

"GenderQueer is such an important early document of the intersections of trans, feminist, and queer communities at the turn of the last century—and a prescient forerunner of today's conversations about nonbinary identities. It's as timely today as it was when it first came out."

Susan Stryker, Executive Editor of TSQ: Transgender Studies Quarterly and author of *Transgender History: The Roots of Today's Revolution*.

Alexander, This manual prepared by the UUA s Office of Lesbian and Gay Concerns is designed to help interested congregations become more welcoming places for the gay lesbian and bisexual people in their midst and in the wider community P 1 [Freedom and Equality](#) Clare Chambers,2024-03-13 Should the state recognise gender Can a

liberal state discourage traditional family structures Is women's sport compatible with equality of opportunity Should feminists defend women's freedom to choose cosmetic surgery Is genital cutting always wrong or is it only wrong for girls Freedom and Equality investigates the contours of feminist liberalism a philosophical approach that is appealing but elusive Its hallmark is a liberalism that prioritises equality and individual autonomy while offering a rigorous critique of using individuals choices as the measure of justice Liberalism without feminism prioritises individual choice a strategy that has played a crucial role in the liberal defence of freedom against authoritarianism and conformity However as feminism shows relying on individual choice is insufficient to render an outcome just because people often choose things that harm or disadvantage themselves From beauty norms to the gendered division of labour from marriage to religion women and men choose to arrange their lives in ways that perpetuate inequality Often these choices are made in response to social norms including unjust unequal or harmful norms It follows that relying on individual choice as a measure of justice actually leaves unjust social structures intact Any defender of autonomy and equality must be prepared to criticise individuals choices while prioritising individual choosers The essays in this collection cover a wide range of issues fundamental to liberalism to feminism and to their intersection They explore the foundational philosophical concepts of choice equality of opportunity ideology and the state and they engage directly with key political controversies including women's sport the state recognition of gender the regulation of cosmetic and cultural surgeries and state action to secure equality in the family Clare Chambers argues that feminist liberalism is both possible and necessary It is possible because the two doctrines of feminism and liberalism are compatible their fundamental values of freedom and equality aligned But feminism is necessary because liberalism has shown that it is simply not up to the task of securing gender equality and women's liberation alone

**Queering Social Work Education** Susan Hillock, Nick J. Mulé, 2017-01-17 Until now there has been a systemic failure within social work education to address the unique experiences and concerns of LGBTQ individuals and communities Queering Social Work Education the first book of its kind in North America responds to the need for theoretically informed inclusive and sensitive approaches in the field This completely original collection of essays combines history and personal narratives with much needed analyses and recommendations It opens with chapters contextualizing LGBTQ history theory and issues It then offers first hand accounts of oppression resistance and celebration Finally it reflects on the current state of social work education and makes essential recommendations for improvement By equipping readers with a new awareness of and sensitivity to queer issues this book contributes positively to the future of social work education research policy and practice

**Human Rights, Sexual Orientation, and Gender Identity** Anne Hellum, 2018-04-19 How human rights principles like the right to gender identity freedom integrity and equality respond to the concerns of different groups of adults and children who experience gender harm due to the binary conception of sexuality and gender identity is the overall theme of this book The Yogyakarta Principles on the Application of International Human Rights Law in Relation to Sexual

Orientation and Gender Identity are analysed in the light of the dynamic jurisprudence of different human rights treaty bodies Whether and how the status quo of gender duality is reproduced in spite of international law's growing recognition of the multiplicity of sexualities and gender identities is discussed How transgender men in countries that permit legal gender change have been successfully prosecuted for gender fraud by female partners claiming to be unaware of their gender history is given attention While human rights discourse related to LGBTI persons so far has been moulded on the experiences of adults this book gives voice to the concerns of gender non conforming children The jurisprudence of the Child Rights Committee with focus on the complex social and legal issues faced by gender non conforming children is addressed Through narratives that give voice to these children's experiences the book demonstrates how the legal gender assigned at birth impacts on their feeling of recognition self confidence and self respect in the private social and legal spheres This book was previously published as a special issue of the Nordic Journal of Human Rights

**Sexual Intimacy and Gender Identity 'Fraud'** Alex Sharpe, 2018-02-02 This book is a legal and political intervention into a contemporary debate concerning the appropriateness of sexual offence prosecutions brought against young gender non conforming people for so called gender identity fraud It comes down squarely against prosecution To that end it offers a series of principled objections based both on liberal principles and arguments derived from queer and feminist theories Thus prosecution will be challenged as criminal law overreach and as a spectacular example of legal inconsistency but also as indicative of a failure to grasp the complexity of sexual desire and its disavowal In particular the book will think through the concepts of consent harm and deception and their legal application to these specific forms of intimacy In doing so it will reveal how cisnormativity frames the legal interpretation of each and how this serves to preclude more marginal perspectives Beyond law the book takes up the ethical challenge of the non disclosure of gender history Rather than dwelling on this omission it argues that we ought to focus on a cisgender demand to know as the proper object of ethical inquiry Finally and as an act of legal and ethical re imagination the book offers a queer counter judgment to R v McNally the only case involving a gender non conforming defendant so far to have come before the Court of Appeal

