## **General Retires And Other Stories With An Introduction:**

**The General Retires and Other Stories** Huy Thiệp Nguyễn, 1992 When it first appeared in 1987 the title story of this collection of stories by Nguyen Huy Thiep caused a sensation in Vietnam Not since the Communist revolution had readers found as stark and compelling a view of their world as *The General Retires* offered them Written in spare succinct prose it captures the despair of an old general who after many years of devoted service to his country is alienated by the emptiness of the society into which he retires and ultimately flees Nguyen probes similar themes in the stories that follow from *Cun* the moving tale of a crippled beggar to *A Drop of Blood* a dark history of a family set against decades of war and revolution With eight powerfully written stories all available in English for the first time and including an introduction by Greg Lockhart that traces the varied traditions of Vietnamese literature to the present day this collection offers unprecedented insight into a society trying to overcome and understand years of pain and civil strife *United States and Asia at War: A Cultural Approach* Philip West, Steven I. Levine, Jackie Hiltz, 2015-06-03 This text examines the Pacific War the Korean War and the Vietnam War from the perspective of those who fought the wars and lived through them The relationship between history and memory informs the book and each war is relocated in the historical and cultural experiences of Asian countries

**America's Wars in Asia** , Even though the cultural approach concerns itself with the local and the particular rather than with the abstract and universal it is inherently comparative Moreover it also relocates each war in the historical and cultural experiences of Asian countries themselves rather than seeing the war as merely a conflict between the United States and Asian nations *The Country of Memory* Hue-Tam Ho Tai, 2001-10 Hue Tam Ho Tai s masterful collection of essays that explore how the past is being remade in contemporary Vietnam constitutes a welcome addition to the study of the larger problem of engineering memory especially in political cultures where the identity of the nation state is in a considerable state of flux This book also suggests that the commemorative fever that is sweeping Vietnam is about more than Vietnam s history It also has a great deal to do with the problems premodern cultures presented to those who promoted the creation of contemporary states In this regard both Vietnam and this book offer all scholars of nationalism and remembering in the West a fascinating perspective on their own nations John Bodnar Chancellors Professor of History at Indiana University from the Foreword

**A Study Guide for Duong Thu Huong's "Paradise of the Blind"** Gale, Cengage Learning, 2016-06-29 A Study Guide for Duong Thu Huong s *Paradise of the Blind* excerpted from Gale s acclaimed *Novels for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Novels for Students* for all of your research needs **Old Challenges, New Strategies** Leng Leng Thang, Wei Hsin Yu, 2004-04-01 The essays in this volume explore women s working and family lives in contemporary East and Southeast Asia focusing on conflict between family and work roles structural obstacles in the workplace and the impact of state policies on women s well being It also discusses strategies that women

employ in response to structural constraints provided in the context This volume covers a particularly wide range of societies some of which were rarely studied in contemporary Asia By comparing these ten Asian economies that are at different stages of economic development the volume demonstrates the way in which gender relations transform in the course of development The book is particularly important for sociologists and anthropologists who are interested in gender and economic development

**House of Glass** Yao Souchou, 2003-08-01

**Of Vietnam** J. Winston, L. Chau-Pech, 2001-12-06 A rich space of criticism and document Of Vietnam moves contemporary figurings of Vietnam out of the nostalgic enclaves of the past and the stagnant places of a mythological present into the rich potential of our historical epoch This provocative book is the first to bring together works by photographers established and unpublished writers poets and artists from Vietnam and its diasporas and critical pieces by scholars of anthropology art history history and literary and cultural studies Focusing on issues of identity displacement language sexuality and class their contributions challenge and encourage readers to experience the multiplicity of experiences that make up the fabric of identity
