## **Gendered Missions Women And Men In Missionary Discourse And Practice:**

*Gendered Missions* Mary Taylor Huber, Nancy Lutkehaus, 1999 Explores the roles and expectations of women and men in Christian missionary experience      **The Oxford Handbook of Mission Studies** Kirsteen Kim, Knud Jørgensen, Alison Fitchett-Climenhaga, 2022-04-18 The Oxford Handbook of Mission Studies represents more than a century of scholarship related to the theology history and methodology of the propagation of Christian faith and the engagement of Christians with cultures religions and societies worldwide It contains more than 40 articles by experts from different disciplinary and ecclesial perspectives who are from all continents It not only offers a broad overview of key approaches and issues in mission studies but it also highlights current trends and suggests future developments The Handbook builds on renewed interest in mission studies this century generated by recent key statements on mission from ecumenical evangelical Catholic and Orthodox sources and by a spate of academic works on the topic Western church leaders now apply insights from foreign missions such as inculturation liberation interfaith work and power encounter to today s multicultural societies Meanwhile there are new initiatives in mission from the Majority World where most Christians live so that sending is not only from the west to the rest but from everywhere to everywhere Therefore this volume aims to reflect the voices of the receivers of mission as well as its protagonists and to raise awareness of new movements In a time of growing recognition of religions more generally this work examines and theorizes the missional dimensions of the world s largest religion its agendas growth outreach role in public life effect on cultures relevance for development and its approaches to other communities

**Missions and Empire** Norman Etherington, 2005-07-14 The explosive expansion of Christianity in Africa and Asia during the last two centuries constitutes one of the most remarkable cultural transformations in the history of mankind Because it coincided with the spread of European economic and political hegemony it tends to be taken for granted that Christian missions went hand in hand with imperialism and colonial conquest In this book historians survey the relationship between Christian missions and the British Empire from the seventeenth century to the 1960s and treat the subject thematically rather than regionally or chronologically Many of these themes are treated at length for the first time relating the work of missions to language medicine anthropology and decolonization Other important chapters focus on the difficult relationship between missionaries and white settlers women and mission and the neglected role of the indigenous evangelists who did far more than European or North American missionaries to spread the Christian religion belying the image of Christianity as the white man s religion      **Protestant Missions and Local Encounters in the Nineteenth and Twentieth Centuries** Hilde Nielssen, Inger Marie Okkenhaug, Karina Hestad-Skeie, 2011-07-27 This book makes visible an important but neglected aspect of Christian missions its transnational character Missionaries considered themselves global actors yet they operated within a variety of nation states The volume demonstrates how processes on a national level are closely linked to larger transnational processes      Mighty England Do Good Steven S. Maughan, 2014-08 In late Victorian and Edwardian England says Steven

Maughan foreign missions had a broad resonance and significance not adequately explored by historians of English culture. *Mighty England Do Good* fills that lacuna by examining the rapid growth of foreign missions in the Church of England between 1850 and 1915 culminating at the height of the missionary enterprise in Britain. Maughan's book bridges the gaps between religious cultural and imperial history to give a full picture of the movement's importance. Maughan explores Anglicanism as a microcosm of the larger religious culture of Britain particularly in light of the expanding British empire. This book provides a multidimensional reassessment of the power that foreign missions had to shape belief institutions culture and practice not only within the Church of England but also in the broader culture of the time. *Encounters in Quest of Christian Womanhood* Ulrike Sill, 2010. This book offers a detailed study of how the practices and notions of the Basel Mission regarding women and gender were received conceptualised and negotiated in local terms in pre and early colonial Ghanaian societies 1843-1885. **The Cambridge History of Christianity: Volume 9, World Christianities C.1914-c.2000** Hugh McLeod, 2006-01-12. A comprehensive history of Christianity in the century when it truly became a global religion.

