet to reach its full potential as a critical social theory She contends that for intersectionality to fully realize its power its practitioners must critically reflect on its assumptions epistemologies and methods She places intersectionality in dialog with several theoretical traditions from the Frankfurt school to black feminist thought to sharpen its definition and foreground its singular critical purchase thereby providing a capacious interrogation into intersectionality's potential to reshape the world

Rights and Responsibilities in Rural South Africa Kathleen Rice, 2023-06-20 *Rights and Responsibilities in Rural South Africa* examines the gendered and generational conflicts surrounding social change in South Africa's rural Eastern Cape roughly twenty years after the end of Apartheid In post Apartheid South Africa rights based public discourse and state practices promote liberal autonomous and egalitarian notions of personhood yet widespread unemployment and poverty demand that people rely closely on one another and forge relationships that disrupt the gendered and generational hierarchies framed as traditional and culturally authentic Kathleen Rice examines the ways these tensions and restructurings lead to uncertainties about how South Africans should live together in their daily lives with particular implications for understanding and responding to widespread gendered and sexual conflict and violence Focusing particularly on the women of the village of Mhlambini *Rights and Responsibilities in Rural South Africa* offers compelling portraits of how they experience and navigate widespread social and economic change and presents their experiences as a way of understanding how people navigate the moral ambiguities of contemporary South African life **Inclusion as Social Justice**, 2020-07-13 *Inclusion as Social Justice Theory and Practice in African Higher Education* discusses the extent to which education enables equitable social access for diverse student populations in the context of historical sidelining of indigenous knowledge systems and epistemic injustice of colonial epistemologies in Africa The goal is to theoretically unpack the social differentials and micro inequities that practically disempower diverse students in African higher education To this end the book features aspects of diversity such as gender rurality refugee status and disability in general with hearing and visual impairment as prime illustrations It is argued that despite the ethically defensible and socially just policy and structural interventions for

transforming higher education meant to redress the legacy of colonial injustices urban universities present epistemological equity challenges for students from rural communities Similarly the opaque fate of students displaced from their home countries and currently studying in universities in host countries is analyzed The book illustrates the access case for gender and disability in higher education using empirical studies and examples from Tanzania Kenya Ethiopia Zimbabwe and South Africa Challenges facing students in higher education in these countries and the strategies the students devise to succeed in the institutions are analyzed

Caste and Gender in Contemporary India Supurna Banerjee, Nandini Ghosh, 2018-09-17

This book explores the intersectional aspects of caste and gender in India that contribute to the multiple marginalities and oppressions of lower castes with particular reference to Dalits Muslims and women It moves beyond the conventional accounts of experiences of women in unequal social and political relationships to examine how caste as a system and ideology shapes hegemonic masculinity and feminization of work and thus contributes to the violence against women The volume looks at their everyday lived realities within and across diverse social and political contexts families education systems labour communities political parties power social organisations the politics of representation and the writing of the subaltern women With a range of empirical work it brings forth the complexities of identity politics and further analyses its limits in regional and historical frameworks This book will be of interest to students scholars and specialists in caste and gender studies exclusion and discrimination studies sociology and social anthropology history and political science It will also be useful to Dalit writers and people working in the development sector in India
