*God Pictures in Korean Contexts* Laurel Kendall,Jongsung Yang,Yul Soo Yoon,2015-09-30 Shamans walking on knives fairies riding on clouds kings with dragon mounts They are gods and they are paper images Some are repulsed and unsettled by shaman paintings some cannot stop collecting them and some use them as sites of veneration Laurel Kendall Jongsung Yang and Yul Soo Yoon explore what it is that makes a Korean shaman painting magical or sacred How does a picture carry the trace of a god and can it ever be just a painting again How have shaman paintings been revalued as art Do artfulness and magic ever intersect Does it matter as a matter of market value that the painting was once a sacred thing Navigating the journey shaman paintings make from painters studios to shaman shrines to private collections and museums the three authors deftly traverse the borderland between scholarly interests in the material dimension of religious practice and the circulation of art Illustrated with sixty images in color and black and white the book offers a new vantage point on the social life of things This is not a story of a collecting West and a disposing rest the primary collectors and commentators on Korean shaman paintings are South Koreans re imagining their own past in light of their own modernist sensibility It is a tale told with an awareness of both recent South Korean history and

the problematic question of how the paintings are understood by different South Korean actors most particularly the shamans and collectors who share a common language and sometimes meet face to face

**Bargain Basement War Heroes** Bernard F. Flynn,2015-05-11 A World War II Merchant Marine combat veteran does more than just rock the boat with this book This grandpa opens up a can of worms that should cause some squirming in high places past present or future 1 Kennedys assassination Oswald the State Department Congress and big name personalities are all featured and highlighted in Grandpas story within 2 Accusations of a criminal law that was enacted by the wartime Congress which removed every government benefit that the early volunteers for the Merchant Marine had and reclassified them as migrant workers 3 Why was there acceptance of the never ending scapegoating of these brave heroes which was nothing but pure self serving lies and distortions by the press broadcast media politicians and higher ups in the military 4 Read the absolute truth about the Merchant Marine that is related in this book You can make up your own mind about the wartime Merchant Marine Their wartime contribution to winning that war is incontrovertible Why was the report to President Truman at the end of the war kept a war secret and not made available until 2009 sixty five years later 5 Read the authors take on the wartime start up of his alma mater the United States Merchant Marine Academy at Kings Point New York which is now considered the hidden treasure of our federal academies 6 It is doubtful if any of our seamen especially our African American volunteers understood what really happened in the wartime Congress Those thousands of widows and children who lost all benefits should force a federal disclosure of the facts and the hope of this book is to put them all on full alert The disclaimer and speculation is clearly indicated in the early part of this book Read President Obamas response