*Missionary Masculinity, 1870-1930* Kristin Fjelde Tjelle, 2014-01-21. What kind of men were missionaries? What kind of masculinity did they represent in ideology as well as in practice? Presupposing masculinity to be a cluster of cultural ideas and social practices that change over time and space and not a stable entity with a natural inherent meaning, Kristin Fjelde Tjelle seeks to answer such questions. *Middlebrow Mission: Pearl S. Buck's American China* Vanessa Künnemann, 2015-11-15. Nobel Prize winner Pearl S. Buck's engagement with neo-missionary cultures in the United States and China was unique. Against the backdrop of her missionary upbringing, Buck developed a fictional project which both revised and reaffirmed American foreign missionary activity in the Pacific Rim during the 20th century. Vanessa Künnemann accurately traces this project from America's number one expert on China as Buck came to be known from a variety of disciplinary angles, placing her work squarely in Middlebrow Studies and New American Studies. *Missionary Zeal and Institutional Control* Jon Miller, 2014-05-22. This book is about the Basel Mission in the Gold Coast, now Ghana, before the First World War. Miller reconstructs the backgrounds and motivations of the mission's participants and describes the organizational structure that shaped their activities at home and abroad. He then traces some serious and recurrent internal problems to the commitment to difficult Pietist beliefs about authority and obedience. The organization survived those troubles and its impact on Ghana continued to grow because the same biblical worldview that demanded extreme discipline also prepared the members of the mission community to sustain their efforts. *Women, Mission and Church in Uganda* Elizabeth Dimock, 2017-04-21. **Contested identities** Carmen M. Mangion,2019-01-04 English Roman Catholic women s congregations are an enigma of nineteenth century social history Over ten thousand nuns and sisters establishing and managing significant Catholic educational health care and social welfare institutions in England and Wales have virtually disappeared from history Despite their exclusion from historical texts these women featured prominently in the public and private sphere Intertwining the complexities of class with the notion of ethnicity Contested identities examines the relationship between English and Irish born sisters This study is relevant not only to understanding women religious and Catholicism in nineteenth century England and Wales but also to our understanding of the role of women in the public and private sphere dealing with issues still resonant today Contributing to the larger story of the agency of nineteenth century women and the broader transformation of English society this book will appeal to scholars and students of social cultural gender and religious history **Gender,**

**Power and Sexual Abuse in the Pacific** Emily J. Manktelow,2018-07-26 In 1843 on the island of Tahiti the evangelical missionary Rev Alexander Simpson was accused of sexually assaulting three of the female students under his care and of taking improper liberties with at least three more The events did not come out in public for at least a decade while Simpson s power in the local community only grew and rumblings relating to his wrong doings were ruthlessly crushed By exploring the case of Rev Simpson Emily Manktelow gives us key insights into the gender power and racial dynamics of a particular case of sexual abuse on the frontiers of European colonialism She explores the social and sexual context of clerical abuse considers the hierarchies of gender and power that determined how the case was handled and investigates the nature of colonialism gender and abuse in the 19th century The uncomfortably timely content of Gender Power and Sexual Abuse in the Pacific allows us to interrogate the way we deal with and represent issues of abuse authority and childhood It aims to give voice to those whom the archive has silenced and to listen to what they have to tell us about gender sexuality and abuse in the modern world

**Being Lakota** Larissa Petrillo,Melda Trejo,Lupe Trejo,2007-12-01 In Libreville the capital of the African nation of Gabon the colonial past has evolved into a present indelibly marked by colonial rule and ongoing French influence This is especially evident in areas as essential to life as food In this complex hybrid culinary culture of Libreville croissants are as readily available as plantains Yet this same culinary diversity is accompanied by high prices and a scarcity of locally made food that is bewildering to residents and visitors alike A staggering two thirds of the country s food is imported from outside Gabon making Libreville s cost of living comparable to that of Tokyo and Paris In this compelling study of food culture and colonialism Jeremy Rich explores how colonial rule intimately shaped African life and how African townspeople developed creative ways of coping with colonialism as European expansion threatened African self sufficiency From

colonization in the 1840s through independence Libreville struggled with problems of food scarcity resulting from the legacy of Atlantic slavery the violence of colonial conquest and the rise of the timber export industry Marriage disputes racial tensions and worker unrest often centered on food and townspeople employed varied tactics to combat its scarcity Ultimately imports emerged as the solution and have had a lasting impact on Gabon s culinary culture and economy Fascinating and informative *A Workman Is Worthy of His Meat* engages a new avenue of historical inquiry in examining the culture of food as part of the colonial experience and resonates with the questions of globalization dominating culinary economics today