Gender and Sexual Diversity in U.S. Higher Education: Contexts and Opportunities for LGBTQ College Students Dafina-Lazarus Stewart, Kristen A. Renn, G. Blue Brazelton, 2015-12-29 Since 2005 research on identity development campus climate and policies transgender issues and institutional features such as type leadership and campus resources has broadened to encompass LGBTQ student engagement and success This volume includes this enlarged body of research on LGBTQ students taken in the context of widespread changes in public attitudes and public policies related to LGBTQ people integrating scholarship and student affairs practice Specific foci include transgender identity development understanding intersections of sexual orientation and gender identity with other salient identities such as faith religion spirituality race social class and ability and studies about LGBTQ students in special mission institutions for example Historically Black Colleges and Universities religiously affiliated institutions or women's colleges This is the 152nd volume of

this Jossey Bass higher education quarterly series An indispensable resource for vice presidents of student affairs deans of students student counselors and other student services professionals New Directions for Student Services offers guidelines and programs for aiding students in their total development emotional social physical and intellectual Development, Sexual Rights and Global Governance Amy Lind, 2010-01-04 This book addresses how sexual practices and identities are imagined and regulated through development discourses and within institutions of global governance The underlying premise of this volume is that the global development industry plays a central role in constructing people's sexual lives access to citizenship and struggles for livelihood Despite the industry's persistent insistence on viewing sexuality as basically outside the realm of economic modernization and anti poverty programs this volume brings to the fore heterosexual bias within macroeconomic and human rights development frameworks The work fills an important gap in understanding how people's intimate lives are governed through heteronormative policies which typically assume that the family is based on blood or property ties rather than on alternative forms of kinship By placing heteronormativity at the center of analysis this anthology thus provides a much needed discussion about the development industry's role in pathologizing sexual deviance yet also more recently in helping make visible a sexual rights agenda Providing insights valuable to a range of disciplines this book will be of particular interest to students and scholars of Development Studies Gender Studies and International Relations It will also be highly relevant to development practitioners and international human rights advocates The Open Access version of this book available at <http://www.taylorfrancis.com/books/e/9780203868348> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

**Encyclopedia of Sex and Sexuality** Heather L. Armstrong, 2021-03-01 Providing a comprehensive framework for the broad subject of human sexuality this two volume set offers a context of historical development scientific discovery and sociopolitical and sociocultural movements The broad topic of sex encompassing subjects as varied as sexuality sexual and gender identity abortion and such crimes as sexual assault is one of the most controversial in American society today This two volume encyclopedic set provides readers with more than 450 entries on the subject offering a comprehensive overview of major sexuality issues in American and global culture Themes that run throughout the volumes include sexual health and reproduction sexual identity and orientation sexual behaviors and expression the history of sex and sexology and sex and society Entries cover a breadth of subjects such as the major contributors to the field of sexology the biological psychological and cultural dimensions of sex and sexuality and how the modern day political climate and the government play a major role in determining attitudes and beliefs about sex Written in clear jargon free language this set is ideal for students as well as general readers

**New Intimacies, Old Desires** Oishik Sircar, Dipika Jain, 2017-06-21 In the last 15 years queer movements in many parts of the world have helped secure the rights of queer people These moments have been accompanied by the brutal rise of crony capitalism the violent consequences of the war on terror the hyper juridification of politics the financialization

managerialization of social movements and the medicalization of non heteronormative identities practices How do we critically read the celebratory global proliferation of queer rights in these neoliberal times This volume responds to the complicated moment in the history of queer struggles by analysing laws state policies and cultures of activism to show how new intimacies between queer sexuality and neoliberalism that celebrate modernity and the birth of the liberated sexual citizen are in fact reproducing the old colonial desire of civilizing the native By paying particular attention to the problematics of race religion and class this volume engages in a rigorous self reflexive critique of global queer politics and its engagements confrontations and negotiations with modernity and its investments in liberalism legalism and militarism with the objective of queering the ethics of our queer politics Published by Zubaan     Diversity in American Higher Education Lisa M. Stulberg, Sharon L. Weinberg, 2011 Diversity has been a focus of higher education policy law and scholarship for decades continually expanding to include not only race ethnicity and gender but also socioeconomic status sexual and political orientation and more However existing collections still tend to focus on a narrow definition of diversity in education or in relation to singular topics like access to higher education financial aid and affirmative action By contrast Diversity in American Higher Education captures in one volume the wide range of critical issues that comprise the current discourse on diversity on the college campus in its broadest sense This edited collection explores legal perspectives on diversity and affirmative action higher education s relationship to the deeper roots of K 12 equity and access policy politics and practice s effects on students faculty and staff Bringing together the leading experts on diversity in higher education scholarship Diversity in American Higher Education redefines the agenda for diversity as we know it today     Transgender Marxism Jules Joanne Gleeson, Elle O'Rourke, 2021-05-20 The first collection of its kind Transgender Marxism is a provocative and groundbreaking union of transgender studies and Marxist theory Exploring trans lives and movements the authors delve into the experience of surviving as transgender under capitalism They explore the pressures oppression and state persecution faced by trans people living in capitalist societies their tenuous positions in the workplace and the home and give a powerful response to right wing scaremongering against gender ideology Reflecting on the relations between gender and labour these essays reveal the structure of antagonisms faced by gender non conforming people within society Looking at the history of transgender movements Marxist interventions into developmental theory psychoanalysis and workplace ethnography the authors conclude that for trans liberation capitalism must be abolished
