

Chapter 5:

2.1 Explain how the principle of 1:1 marketing differs from traditional marketing. (2)

2.2 Discuss how engaging in one-to-one (1:1) marketing can benefit Nike? (4)

- The ability to track decisions by customers;
- The ability to know customers more deeply and satisfy their needs more adequately;

2.3 You are manager at Nike. Explain to a new employee the difference between the concepts one-to-one (1:1) marketing and mass marketing by highlighting three aspects of each concept. (6)

Mass marketing	1:1 marketing
Product managers seek to maximize the sales of their product, to as many customers as possible.	Customer managers seek to sell as many products as possible to one customer at a time.
Nike customers are sought on a continual basis.	Nike focuses on occasional customers in the market.
Commitment of people to the brand.	Formation of longer-lasting bonds. (This relies on the extent of the knowledge that the organization has about its customer – the more information an organization has, the better the quality of the relationship with the customer.)

2.4 As the manager of Nike you wish to implement personalization. To bring across what it entails, explain to the board of directors the difference between customization, mass customization and personalization. (3)
