Sabin, 2021-11-05 In *General Crook and the Fighting Apaches* by Edwin L. Sabin the reader is taken on a gripping journey through the tumultuous relationship between General George Crook and the Apache tribes of the American Southwest. Sabin's detailed accounts and vivid descriptions bring to life the clashes, negotiations, and betrayals that defined this era of conflict. Written in a straightforward and engaging style, the book provides a valuable insight into the military tactics and cultural complexities of the time. Sabin's meticulous research and first-hand accounts from those involved make this book a must-read for history buffs and anyone interested in the American frontier. Author Edwin L. Sabin, a renowned historian and writer, draws on his extensive knowledge of the American West to craft a compelling narrative that sheds light on a lesser-known aspect of American history. His passion for storytelling and dedication to accuracy shine through in every page, making this book both educational and entertaining. I highly recommend *General Crook and the Fighting Apaches* to readers who enjoy well-researched historical accounts and compelling narratives. Sabin's expertise and engaging prose make this book a valuable addition to any history lover's library.

The Apache Wars Paul Andrew Hutton, 2017-05-02 In the tradition of *Empire of the Summer Moon*, a stunningly vivid historical account of the manhunt for Geronimo and the 25-year Apache struggle for their homeland. They called him Mickey Free. His kidnapping started the longest war in American history, and both sides, the Apaches and the white invaders, blamed him for it. A mixed-blood warrior who moved uneasily between the worlds of the Apaches and the American soldiers, he was never trusted by either but desperately needed by both. He was the only man Geronimo ever feared. He played a pivotal role in this long war for the desert Southwest from its beginning in 1861 until its end in 1890 with his pursuit of the renegade scout Apache Kid. In this sprawling monumental work, Paul Hutton unfolds over two decades of the last war for the West through the eyes of the men and women who lived it. This is Mickey Free's story, but also the story of his contemporaries: the great Apache leaders Mangas Coloradas, Cochise, and Victorio; the soldiers Kit Carson, O. O. Howard, George Crook, and Nelson Miles; the scouts and frontiersmen Al Sieber, Tom Horn, Tom Jeffords, and Texas John Slaughter; the great White Mountain scout Alchesay; and the Apache female warrior Lozen, the fierce Apache warrior Geronimo, and the Apache Kid. These lives shaped the violent history of the deserts and mountains of the Southwestern borderlands, a bleak and unforgiving world where a people would make a final bloody stand against an American war machine bent on their destruction.

On the Border with Crook John Gregory Bourke, 1891 A firsthand account of General George Crook's campaigns against the Indians by a member of his staff. **Lt. Charles Gatewood and His Apache Wars Memoir** Charles B. Gatewood, Louis Kraft, 2005-01-01 Realizing that he had more experience dealing with Native peoples than other lieutenants serving on the frontier, Gatewood decided to record his experiences. Although he died before he completed his project, the work he left behind remains an important firsthand account of his life as a commander of Apache scouts and as a military commandant of the White Mountain Indian Reservation.

Louis Kraft presents Gatewood's previously unpublished account punctuating it with an introduction additional text that fills in the gaps in Gatewood's narrative detailed notes and an epilogue BOOK JACKET

Hitler's Ostkrieg and the Indian Wars Edward B. Westermann, 2016-10-13 As he prepared to wage his war of annihilation on the Eastern Front Adolf Hitler repeatedly drew parallels between the Nazi quest for Lebensraum or living space in Eastern Europe and the United States's westward expansion under the banner of Manifest Destiny The peoples of Eastern Europe were he said his redskins and for his colonial fantasy of a German East he claimed a historical precedent in the United States's displacement and killing of the native population Edward B Westermann examines the validity and value of this claim in Hitler's Ostkrieg and the Indian Wars The book takes an empirical approach that highlights areas of similarity and continuity but also explores key distinctions and differences between these two national projects The westward march of American empire and the Nazi conquest of the East offer clear parallels not least that both cases fused a sense of national purpose with racial stereotypes that aided in the exclusion expropriation and killing of peoples Westermann evaluates the philosophies of Manifest Destiny and Lebensraum that justified both conquests the national and administrative policies that framed Nazi and U S governmental involvement in these efforts the military strategies that supported each nation's political goals and the role of massacre and atrocity in both processes Important differences emerge a goal of annihilation versus one of assimilation and acculturation a planned military campaign versus a confused strategy of pacification and punishment large scale atrocity as routine versus massacre as exception Comparative history at its best Westermann's assessment of these two national projects provides crucial insights into not only their rhetoric and pronouncements but also the application of policy and ideology on the ground His sophisticated and nuanced revelations of the similarities and dissimilarities between these two cases will inform further study of genocide as well as our understanding of the Nazi conquest of the East and the American conquest of the West
