Jonathan Fenby,2003 Following his acclaimed studies of the state of modern France and how Hong Kong has changed since the 1997 handover Jonathan Fenby now turns his attention to one of the most interesting yet under reported figures of twentieth century history Chiang Kai shek was the man who lost China to the Communists As leader of the nationalist movement the Kuomintang Chiang established himself as head of the government in Nanking in 1928 Yet although he laid claim to power throughout the 1930s and was the only Chinese figure of sufficient stature to attend a conference with Churchill and Roosevelt during the Second World War his desire for unity was always thwarted by threats on two fronts Between them the Japanese and the Communists succeeded in undermining Chiang s power plays and after Hiroshima it was Mao Zedong who ended up victorious Brilliantly re creating pre Communist China in all its colour danger and complexity Jonathan Fenby s magisterial survey of this brave but unfulfilled life is destined to become the definitive account in the English language

A Protestant Church in Communist China John Craig William Keating,2012-02-16 Freedom of religious belief is guaranteed under the constitution of the People s Republic of China but the degree to which this freedom is able to be exercised remains a highly controversial issue Much scholarly attention has been given to persecuted underground groups such as Falun but one area that remains largely unexplored is the relationship between officially registered churches and the communist government This study investigates the history of one such official church Moore Memorial Church in Shanghai This church was founded by American Methodist missionaries By the time of the 1949 revolution it was the largest Protestant church in East Asia running seven day a week programs As a case study of one individual church operating from an historical rather than theological perspective this study examines the experience of people at this church against the backdrop of the turbulent politics of the Mao and Deng eras It asks and seeks to answer questions such as were the people at the church pleased to see the foreign missionaries leave Were people forced to sign the so called Christian manifesto Once the church doors were closed in 1966 did worshipers go underground Why was this particular church especially chosen to be the first re opened in Shanghai in 1979 What explanations are there for its phenomenal growth since then A considerable proportion of the data for this study is drawn from Chinese language sources including interviews personal correspondence statistics internal church documents and archives many of which have never previously been published or accessed by foreign researchers The main focus of this study is on the period from 1949 to 1989 a period in which the church experienced many ups and downs restrictions and limitations The Mao era in particular remains one of the least understood and seldom written about periods in the history of Christianity in China This study therefore makes a significant contribution to our evolving understanding of the delicate balancing act between compromise co operation and compliance that categorizes

church state relations in modern China **(En)Gendering Taiwan** Ya-chen Chen,2017-10-15 This book highlights the diversity and richness of non Mainland China and Taiwan oriented gender issues from a unique Taiwanese perspective in contrast to previous studies that have often placed Taiwanese gender issues under the huge umbrella of Mainland Chinese Communist Chinese or P R C women s and gender studies In a follow up dialogue to and with Liu s Karl s and Ko s *The Birth of Chinese Feminism* this book looks at the various metaphorical details of that birth and the different dimensions of Mainland Chinese versus Taiwanese feminism and gender issues Although Chinese heritage people share similar traditions different gender problems have occurred in and challenged various local conditions of Chinese speaking areas Taiwan s gender issues have reflected Taiwan s unique historical sociocultural economic political post colonial military and diplomatic backgrounds in ways unfamiliar to the many people with a Chinese background who are not Taiwanese This volume gives a historical outline of the people and events that paved the way for the rise of Taiwanese feminism and includes portraits of famous feminists gender issues in institutions and a variety of gender concerns *Fire and Fortitude* John C. McManus,2020-08-04 WINNER OF THE GILDER LEHRMAN PRIZE FOR MILITARY HISTORY An engrossing epic history of the US Army in the Pacific War from the acclaimed author of *The Dead and Those About to Die* This eloquent and powerful narrative is military history written the way it should be James M McPherson Pulitzer Prize winning historian Out here mention is seldom seen of the achievements of the Army ground troops wrote one officer in the fall of 1943 whereas the Marines are blown up to the skies Even today the Marines are celebrated as the victors of the Pacific a reflection of a well deserved reputation for valor Yet the majority of fighting and dying in the war against Japan was done not by Marines but by unsung Army soldiers John C McManus one of our most highly acclaimed historians of World War II takes readers from Pearl Harbor a rude awakening for a military woefully unprepared for war to Makin a sliver of coral reef where the Army was tested against the increasingly desperate Japanese In between were nearly two years of punishing combat as the Army transformed at times unsteadily from an undertrained garrison force into an unstoppable juggernaut and America evolved from an inward looking nation into a global superpower At the pinnacle of this richly told story are the generals Douglas MacArthur a military autocrat driven by his dysfunctional lust for fame and power Robert Eichelberger perhaps the greatest commander in the theater yet consigned to obscurity by MacArthur s jealousy Vinegar Joe Stillwell a prickly soldier miscast in a diplomat s role and Walter Krueger a German born officer who came to lead the largest American ground force in the Pacific Enriching the narrative are the voices of men otherwise lost to history the uncelebrated Army grunts who endured stifling temperatures apocalyptic tropical storms rampant malaria and other diseases as well as a fanatical enemy bent on total destruction This is an essential ambitious book the first of three volumes a compellingly written and boldly revisionist account of a war that reshaped the American military and the globe and continues to resonate today INCLUDES MAPS AND PHOTOS **Eros of International Relations** Chih-yu Shih,2021-11-10 *Eros of International Relations* Self Feminizing and

