Gene Kelly Anatomy Of A Dancer:

Gene Kelly Earl J. Hess, Pratibha A. Dabholkar, 2020-10-02 Whether as a curiosity or a beloved idol Gene Kelly 1912 1996 lives on in our cultural memory as a fantastic dancer in MGM musicals especially *Singin in the Rain* But dancing however extraordinary was only one of his many gifts This book for the first time offers a full picture of Gene Kelly as the Renaissance man he actually was dancer yes but also choreographer actor clown singer director teacher and mentor Kelly was star of radio and television as well as film avant garde as artist and auteur but also ahead of the curve in opening the world of dance to differences of race ethnicity and gender Gene Kelly *The Making of a Creative Legend* takes us from Kelly's youth in Depression era Pittsburgh through his years on Broadway and ascendance to stardom in Hollywood Authors Hess and Dabholkar pay particular attention to his work with the US Navy solo directing and lesser known but considerable accomplishments in television radio and on the stage in later years The book gives us a rare inside look at Kelly's relationships with dancing partners and peers from Leslie Caron Vera Ellen and Cyd Charisse to Fred Astaire and at his directorial collaboration with Stanley Donen and Vincent Minnelli and at his solo directing The authors show us significant but little examined facets of Kelly's character and career such as the political convictions that got him graylisted in Hollywood his passion for creating cine dance and serving as an ambassador of dance in America and his forging of links between dance civil rights and the common man Steeped in research and replete with photographs this career biography uniquely encompasses all phases of Gene Kelly's life and work and finally gives us a full portrait of this central figure in the history of the film musical during Hollywood's Golden Age *Muscles in the Movies* John D. Fair, David L.

Chapman, 2020-11-16 John Fair and David Chapman tell the story of how filmmakers use and manipulate the appearance and performances of muscular men and women to enhance the appeal of their productions The authors show how this practice deeply rooted in western epistemological traditions evolved from the art of photography through magic lantern and stage shows into the motion picture industry arguing that the sight of muscles in action induced a higher degree of viewer entertainment From Eugen Sandow to Dwayne The Rock Johnson muscular actors appear capable of performing the miraculous and with the aid of stuntmen and filming contrivances they do By such means muscles are used to perfect the art of illusion inherent in movie making from its earliest days *Communicating Marginalized Masculinities* Ronald L.

Jackson, Jamie E. Moshin, 2013 For years research concerning masculinities has explored the way that men have dominated exploited and dismantled societies asking how we might make sense of marginalized masculinities in the context of male privilege This volume asks not only how terms such as men and masculinity are socially defined and culturally instantiated but also how the media has constructed notions of masculinity that have kept minority masculinities on the margins Essays explore marginalized masculinities as communicated through film television and new media visiting representations and marginalized identity politics while also discussing the dangers and pitfalls of a media pedagogy that has taught audiences to

ignore sidestep and stereotype marginalized group realities While dominant portrayals of masculine versus feminine characters pervade numerous television and film examples this collection examines heterosexual and queer military and civilian as well as Black Japanese Indian White and Latino masculinities offering a variance in masculinities and confronting male privilege as represented on screen appealing to a range of disciplines and a wide scope of readers **The Oxford**

horizontally and three dimensionally across its entire landscape Not necessarily a best of compilation this book discusses the films that for one reason or another and not all of them good ones changed the trajectory of MGM and the film industry in general from the revolutionary use of Cinerama in 1962's *How the West Was Won* to Director Alfred Hitchcock's near extortion of the profits from the 1959 hit thriller *North by Northwest* And there are the studio's on screen self shoutouts to its own past or stars in films like *Party Girl* 1958 the *That's Entertainment* series *Garbo Talks* 1984 *Rain Man* 1955 and *De Lovely* 2004 or the studio's acquisition of other successful franchises such as *James Bond* But fear not what we consider MGM's classic films all get their due here often with a touch of irony or fascinating anecdote *Singin in the Rain* 1952 for example was in its day neither a financial blockbuster nor critically acclaimed but rather an excuse for the studio to reuse some old songs it already owned *The Wizard of Oz* 1939 cost almost as much to make as *Gone With the Wind* also 1939 and took ten years to recoup its costs But still the MGM mystique endures Like the popular Netflix series *The Movies that Made Us* this is a fascinating look behind the scenes of the greatest and at times notorious films ever made