**Missionary Women** Rhonda Anne Semple,2003 Under the influence of wise and devoted and spiritually minded colleagues She is a lady of much ability and intelligence the selection and training of candidates LMS work in North India the feeblest work in all of India Good temper and common sense are invaluable the Church of Scotland Eastern Himalayan Mission The work of the CIM at Chefoo faith filled generations Gender and the professionalization of Victorian society the mission example Conclusion fools for Christ *Women and Leadership* George R. Goethals,Crystal L. Hoyt,2016-12-30 *Women and Leadership* edited by George R Goethals and Crystal L Hoyt of the Jepson School of Leadership Studies at the University of Richmond is a compact collection of thoughtful essays by experts on leadership theory as well as women s history *Women and Leadership* has been designed to help students and citizens who want a more nuanced explanation of what we know about women as leaders and about how they have led in different fields in different parts of the world and in past centuries It includes twenty biographies of women leaders in many different domains not only politics but also education fashion sports and social and environmental movements **Island Queens and Mission Wives** Jennifer Thigpen,2014 Kamehameha s kingdom Soldiers and angels for God When worlds collide Gendered diplomacy Hawaiian heroines

**Gender, Social Change and Spiritual Power** Jane E. Soothill,2007-03-31 Charismatic Christianity is the most recent and fastest growing expression of Pentecostal religion in Sub Saharan Africa In Ghana s capital Accra the charismatic churches dominate the religious scene This book focuses on the gender discourses of Ghana s new churches and considers charismatic perspectives on womanhood manhood marriage and family life Offering a fresh perspective on the organisational structures of the charismatic churches this study looks at the leadership roles of female pastors and pastors wives and draws attention to the links between female leaders and spiritual power By highlighting the importance of spiritual power in interpreting gendered social change the book sheds new light on the socio cultural role of Ghana s new churches **Divine Domesticities** Hyaeweol Choi,Margaret Jolly,2014-10-29 *Divine Domesticities* Christian Paradoxes in Asia and the Pacific fills a huge lacuna in the scholarly literature on missionaries in Asia Pacific and is transnational history at its finest Co edited by two eminent scholars this multidisciplinary volume an outgrowth of several conferences seminars critically examines various encounters between western missionaries and indigenous women in the Pacific Asia Taken as a whole this is a thought provoking and an indispensable reference not only for students of colonialism imperialism but also for those of us

who have an interest in transnational and gender history in general The chapters are very clearly written engaging and remarkably accessible the stories are compelling and the research is thorough The illustrations are equally riveting and the bibliography is extremely useful Theodore Jun Yoo History Department University of Hawai i The editors of this collection of papers have done an excellent job of creating a coherent set of case studies that address the diverse impacts of missionaries and Christianity on domesticity and therefore on the women and children who were assumed to be the rightful inhabitants of that sphere The introduction to the volume is beautifully written and sets up the rest of the volume in a comprehensive way It explains the book s aim to advance theoretical and methodological issues by exploring the role of missionary encounters in the development of modern domesticities showing the agency of indigenous women in negotiating both change and continuity and providing a wide range of case studies to show breadth and complexity and the local and national specificities of engagements with both missionaries and modernity My view is that all three aims are well and truly fulfilled Helen Lee Head Sociology and Anthropology La Trobe University Melbourne

Women's Writing and Mission in the Nineteenth Century Angharad Eyre, 2022-11-30 Until now the missionary plot in Charlotte Brontë's *Jane Eyre* has been seen as marginal and anomalous Despite women missionaries being ubiquitous in the nineteenth century they appeared to be absent from nineteenth century literature As this book demonstrates though the female missionary character and narrative was in fact present in a range of writings from missionary newsletters and life writing to canonical Victorian literature New Woman fiction and women's college writing Nineteenth century women writers wove the tropes of the female missionary figure and plot into their domestic fiction and the female missionary themes of religious self sacrifice and heroism formed the subjectivity of these writers and their characters Offering an alternative narrative for the development of women writers and early feminism as well as a new reading of *Jane Eyre* this book adds to the debate about whether religious women in the nineteenth century could actually be radical and feminist