the Claiming of Postcolonial Chineseness is a distinctive work that explores the much neglected Chinese perspective in broader international relations theory Using the concept of self feminizing adoption of a feminine identity to oblige and achieve mutual caring as a relational strategy this book argues that postcolonial actors have employed gendered identities in order to survive the squeezing pressure of globalization and nationalism in their own ways Sovereign actors who have historically claimed to act on behalf of Chineseness have taken advantage of the images of femininity thrust upon them by transnational capitalism the media or intellectual thought Shih illustrates the feminist potential for emancipation through a range of empirical examples showing that women of various Chinese characteristics acting on behalf of their nation city and corporations reject the masculinization of their groups of belonging as remedy for inferiority or threat Carried out effectively Shih argues actors who self feminize have the potential to deconstruct the binaries of masculine competition and seek alternative strategies under the postcolonial global order Eros of International Relations is a welcome contribution that ties together revisionist yet friendly reflections on the current studies of postcolonialism international relations relational theory China studies cultural studies and feminism Chih yu Shih is one of the pioneers doing gender and international relations in China His critical renovation of postcolonial feminism demonstrates that self romanticization non solution and inconsistency are plausible strategies that help us transcend the boundaries internalized by hegemonic discourse Yingtao Li Beijing Foreign Studies University China Eros of International Relations develops the potent idea of self feminizing as a relational caring and emancipatory strategy employed by postcolonial actors in a globalized world This book is a fascinating reflection on feminist postcolonial and non Western international relations scholarship Arlene B Tickner Universidad del Rosario Colombia Drawing on postcolonial feminism Shih explores the power of self feminizing as a strategy in world politics which he illustrates with case studies from Chinese history A must read for students of international relations and China alike Pinar Bilgin Bilkent University Turkey

Facing West David R. Swartz, 2020 In 1974 nearly 3 000 evangelicals from 150 nations met at the Lausanne Congress on World Evangelization Amidst this cosmopolitan setting and in front of the most important white evangelical leaders of the United States members of the Latin American Theological Fraternity spoke out against the American Church Fiery speeches by Ecuadorian Ren Padilla and Peruvian Samuel Escobar revealed a global weariness with what they described as an American style of coldly efficient mission wedded to myopic right leaning politics Their bold critiques electrified Christians from around the world The dramatic growth of Christianity around the world in the last century has shifted the balance of power within the faith away from the traditional strongholds of Europe and the United States to the Global South To be sure Western missionaries have carried religion abroad but the line of influence has often run the other way David R Swartz demonstrates that evangelicals in the Global South spoke frankly to American evangelicals on matters of race imperialism theology sexuality and social justice From the left they have pushed for racial egalitarianism ecumenism and more substantial development efforts From the right they have advocated for a conservative sexual ethic

They forced American Christians to think more critically about their own assumptions The United States is just one node of a sprawling global network that includes Korea India Switzerland the Philippines Guatemala Uganda and Thailand Telling stories of the diverse array of evangelicals around the world Swartz shows that evangelical networks don't only extend outward but back home from the ends of the earth
