Kabbalistic Visions Sanford L. Drob,2023-04-06 In 1944 C G Jung experienced a series of visions which he later described as the most tremendous things I have ever experienced Central to these visions was the mystic marriage as it appears in the Kabbalistic tradition and Jung s experience of himself as Rabbi Simon ben Jochai the presumed author of the sacred Kabbalistic text the Zohar Kabbalistic Visions explores Jung s 1944 Kabbalistic visions the impact of Jewish mysticism on Jungian psychology Jung s archetypal interpretation of Kabbalistic symbolism and his claim late in life that a Hasidic rabbi the Maggid of Mezhibezh anticipated his entire psychology This book places Jung s encounter with the Kabbalah in the context of the earlier visions and meditations of his Red Book his abiding interests in Gnosticism and alchemy and what many regard to be his Anti Semitism and flirtation with National Socialism Kabbalistic Visions is the first full length study of Jung and Jewish mysticism in any language and the first book to present a comprehensive Jungian archetypal interpretation of Kabbalistic symbolism *Messianic Mysticism* Isaiah Tishby,2008-04-01 Tishby s seminal study based largely on manuscripts he discovered shows Luzzatto as one of the most profound mystics in the history of Jewish culture John's Gospel and the Formula Behind the Myth of Jesus Greg O'Shea,2016-01-01 John s Gospel and the Formula behind the Myth of Jesus is about a set of ideas that largely dictated the form and content of John s Gospel and profoundly influenced the three Synoptic Gospels Far from the simple narrative it seems to be John s Gospel is a highly complex work geared to the depiction of Jesus as a type of cosmic figure To this end its author draws on astrology the annual cycle of Jewish festivals symbolism taken from the Qabalah and a section of Genesis The book examines clues that Qabalah and Hellenistic astrology were already in existence at the time of writing of Genesis John s Gospel and the Formula behind the Myth of Jesus also looks at evidence that the true nature of John s Gospel has been known for some time Sanctuary of the Divine Presence J. Zohara Meyerhoff Hieronimus,2012-03-26 Kabbalistic initiatory teachings for becoming a vessel for illumination prophecy and peace by creating an inner dwelling place for God s divine presence Reveals practices for self mastery and revelation based on the holy design of the first Hebrew Sanctuary the lives of the Hebrew Prophets and the Tree of Life Shows how the Tree of Life s ten sefirot correspond to the Torah s prophetic Ten Songs of Creation to alchemical ritual practices of fire water air and earth and to specific parts of the body emotions and aspects of the soul Many synagogues and churches including the First and Second Temples of the Hebrews follow an archetypal design first used in the Ohel Moed or Tent of Meeting and its sacred Tabernacle which housed the Ark of the Covenant and the Ten Commandments Drawing from a wealth of sources

including the Hebrew Bible the oral Mishnaic tradition of Judaism and 16th century Judaic texts Zohara Hieronimus explains how like the Ohel Moed we are designed to receive and reflect the divine qualities of the Creator Exploring the kabbalistic initiatory teachings within the Chassidic tradition of Judaism and the lives and writings of the Hebrew prophets she reveals how our physical and spiritual worlds are not separate but interdependent one affecting the other often in unexpected and sometimes miraculous ways Examining the ten part system of Kabbalah s Tree of Life as reflected in the holy design of the Hebrews first Sanctuary Hieronimus shows how the Tree of Life s ten sefirot correspond to the Torah s prophetic Ten Songs of Creation to alchemical ritual practices of fire water air and earth and to specific parts of the body emotions and aspects of the soul Starting from Malchut Kingdom at the bottom of the Tree of Life and ascending to Keter Crown at the top the author discusses related biblical and scholarly texts and traditional Hebrew practices and teachings that can lead to spiritual enlightenment illumination and peace allowing each of us to become a sanctuary for God s presence through self refinement ritual devotion and prayer as practiced since biblical times

Fault Lines of Modernity Kitty Millet,Dorothy Figueira,2018-09-20 This state of the art collection offers fresh perspectives on why intersections between literature religion and ethics can address the fault lines of modernity and are not necessarily the cause of modernity s faults From a diverse cohort of scholars from around the world with appointments in comparative literature and other disciplines the essays suggest that the imagined hegemony of a Judeo Christian Western project is neither exclusively true nor productive However the essays also suggest that elements of the Western religious traditions are important vectors for understanding modernity s complicated relationship to the past

