An Index to Printed Pedigrees Contained in County and Local Histories, the Heralds' Visitations Charles Bridger, 1969  
Here is a guide to printed British genealogies containing over 16 000 references to pedigrees in county histories compendia record and society publications heralds visitations etc down to the time the work was originally published 1867 The arrangement is by counties for England and thereunder alphabetically by family name for each title analyzed with special sections devoted to General Works Visitations etc The compiler has facilitated research still further by means of a complete index to all families which occupies nearly 100 pages and contains about 8 000 entries *Genealogy and American Local History in the Michigan State Library* Michigan State Library, 1915 **List of Works Relating to British Genealogy and Local History** New York Public Library, 1910 **An Index to Printed Pedigrees, Contained in County and Local Histories, the Herald's Visitations, and in the More Important Genealogical Collections (Classic Reprint)** Charles Bridger, 2017-11-23 Excerpt from *An Index to Printed Pedigrees Contained in County and Local Histories the Herald's Visitations and in the More Important Genealogical Collections* IN the autumn of 1863 I announced my intention to publish a volume on the Bibliography of Heraldry and Genealogy and in the following spring in Notes and Queries and in the Herald and Genealogist I promised to add to it an Index to the Pedigrees contained in the County Histories and other topographical works Partly in consequence of the extent of the materials I have collected for that work and partly on account of the production of a hastily prepared compilation of a similar nature to the present Index I have been compelled to postpone for a time the publication of the bibliographical manual and to issue my Index as a separate work In submitting it to the genealogical student I can only express a hope that the tri ing errors which may have escaped notice in over sixteen thousand references in duplicate will not militate against the general adoption of it as a guide to printed genealogies About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