Messianic Mystics Moshe Idel,2000-05-01 One of the world s leading scholars of Jewish thought examines the long tradition of Jewish messianism and mystical experience

The Culture Is I-God Divine39 Allah,2009-08-31 Knowledge of the truth is a wise man s cipher for you shall know the truth and the truth will make you free All the evidence points towards the facts that had the truth been taught in the schools of yesterday there would have not been a need for the great statement to be recorded in literature named after the son of man Yeheshua You shall know the truth and the truth shall set you free The Asiatic Blackmen women and children have undergone everything that could have been imposed upon them yet they retained their morals You may compare the acts of the lamb s wool hair woman of the US and abroad with the acts of the European blond woman of the US and abroad and thereby draw your own conclusion during the next 170 years of global economic and social revolution Thousands of blond women and sons will resort to suicide while undergoing the 170 years of economic and social revolution

Like Everyone Else but Different Morton Weinfeld,2018-03-21 Liberal democratic societies with diverse populations generally offer minorities two usually contradictory objectives the first is equal integration and participation the second is an opportunity within limits to retain their culture Yet Canadian Jews are successfully integrated into all domains of Canadian life while at the same time they also seem able to retain their distinct identities by blending traditional religious values and rituals with contemporary cultural

options Like Everyone Else but Different illustrates how Canadian Jews have created a space within Canada's multicultural environment that paradoxically overcomes the potential dangers of assimilation and diversity At the same time this comprehensive and data driven study documents and interprets new trends and challenges including rising rates of intermarriage newer progressive religious options finding equal space for women and LGBTQ Jews tensions between non Orthodox and Orthodox Jews and new forms of real and perceived anti-Semitism often related to Israel or Zionism on campus and elsewhere The striking feature of the Canadian Jewish community is its diversity While this diversity can lead to cases of internal conflict it also offers opportunities for adaptation and survival Seventeen years after its first publication this new edition of Like Everyone Else but Different provides definitive updates that blend research studies survey and census data newspaper accounts and articles and the author's personal observations and experiences to provide an informative provocative and fascinating account of Jewish life and multiculturalism in contemporary Canada *Acorns: Windows High-Tide Foghat* Joshua Morris,2013-01-23 *Acorns* delineates the future of humanity as a reunification of intellect with the Deep Self Having chosen to focus upon ego established securely by the time of Christ much more beta brain wave development will destroy our species and others which process has already begun We create our own realities through beliefs intents and desires and we were in and out of probabilities constantly Feelings follow beliefs not the other way around

Third Series* Library of Congress. Copyright Office,1974 The Emerald Modem Richard Leviton,2004-05-04 Twenty years ago in England author Richard Leviton discovered the planet Following quite specific guidance he began a long process that amounted to an apprenticeship My mentors dispatched me to various specific locations in the Somerset landscape and at all hours of the night and day I sat on hills and valleys and rocks under sunlight moonlight rain snow and fog and had visions I started to see another landscape behind the apparent landscape It was an apparitional landscape with stars planets galaxies angels spirits of Nature mythic deities divinity As time went on he found himself talking with angels visiting celestial cities and following gnomes He came to understand that at one level we are the planet and that both we and it have an intimate relationship with our galaxy I found myself living inside the myths of the world as if they were expert scripts for real life inner adventures I never once thought I was crazy Why should I Quite the opposite I believed I was finally getting grounded in something real But it would take me twenty years to make sense of it That sense is embodied in The Emerald Modem The Emerald Modem includes direct correspondences between human chakras and the Earth s energy features and the galactic originalstables listing locations of sacred sites around the planet where you may experience this relationshipexplanations of world myths which provide clues to

this unsuspected visionary world around us This is the first book to synthesize all the fragments of geomantic perception sacred sites energy points vertexes etc into a global interactive model that ties human consciousness directly to it Leviton describes 85 subtle features in the planetary landscape places you can go for mystical experiences They are features of the Earth s energy body almost all invisible to conventional sight But psychic cognition can be trained and you can usefully interact with any of these types of sites today without seeing what you re doing Your intent to interact for the benefit of yourself and the planet is all that s required Just as modems dial us into the Internet so the features of the Earth s energy body described in The Emerald Modem help us get online with the galaxy You can learn to visit Grail Castles experience a Mount Olympus or walk through the stars in a landscape zodiac and you can learn enough to become confident that you re not traveling alone
